ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the U.S. Securities and Exchange Commission, or the SEC, using a “shelf” registration process. By using a shelf registration statement, we may sell securities from time to time and in one or more offerings up to a total dollar amount of \$40,000,000. In addition, the selling stockholders may, from time to time, sell up to 1,000,000 shares of Class A common stock from time to time in one or more offerings as described in this prospectus. Each time that we offer and sell securities, we will provide a prospectus supplement to this prospectus that contains specific information about the securities being offered and sold and the specific terms of that offering. A prospectus supplement may add, update or change information contained in this prospectus. We may also authorize one or more free writing prospectuses to be provided to you that may contain material information relating to any such offering. If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement, you should rely on the prospectus supplement. Before purchasing any securities, you should carefully read this prospectus, the applicable prospectus supplement and any related free writing prospectuses, together with the additional information described under the heading “Where You Can Find More Information.”

Neither we nor the selling stockholders have authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We and the selling stockholders will not make an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus and the applicable prospectus supplement to this prospectus is accurate as of the date on its respective cover, and that any information incorporated by reference is accurate only as of the date of the document incorporated by reference, unless we indicate otherwise. Our business, financial condition, results of operations and prospects may have changed since those dates.

The aggregate market value of our Class A common stock held by non-affiliates pursuant to General Instruction I.B.6 of Form S-3 is \$21.4 million, which was calculated based on 21,063,000 shares of our Class A common stock outstanding held by non-affiliates and at a price of \$1.69 per share, which was the last reported sale price of our Class A common stock on the NASDAQ Global Market on August 20, 2019. As of the date of this prospectus, we have not sold any common stock pursuant to General Instruction I.B.6 to Form S-3 during the prior 12 calendar month period that ends on and includes the date of this prospectus.

When we refer to “Salem Media Group,” “Salem Media,” “Salem,” “we,” “our,” “us” and the “Company” in this prospectus, we mean Salem Media Group, Inc. and its consolidated subsidiaries, unless otherwise specified.

THE COMPANY

Salem Media Group, Inc. is a domestic multi-media company specializing in Christian and Conservative content, with media properties comprising radio broadcasting, digital media, and book, magazine and newsletter publishing. Our content is intended for audiences interested in Christian and family-themed programming and conservative news talk.

We were incorporated in 1986 under the laws of the State of California and reincorporated in Delaware in 1999. Our principal executive offices are located at 4880 Santa Rosa Road, Camarillo, California 93012, and our telephone number is (805) 987-0400. We maintain a website at www.salemmedia.com. The information contained in or that can be accessed through our website is not a part of this prospectus.

RISK FACTORS

Investment in any securities offered pursuant to this prospectus and the applicable prospectus supplement involves risks. Before making an investment decision, you should carefully consider the risk factors below and other information set forth in any subsequent Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K that we file after the date of this prospectus, and all other information contained or incorporated by reference into this prospectus, as updated by our subsequent filings under the Securities Exchange Act of 1934, as amended, or the Exchange Act, as well as the risk factors and other information contained in the applicable prospectus supplement and any related free writing prospectuses that we have authorized for use in connection with a specific offering. Additional risks and uncertainties not presently known to us, or that we currently view as immaterial, may also impair our business. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities.

CERTAIN FACTORS AFFECTING SALEM

We may choose not to pursue potentially more profitable business opportunities outside of our Christian, conservative news talk and family-themed formats, or not to broadcast programming that violates our programming standards, either of which may adversely affect our business.

We are fundamentally committed to broadcasting, digital and publishing formats and programming emphasizing Christian values, conservative family themes and news. We may choose not to switch to other formats or pursue potentially more profitable business opportunities due to this commitment, which could result in lower operating revenues and profits than we might otherwise achieve. We also do not intend to pursue business opportunities or broadcast programming that would conflict with our core commitment to Christian and family-themed formats or that would violate our programming standards, even if such opportunities or programming would be more profitable. Our decision not to pursue other formats, business opportunities and/or broadcast programming that is inconsistent with our programming standards may have a material and adverse effect on our business.

A few controlling stockholders exercise control over most matters submitted to a stockholder vote who may have interests that differ from other security holders. Therefore, they may take actions that are not in the interests of other security holders.

As of June 30, 2019, Edward G. Atsinger III (Chief Executive Officer), Stuart W. Epperson (Chairman), Nancy A. Epperson (wife of Chairman), Edward C. Atsinger (son of Chief Executive Officer) and Stuart W. Epperson Jr. (son of Chairman) controlled approximately 83.1% in the aggregate of the voting power of our capital stock, including all of the outstanding shares of our Class B Common stock, each share of which is entitled to ten votes on matters subject to a stockholder vote. Thus, these five stockholders have the ability to control fundamental corporate transactions requiring stockholder approval, including but not limited to, the election of all of our directors, approval of merger transactions involving Salem and the sale of all or substantially all of Salem's assets. The interests of any of these controlling stockholders may differ from the interests of our other security holders in a material manner.

Future sales by Edward G. Atsinger III (Chief Executive Officer), Stuart W. Epperson (Chairman), Nancy A. Epperson (wife of Chairman), Edward C. Atsinger (son of Chief Executive Officer) and Stuart W. Epperson Jr. (son of Chairman) of our Class A common stock could adversely affect its market price.

Edward G. Atsinger III (Chief Executive Officer), Stuart W. Epperson (Chairman), Nancy A. Epperson (wife of Chairman), Edward C. Atsinger (son of Chief Executive Officer) and Stuart W. Epperson Jr. (son of Chairman) own approximately 38.1% of our Class A common stock. The market for our Class A common stock could change substantially if these individuals were to sell large amounts of shares of Class A common stock in the public market.

RISKS ASSOCIATED WITH BUSINESS OPERATIONS

KEY EMPLOYEES

Our business is dependent upon the performance of key employees, on-air talent and program hosts, as well as our ability to attract new employees.

Our business is dependent upon the performance and continued efforts of certain key individuals, including Edward G. Atsinger III, our Chief Executive Officer, and Stuart W. Epperson, our Chairman of the Board. Notwithstanding that, we have entered into employment agreements with such individuals, the loss of the services of such key individuals could adversely affect us. Further, Mr. Epperson has radio interests unrelated to our operations that will continue to impose demands on his time and Mr. Atsinger has an interest in an aviation business unrelated to our operations that will continue to impose demands on his time. Our success is highly dependent upon the retention of these and other key employees throughout our organization. In addition, we are dependent upon our ability to continue to attract new employees with key skills to support continued business growth.

We also employ or independently contract with several on-air personalities and hosts of syndicated radio programs with significant loyal audiences on both a national level and in their respective local markets. Several of our on-air personalities have a presence that extends beyond our radio platforms into other strategic areas. Although we have entered into long-term agreements with some of our executive officers, key on-air talent and program hosts to protect our interests in those relationships, we can give no assurance that all or any of these key employees will remain with us or will retain their audiences. Competition for these individuals is intense and many of our key employees are at-will employees who are under no legal obligation to remain with us. Our competitors may choose to extend offers to any of these individuals on terms that we may be unable or unwilling to meet. In addition, any or all of our key employees may decide to leave for a variety of personal or other reasons beyond our control. Furthermore, the popularity and audience loyalty of our key on-air talent and program hosts is highly sensitive to rapidly changing public tastes. A loss of such popularity or audience loyalty is beyond our control and could limit our ability to generate revenues.

If we fail to maintain strong relationships with our authors and other creative talent, as well as to develop relationships with new creative talent, our business and financial performance could be materially and adversely affected.

Our business, in particular book publishing and financial publications, is highly dependent on maintaining strong relationships with the authors and other creative talent who produce the products and services sold to our customers. Any overall weakening of these relationships, or the failure to develop successful new relationships, could have a material adverse impact on our business and financial performance.

FACTORS AFFECTING REVENUE AND AUDIENCE GROWTH

We face significant competition, which we expect will continue to intensify, and we may not be able to maintain or improve our competitive position or market share.

We operate in a highly competitive broadcast and media business. We compete for advertisers and customers with other radio broadcasters, as well as with other media sources including broadcast and cable television, newspapers and magazines, national and local digital services, outdoor advertising, direct mail, online marketing and media companies, social media platforms, web-based blogs, and mobile devices. We face intense competition from a wide range of competitors, including online marketing and media companies, integrated social media platforms and other specialist and enthusiast websites.

Our broadcast audience ratings and market shares are subject to change, and any change in a particular market could adversely affect the revenue of our stations located in that market. Salem Web Network competes for visitors and advertisers with other companies that deliver online audio programming and Christian and

Table of Contents

conservative Internet content as well as providers of general market Internet sites. Our book publishing business competes for readers with other book publishers, including those targeted specifically at Christian and conservative audiences. Our print magazines compete for readers and advertisers with other print publications including those that follow the Christian music industry and those that address themes of interest to church leadership and the Christian audience. Salem Author Services competes for authors with other self-publishers.

The level of competition that we face could make it more difficult for us to provide value to our consumers, our advertisers and our content creators. The perceived level of value could result in increased pricing pressure, reduced profit margins, increased sales and marketing expenses, decreased website traffic and failure to increase, or the loss of, market share, any of which would likely harm our business, revenue, financial condition and results of operations. We cannot assure you that we will be able to compete successfully against current or future competitors.

If we are unable to maintain or grow our advertising revenues, our business, financial condition and operating results may be adversely affected.

Our businesses are to varying degrees dependent upon advertising for their respective revenues. If we are unable to maintain and grow our advertising revenues, our business, financial condition and results of operations may be adversely affected.

We compete for advertising revenue with other commercial broadcasters, including faith-based and general format radio stations, and other media outlets such as broadcast and cable television, newspapers, print magazines, direct mail, billboard and numerous forms of digital advertising. Due to this significant competition, we may not be able to maintain or increase our current advertising revenue.

Advertising spending tends to decline disproportionately during an economic recession or downturn as compared to other types of business spending. Consequently, a downturn in the United States economy generally has an adverse effect on our advertising revenue and, therefore, our results of operations. Even in the absence of a general recession or downturn in the economy, an individual business sector (such as the automotive industry) that tends to spend more on advertising than other sectors might be forced to reduce its advertising expenditures if that sector experiences a downturn. If that sector's spending represents a significant portion of our advertising revenues, any reduction in its advertising expenditures may affect our ability to generate revenues.

We cannot assure you that our advertising revenue will not be volatile in the future or that such volatility will not have adversely affect our business, financial condition or results of operations.

Our business generates revenue from the sale of advertising, and the reduction in spending by or loss of advertisers could harm our business.

We derive a substantial part of our total revenues from the sale of advertising. For the years ended December 31, 2018 and 2017, 36.4% and 36.8% of our total broadcast revenues, respectively, were generated from the sale of broadcast advertising. We are particularly dependent on revenue from our Los Angeles and Dallas markets which generated 14.8% and 19.6% respectively, of our total of our total net broadcasting advertising revenue for the year ended December 31, 2018 and 15.4% and 19.3%, respectively, of our total of our total net broadcasting advertising revenue for the year ended December 31, 2017. If for any reason we experience a significant reduction in advertising sales, particularly in either of these markets, our business may be adversely affected.

Our advertising revenues in certain markets are ratings-sensitive and subject to decline based on ratings agency projections.

Nielsen uses its own technology to collect data for its ratings service. The Portable People Meter™ (“PPM”) is a small device that does not require active manipulation by the end user and is capable of automatically measuring

Table of Contents

radio, television, Internet, satellite radio and satellite television signals that are encoded for the service by the broadcaster. The PPM offers a number of advantages over the traditional diary ratings collection system including ease of use, more reliable ratings data and shorter time periods between when advertising runs and when audience listening or viewing habits can be reported. PPM data can fluctuate when changes are made to the “panel” (a group of individuals holding PPM devices) and in markets where we subscribe to Nielsen under the PPM, our ratings tend to fluctuate even when there are no significant programming or competitive changes in the market. As a result, all of our stations are susceptible to inconsistencies in ratings that may or may not accurately reflect the actual number of listeners at any given time, which, in turn, may adversely affect our advertising revenues in markets where such revenues are ratings-sensitive.

If we cannot attract the anticipated listener, programmer and advertiser base for our newly-acquired radio stations, we may not recoup associated operating costs or achieve profitability for these radio stations.

We frequently acquire radio stations that previously broadcasted in formats other than our primary formats. We continue to program some of these stations in non-primary formats and we re-program others to one of our primary formats. During, and for a period after, the conversion of a radio station’s format, the radio station typically generates operating losses. The magnitude and duration of these losses depend on a number of factors, including the promotional and marketing costs associated with attracting listeners and advertisers to our radio station’s new format and the success of these efforts. There is no guarantee that the operation of these newly-acquired stations or our operations in new formats will attract a sufficient listener and advertiser base. If we are not successful in attracting the listener and advertiser base we anticipate, we may not recoup associated operating costs or achieve profitability for these newly-acquired radio stations.

If we do not maintain or increase our block programming revenues, our business, financial condition and operating results may be adversely affected.

The financial success of each of our radio stations that feature Christian Teaching and Talk programming is significantly dependent upon our ability to generate revenue from the sale of block programming time to national and local religious and educational organizations. Block programming accounted for 41.9% of our net broadcast revenue for the year ended December 31, 2018 and 42.6% of our net broadcast revenue for the year ended December 31, 2017. We compete for this program revenue with a number of commercial and non-commercial radio stations. Due to the significant competition for this block programming, we may not be able to maintain or increase our current block programming revenue, in which case, our business, financial condition and results of operations may be adversely affected.

If we are unable to continue to drive and increase visitors to our owned and operated websites and to our customer websites and convert these visitors into repeat users and customers cost-effectively, our business, financial condition and results of operations could be adversely affected.

We attract traffic to our owned and operated websites by offering content that is highly specific and that we believe is relevant to our audiences. How successful we are in these efforts depends, in part, upon our continued ability to create and distribute high-quality, commercially valuable content in a cost-effective manner at scale that connects consumers with content that meets their specific interests and effectively enables them to share and interact with the content and supporting communities. We may not be able to create content in a cost-effective manner or that meets rapidly changing consumer demand in a timely manner, if at all. Any such failure to do so may adversely affect user and customer experiences and reduce traffic driven to our websites that could adversely affect our business, revenue, financial condition and results of operations.

Even if we succeed in driving traffic to our owned and operated websites and to our customer websites, neither we nor our advertisers and customers may be able to monetize this traffic or otherwise retain consumers. Our failure to do so could result in decreases in customers and related advertising revenue, which could adversely affect our business, financial condition and results of operations.

The use of “third party cookies” may be rejected by audiences, be restricted, or be subject to unfavorable regulation, which could adversely affect our business, financial condition and results of operations.

Cookies are small text files that are used to gather data to support our products. Cookies are placed on an internet user’s computer and correspond to certain data sets on our servers. Cookies collect anonymous information, such as when an internet user views an ad, clicks on an ad, or visits one of our customers’ websites.

Cookies may be deleted or blocked by internet users. Commonly used internet browsers allow users to modify their browser settings to prevent first party or third party cookies from being accepted by their browsers. Internet users can also delete cookies and/or download “ad blocking” software that prevents cookies from being stored on a user’s computer. If more internet users adopt these settings or delete their cookies more frequently than they currently do, our business could be harmed. The Safari browser currently blocks third party cookies by default, and other browsers may do so in the future. Unless such default settings in browsers are altered by internet users, we will be able to set fewer of our cookies in browsers, which could adversely affect our business. There have also been announcements that prominent advertising platforms plan to replace cookies with alternative web tracking technologies. These alternative mechanisms have not been described in technical detail, and have not been announced with any specific stated time line. It is possible that these companies may rely on proprietary algorithms or statistical methods to track web users without the deployment of cookies, or may utilize log-in credentials entered by users into other web properties owned by these companies, such as their digital email services, to track web usage without deploying third party cookies. Alternatively, such companies may build alternative and potentially proprietary user tracking methods into their widely-used web browsers.

If and to the extent that cookies are blocked and/or replaced by proprietary alternatives, our continued use of cookies may face negative consumer sentiment, reduce our market share, or otherwise place us at a competitive disadvantage. If cookies are replaced, in whole or in part, by proprietary alternatives, we may be obliged to license proprietary tracking mechanisms and data from companies that have developed them, which also compete with us as advertising networks, and we may not be able to obtain such licenses on economically favorable terms. If such proprietary web-tracking standards are owned by companies that compete with us, they may be unwilling to make that technology available to us.

If the methodologies of Internet search engines are modified, traffic to our websites and corresponding consumer origination volumes could decline.

We depend in part on various Internet search engines, including Google®, Bing®, and Yahoo!®, to direct a significant amount of traffic to our websites. Our ability to maintain the number of visitors directed to our websites through which we distribute our content by search engines is not entirely within our control. Changes in the methodologies used by search engines to display results could cause our websites to receive less favorable placements, which could reduce the number of unique visitors who link to our websites. Any reduction in the number of users directed to our websites could negatively affect our ability to earn revenue. If traffic on our websites declines, we may need to employ more costly resources to replace lost traffic, and such increased expense could adversely affect our business, financial condition and results of operations.

We may be unable to increase or maintain our digital advertising revenues, which could adversely affect our business, financial condition and results of operations.

We generate advertising revenue from the sale of digital display advertisements on our websites. Our ability to increase or maintain this advertising revenue is largely dependent upon the number of users actively visiting our websites. We also must increase user engagement with our advertisers in order to increase our advertising revenues. Additionally, digital advertising techniques are evolving, and if our technology and advertisement serving techniques do not evolve to meet the needs of advertisers, our advertising revenue could decline. Changes in our business model, advertising inventory or initiatives could also cause a decrease in our advertising revenue. Because digital media is a concentrated growth area for us, any decrease in revenues in these areas could adversely affect our business, financial condition and results of operations.

Table of Contents

Digital advertisements are reportedly becoming a means to distribute viruses over the Internet. If this practice continues, it could result in consumers becoming less inclined to click through digital advertisements, which could adversely affect the demand for digital advertising. Additionally, we do not have long-term agreements with most of our digital advertisers. Any termination, change or decrease in our advertising relationships could adversely affect our revenues and profitability. If we do not maintain or increase our advertising revenues, our business, results of operations and financial condition could be adversely affected.

Wireless devices and mobile phones are used to access the Internet, and our online marketing services may not be as effective when accessed through these devices, which could harm our business, financial condition and results of operations.

The number of people who access the Internet through devices other than personal computers has increased substantially in the last several years. Our websites were originally designed for persons accessing the Internet on a desktop or laptop computer. The smaller screens, lower resolution graphics and less convenient typing capabilities of wireless devices and mobile phones may make it more difficult for visitors to respond to our offerings. In addition, the cost of mobile advertising is relatively high and may not be cost-effective for our services. We must also ensure that our licensing arrangements with third-party content providers allow us to make this content available on these devices. If we cannot effectively make our content, products and services available on these devices, fewer consumers may access and use our content, products and services. In addition, if our services continue to be less effective or less economically attractive for customers seeking to engage in advertising through these devices and this segment of Internet traffic grows at the expense of traditional computer Internet access, we will experience difficulty attracting website visitors and attracting and retaining customers and our business, financial condition and results of operations will be harmed.

Concentration of book publication sales may make it difficult for us to compete effectively in the publication market.

The sale of printed book publications is concentrated in national, regional, and online bookstore chains. These bookstore chains account for a vast majority of book publishing revenues. Due to this concentration of book publication sales, it may be difficult for us to compete effectively in the market, which could adversely affect our publishing revenues and growth prospects of our publishing business.

Our financial results would suffer if we fail to successfully meet market needs with our publishing business.

The sale of books represents a substantial part of revenues for Regnery Publishing. If we are unable to successfully develop and execute promotional strategies for new books that respond to customer trends, including trends related to demand for eBooks, or other technological changes, Regnery Publishing and Salem as a whole may suffer accordingly.

Our financial results would suffer if costs to produce our publications increase.

Paper and postage prices are difficult to predict and control. Paper is a commodity and its price can be subject to significant volatility. All of our paper supply contracts currently provide for price adjustments based on prevailing market prices; however, we historically have been able to realize favorable paper pricing through volume discounts. We cannot predict with certainty the magnitude of future price changes for paper and postage. Further, we may not be able to pass such increases on to our customers.

Our revenues and net operating income may not be sufficient to utilize deferred tax assets that could offset future taxable income.

As of December 31, 2018, we had deferred tax assets of \$55.6 million, net of valuation allowances of \$5.4 million. We expect to utilize these deferred tax assets to reduce consolidated income tax liabilities over

Table of Contents

future periods. However, we may not be able to fully utilize these deferred tax assets if future taxable income and related income tax liabilities are insufficient to allow their use. We may be required to record a larger valuation allowance against these deferred tax assets if we believe that we are unable to utilize them, which would adversely affect our results of operations and financial position.

REPUTATION

Damage to our reputation could damage our businesses and our relationship with advertisers, block programmers and our audience.

Maintaining a positive reputation is critical to our ability to attract and maintain relationships with advertisers, block programmers and our audience. As a company that focuses on, among other things, Christian and family-themed content, in particular, damage to our reputation could therefore cause significant harm to our business and prospects. Harm to our reputation can arise from numerous sources, including, among others, employee misconduct, harm to the reputation of our national on-air hosts, litigation or regulatory action, failure to deliver minimum standards of service and quality, compliance failures and unethical behavior. Negative publicity regarding us, whether or not true, may also result in harm to our business prospects. Any damage to our reputation could harm our ability to attract and retain advertisers, customers and content creators, which could materially and adversely affect our financial condition and results of operations.

ECONOMIC CONDITIONS

We may be adversely affected by deteriorating economic conditions.

The risks associated with our businesses become more acute in periods of a slowing economy or recession, which are often accompanied by a decrease in advertising. A decline in the level of business activity of our advertisers could have an adverse effect on our revenues and profit margins. During economic slowdowns in the United States, many advertisers have reduced their advertising expenditures. While the precise impact of economic slowdowns on our business is difficult to predict, our exposure to several risks increases with a slowing economy or a recession, including but not limited to:

- Increasing pressure to sell advertising and block programming time at discounted rates;
- Increases in the length of time to collect receivables and higher risks that accounts become uncollectible as our customers face tight credit markets;
- Reductions in donations to ministries, which could negatively impact their ability to purchase and pay for block programming time;
- We may be unable to find suitable replacements for ministries which can no longer purchase and pay for block programming;
- Limitations on our ability to obtain additional financing to fund working capital, capital expenditures, acquisitions and other corporate requirements;
- Limitations on our ability to pursue projects that could have been economically beneficial; and
- Impairment losses on the value of our indefinite-lived intangible assets including broadcast licenses, goodwill, and mastheads and impairment losses on other long-lived assets.

Our results of operations could be negatively impacted by weak economic conditions of an individual business sector.

A recession or downturn in the economy of any individual business sector could have a significant effect on us. An individual business sector (such as the automotive industry) that tends to spend more on advertising than other sectors, might be forced to maintain a reduced level of advertising expenditures for several years after

Table of Contents

economic recovery has been in progress. If that sector experiences a slower recovery than the economy in general, that sector may reduce its advertising expenditures further if additional downturns occur. If that sector's spending represents a significant portion of our advertising revenues, any reduction in its advertising expenditures may negatively impact our results of operations.

We are exposed to credit risk on our trade accounts receivable. This risk is heightened during periods of uncertain economic conditions.

Amounts due to us under trade accounts receivable are not covered by collateral or credit insurance. While we have procedures to monitor and limit exposure to credit risk on our receivables, which risk is heightened during periods of uncertain economic conditions, there can be no assurance such procedures will effectively limit our credit risk and enable us to avoid losses, which could have could adversely affect our financial condition and results of operations.

POTENTIAL LEGAL LIABILITIES

As a creator and a distributor of multimedia content, we face potential liability and expenses for legal claims based on the nature and content of the materials that we create and/or distribute, or that are accessible via our owned and operated websites and our network of customer websites. If we are required to pay damages or expenses in connection with these legal claims, our business, financial condition and results of operations may be harmed.

We rely on the work product of various content creators, both employees and non-employees, to produce original programs, articles and content for our radio programs, websites and print publications. We face potential liability based on a variety of theories, including defamation, negligence, unlawful practice of a licensed profession, copyright, trademark infringement, or other legal theories based on the nature, creation or distribution of this information, and under various laws, including the Lanham Act and the Copyright Act of 1976 (the "Copyright Act"). We may also be exposed to similar liability in connection with content that we do not create but that is posted to our owned and operated websites and to our network of customer websites by users and other third parties through forums, comments, personas and other social media features. In addition, it is also possible that visitors to our owned and operated websites and to our network of customer websites could make claims against us for losses incurred in reliance upon information provided on our owned and operated websites or our network of customer websites. These claims, whether brought in the United States or abroad, could divert management time and attention away from our business and result in significant costs to investigate and defend, regardless of the merit of these claims. If we become subject to these or similar types of claims and are not successful in our defense, we may be forced to pay substantial damages. While we run our content through a rigorous quality control process, including an automated plagiarism program, there is no guarantee that we will avoid future liability and potential expenses for legal claims based on the content of the materials that we create or distribute. Should the content distributed through our owned and operated websites and our network of customer websites violate the intellectual property rights of others or otherwise give rise to claims against us, we could be subject to substantial liability, which could negatively impact our business, financial condition and results of operations.

We could face liability for the information we publish in our financial newsletters, including information based on data we obtain from other parties.

We may be subject to claims for securities law violations, defamation (including libel and slander), negligence, or other claims relating to the information we publish in our financial newsletters. While we strive to minimize such risks, it is possible that we could be subject to investigations and potential enforcement actions by the SEC or civil liability for securities fraud to subscribers who invest on the basis of information provided in our financial newsletters and related materials or by the independent financial commentators who provide newsletter content. For example, subscribers may take legal action against us if they rely on published information or market analysis that contains an error or on market strategies that do not perform as described. Additionally, a

company may claim that we have made a defamatory statement about it, its employees or its financial position. The authors of our newsletters also rely on a variety of outside parties as sources for some of the information we use in our published data. These sources include securities exchanges, fund companies, hedge funds, transfer agents, and other data providers. Accordingly, in addition to possible exposure for publishing incorrect information that results directly from our own errors, we could face liability based on inaccurate data provided to us by others or based upon the actions of the authors. Defending civil claims or being subject to SEC investigations or enforcement actions based on the information we publish in our financial newsletters could be expensive and time-consuming and could adversely impact our business, operating results, and financial condition.

TECHNOLOGICAL ADVANCES

We must respond to the rapid changes in technology, services and standards of our industry in order to remain competitive.

The media industry is subject to rapid technological change, evolving industry standards and the emergence of competition from new media technologies and services. We cannot assure you that we will have the resources to acquire new technologies or to introduce new services that could compete with these new technologies. Various new media technologies and services are currently being developed or introduced, including but not limited to:

- Satellite-delivered digital audio radio service, which has resulted in the introduction of new subscriber-based satellite radio services with numerous niche formats;
- Audio programming by cable systems, direct-broadcast satellite systems, personal communications systems, content available over the Internet and other digital audio broadcast formats;
- In-band on-channel digital radio, which provides multi-channel, multi-format digital radio services in the same bandwidth currently occupied by traditional AM and FM radio services;
- Low-power FM radio, which could result in additional FM radio broadcast outlets including additional low-power FM radio signals authorized in December 2010 under the Local Community Radio Act;
- High Definition (“HD”) radio;
- Internet radio and other audio content offerings such as Pandora and iHeart Radio; and
- Personal digital audio devices (e.g. audio via WiFi, mobile phones, WiMAX, etc.) or other emerging next-generation networks and technologies.

We currently program one channel on SiriusXM. We also offer podcasts and downloads of portions of our programming; however, we cannot assure you that this arrangement will be successful or enable us to adapt effectively to these new media technologies. We cannot predict the effect, if any, that competition arising from new technologies or regulatory change(s) may have on the radio broadcast industry or on our financial condition and results of operations.

New technologies may increase competition with our broadcasting and printing operations.

Our broadcasting and printing businesses face increasing competition from new technologies, such as broadband wireless, satellite radio and audio broadcasting by cable television systems, as well as new customer products, such as portable digital audio players and smart mobile phones. These new technologies and alternative media platforms compete with our radio stations for audience share and advertising revenues. The FCC also has approved new technologies for use in the radio broadcasting industry, including the terrestrial delivery of digital audio broadcasting, which significantly enhances the sound quality of radio broadcasts. We are unable to predict the effect that such technologies and related services and products will have on our broadcasting operations, but the capital expenditures necessary to implement such technologies could be substantial. We cannot assure you that we will continue to have the resources to acquire new technologies or to introduce new services to compete with other new technologies or services, and other companies employing such new technologies or services could increase competition with our businesses.

Table of Contents

Our printing business also faces increasing competition from the Internet, eBook reader devices, tablets and other new technologies. These new technologies and alternative media platforms compete with our printed books and magazines for audience share and advertising revenues. We must continue to expand our publishing businesses from traditional publishers to new digital technologies. We may make significant investments in new products and services that may not be profitable, or whose profitability may be significantly lower than we have experienced. Success and continued growth depends greatly on developing new products and the means to deliver them in an environment of rapid technological change.

We must respond to changes in consumer behavior as a result of new technologies in order to remain competitive.

Technology, particularly digital technology used in the entertainment industry, continues to evolve rapidly, leading to alternative methods for the delivery and storage of digital content. These technological advancements have driven changes in consumer behavior and have empowered consumers to seek more control over when, where and how they consume digital content. Content owners are increasingly delivering their content directly to consumers over the Internet, often without charge, and innovations in distribution platforms have enabled consumers to view such Internet-delivered content on televisions and portable devices. There is a risk that our responses to these changes and strategies to remain competitive, including distribution of our content on a “pay” basis, may not be adopted by consumers. In publishing, the trend toward digital media may drive down the price consumers are willing to spend on our products disproportionately to the costs associated with generating literary content. Our failure to protect and exploit the value of our content, while responding to and developing new technology and business models to take advantage of advancements in technology and the latest consumer preferences, could have a adversely affect our business, financial condition and results of operations.

INFORMATION TECHNOLOGY, CYBERSECURITY AND OTHER EVENTS

The interruption or failure of our information technology and communications systems, or those of third parties that we rely upon, may adversely affect our business, financial condition, and results of operations.

The availability of our products and services depends on the continuing operation of our information technology and communications systems. Any damage to or failure of our systems, or those of third parties that we rely upon (e.g. co-location providers for data servers, storage devices, and network access) could result in interruptions in our service, which could reduce our revenue and profits. Our systems are also vulnerable to damage or interruption from earthquakes, terrorist attacks, floods, fires, power loss, telecommunications failures, computer viruses or other attempts to harm our systems.

Furthermore, third-party service providers may experience an interruption in operations or cease operations for any reason. If we are unable to agree on satisfactory terms for continued data center hosting relationships, we would be forced to enter into a relationship with other service providers or assume hosting responsibilities ourselves. If we are forced to switch hosting facilities, we may not be successful in finding an alternative service provider on acceptable terms or in hosting the computer servers ourselves. We may also be limited in our remedies against these providers in the event of a failure of service. We also rely on third-party providers for components of our technology platform, such as hardware and software providers. A failure or limitation of service or available capacity by any of these third-party providers may adversely affect our business, financial condition and results of operations.

Our broadcasts often rely on content owned by third parties; obtaining such content could be costly and require us to enter into disadvantageous license or royalty arrangements.

We rely heavily upon content and software owned by third parties in order to provide programming for our broadcasts. The cost of obtaining all necessary licenses and permission to use this third-party content and software continues to increase. Although we attempt to avoid infringing known proprietary rights of third parties

Table of Contents

in our broadcasting efforts, we expect that we may be subject to legal proceedings and claims for alleged infringement from time to time in the ordinary course of business. Any claims relating to the infringement of third-party proprietary rights, even if not meritorious, could result in costly litigation, divert management's attention and resources, or require us to enter into royalty or license agreements which are not advantageous to us. In addition, parties making claims may be able to obtain an injunction, which could prevent us from broadcasting all or certain portions of individual radio broadcasts containing content owned by third parties. We also rely on software that we license from third parties, including software that is integrated with internally developed software and used to perform key broadcasting and accounting functions. We could lose the right to use this software or it could be made available to us only on commercially unreasonable terms. Although we believe that alternative software is available from other third-party suppliers or internal developments, the loss of or inability to maintain any of these software licenses or the inability of the third parties to enhance in a timely and cost-effective manner their products in response to changing customer needs, industry standards or technological developments could result in limitations or delays in broadcasting or accounting for programming by us until equivalent software can be developed internally or identified, licensed and integrated, which would harm our business.

We may have difficulty scaling and adapting our existing technology and network infrastructure to accommodate increased traffic and technology advances or changing business requirements, which could lead to the loss of current and potential customers and advertisers, and cause us to incur expenses to make architectural changes.

To be successful, our network infrastructure has to perform well and be reliable. The greater the user traffic and the greater the complexity of our products and services, the more computing power we will need. In the future, we may spend substantial amounts to purchase or lease data centers and equipment, upgrade our technology and network infrastructure to handle increased traffic on our owned and operated websites and roll out new products and services. This expansion could be expensive and complex and could result in inefficiencies or operational failures. If we do not implement this expansion successfully, or if we experience inefficiencies and operational failures during its implementation, the quality of our products and services and our users' experience could decline. This could damage our reputation and lead us to lose current and potential customers and advertisers. The costs associated with these adjustments to our architecture could harm our operating results. Cost increases, loss of traffic or failure to accommodate new technologies or changing business requirements could harm our business, financial condition and results of operations.

Cybersecurity and privacy breaches may hurt our business, damage our reputation, increase our costs, and cause losses.

We use technology in substantially all aspects of our business operations. Our information technology systems could be subject to invasion, cyber-attack, or data privacy breaches by employees, others with authorized access, and unauthorized persons. Such attacks could result in disruption to our operations, loss or disclosure of, or damage to, our or any of our customer's or vendor's data or confidential information. Security measures may also be breached due to employee error, malfeasance, or otherwise. Additionally, outside parties may attempt to fraudulently induce employees, customers or vendors to disclose sensitive information in order to gain access to our data and information technology systems. Any breach could result in significant legal and financial exposure, including damage to our reputation that may affect customer or investor confidence, loss of competitive advantage, a loss of confidence in the security of our information technology systems that could potentially impact our operations, lost revenues resulting from unauthorized use of proprietary information or the failure to retain or attract customers following an attack, and increased cybersecurity protection costs that may include organizational changes, deploying additional personnel and protection technologies, training employees, and engaging third party experts and consultants.

We have preventive systems and processes in place to protect against the risk of cyber incidents. However, the techniques used to obtain unauthorized access and to disable, degrade, or sabotage our information technology

Table of Contents

systems and websites change frequently and may be difficult to detect for long periods of time. There can be no assurance that we, or the security systems we implement, will protect against all of these rapidly changing techniques. We may be unable to anticipate these techniques or to implement adequate preventive measures. We may incur substantial costs to prevent cyber incidents.

Third parties that provide services for our operations could also be a source of security risk in the event of a failure of their own security systems and infrastructure. In addition, sophisticated hardware and operating system software and applications that are procured from third parties may contain defects in design or manufacture, including “bugs” and other problems that could unexpectedly interfere with the operation of our information technology systems.

Although we have developed systems and processes designed to protect information and prevent data loss and other security breaches, including systems and processes designed to reduce the impact of a security breach, such measures cannot provide absolute security. Breaches, whether successful or unsuccessful, could result in the incurrence of costs related to rebuilding internal systems, defending against litigation, responding to regulatory inquiries or actions, paying damages, and other remediation costs. Remediation costs may include liability for stolen assets or information and incentives to customers or business partners in an effort to maintain the business relationships after an attack.

Global privacy legislation, enforcement, and policy activity are rapidly expanding and creating a complex compliance environment. Our failure to comply with federal, state, or international privacy related or data protection laws and regulations could result in proceedings against us by governmental entities or others. Although we have insurance coverage protecting against cybersecurity risks, it may not be sufficient to cover all possible claims and losses that could have a material adverse effect on our business. Additionally, the nature and extent any future cybersecurity claims may increase our insurance premiums, which could also adversely affect our business.

Our business may be adversely affected by malicious applications that interfere with, or exploit security flaws in, our Internet websites and online services.

Our business may be adversely affected by malicious applications that make changes to our users’ computers and interfere with their experience with our websites. These applications may attempt to change our users’ Internet experience, including hijacking queries to our website, altering or replacing search results or otherwise interfering with our ability to connect with our users. The interference often occurs without disclosure or consent, resulting in a negative experience that users may associate with us. These applications may be difficult or impossible to uninstall or disable, may reinstall themselves and may circumvent other applications’ efforts to block or remove them. The ability to reach users and provide them with a superior experience is critical to our success. If our efforts to combat these malicious applications are unsuccessful, our reputation may be harmed and user traffic could decline, which would damage our business.

Privacy protection is increasingly demanding, and we may be exposed to risks and costs associated with security breaches, data loss, credit card fraud and identity theft that could cause us to incur unexpected expenses and loss of revenue as well as other risks.

The protection of customer, employee, vendor, and other business data is critical to us. Federal, state, provincial and international laws and regulations govern the collection, retention, sharing and security of data that we receive from and about our employees, customers, vendors and franchisees. The regulatory environment surrounding information security and privacy has been increasingly demanding in recent years, and we may see the imposition of new and additional requirements by states and the federal government as well as foreign jurisdictions in which we do business. Compliance with these requirements may result in cost increases due to necessary systems changes and the development of new processes to meet these requirements. In addition, customers have a high expectation that we will adequately protect their personal information. If we or our service

Table of Contents

providers fail to comply with these laws and regulations or experience a significant breach of customer, employee, vendor, franchisee or other company data, our reputation could be damaged and result in an increase in service charges, suspension of service, lost sales, fines or lawsuits.

The use of credit card payment systems makes us more susceptible to a risk of loss in connection with these issues, particularly with respect to an external security breach of customer information that we or third parties (including those with whom we have strategic alliances) under arrangements with us control. Significant portions of our sales require the collection of certain customer data, such as credit card information. In order for our sales channel to function, we and other parties involved in processing customer transactions must be able to transmit confidential information, including credit card information, securely over public networks. In the event of a security breach, theft, leakage, accidental release or other illegal activity with respect to employee, customer, or vendor with whom we have strategic alliances or other company data, we could become subject to various claims, including those arising out of thefts and fraudulent transactions, and may also result in the suspension of credit card services. This could cause consumers to lose confidence in our security measures, harm our reputation as well as divert management attention and expose us to potentially unreserved claims and litigation. Any loss in connection with these types of claims could be substantial. In addition, if our electronic payment systems are damaged or cease to function properly, we may have to make significant investments to fix or replace them, and we may suffer interruptions in our operations in the interim. In addition, we are reliant on these systems, not only to protect the security of the information stored, but also to appropriately track and record data. Any failures or inadequacies in these systems could expose us to significant unreserved losses, which could materially and adversely affect our business, financial condition and results of operations. Our brand reputation would likely be damaged as well.

Our business is subject to the risks of earthquakes, fires, floods, climate change and other natural catastrophic events and to interruption by man-made problems such as computer viruses or terrorism.

Our systems and operations are vulnerable to damage or interruption from earthquakes, fires, floods, power losses, telecommunications failures, terrorist attacks, acts of war, human errors, break-ins or similar events. A significant natural disaster, such as an earthquake, fire or flood, could adversely affect our business, financial condition and results of operations. Our insurance coverage may be insufficient to compensate us for losses that may occur. Our principal executive offices are located in Southern California, a region known for seismic activity. In addition, acts of terrorism could also cause disruptions in our business or the economy as a whole. We rely heavily on servers, computers, communications systems and the Internet to conduct our business and provide high quality service to our listeners. Our servers may be vulnerable to cybersecurity risks such as computer viruses and break-ins. Disruptions in these services could negatively impact our ability to run our business, result in the loss of existing or potential listeners, the loss of existing or potential advertisers and increase maintenance costs, each of which could adversely affect our business, financial condition and results of operations. To date, we have not experienced significant disruptions in running our business due to catastrophic events, climate change, earthquakes, computer viruses or terrorism. Although we did not incur significant disruptions to our operations, our Houston market was impacted by Hurricane Harvey and our Tampa and Orlando markets were impacted by Hurricane Irma in 2017.

ACQUISITIONS AND CAPITAL INVESTMENTS

We may be unable to integrate the operations and management of acquired stations or businesses, which could adversely affect our business and operating results.

Acquisitions may have a substantial impact on our revenues, costs, cash flows, and financial position. We spent \$11.2 and \$4.0 million on acquisitions during the years ended December 31, 2018 and 2017, respectively. We expect to make additional acquisitions of radio stations, FM transmitters, digital businesses and publishing businesses. Acquisitions involve risks and uncertainties, including difficulties in integrating acquired operations and in realizing expected opportunities; diversions of management resources and loss of key employees;

Table of Contents

challenges with respect to operating new businesses; debt incurred in financing such acquisitions; and other unanticipated problems and liabilities. There can be no assurance that we will be able to successfully integrate the operations or management of acquired radio stations and businesses and realize anticipated revenue synergies, or the operations or management of stations and businesses that may be acquired in the future.

Continued acquisitions will require us to manage a larger and likely more geographically diverse region of radio stations, digital portfolios and publishing portfolios than historically has been the case. Our inability to integrate and manage newly-acquired radio stations, digital businesses or publishing entities successfully could adversely affect our business and operating results.

If we are unable to execute our acquisition strategy successfully, our business may not continue to grow.

We intend to continue to selectively acquire radio stations, FM translators, digital media entities and publishing businesses. With respect to the acquisition of radio stations, our acquisition strategy has been, and will continue to focus primarily on, the acquisition of stations in the top fifty (50) markets. However, we may not be able to identify and consummate future acquisitions successfully, and stations that we do acquire may not increase our station operating income or yield other anticipated benefits. Acquisitions in markets in which we already own stations may not increase our station operating income due to saturation of audience demand. Acquisitions in smaller markets may have less potential to increase operating revenues. With respect to our acquisition strategy of digital and publishing businesses, we may not be able to identify and consummate the acquisition of future businesses successfully. Additionally, we may not be able to effectively integrate the operation of newly-acquired businesses with our existing businesses, which could result in reduced operating income from our businesses. Our failure to execute our acquisition strategy successfully in the future could limit our ability to continue to grow in terms of number of stations or profitability.

Some of our acquisition agreements contain contingent earn-out consideration, the value of which may impact future operating results.

Some of our acquisition agreements include contingent earn-out consideration, the fair value of which is estimated as of the acquisition date based on the present value of the expected contingent payments as determined using weighted probabilities of possible future payments. These fair value estimates contain unobservable inputs and estimates that could materially differ from the actual future results. The fair value of the contingent earn-out consideration could increase or decrease, up to the contracted limit, as applicable. Changes in the fair value of contingent earn-outs will be reflected in our results of operations in the period in which they are recognized, the amount of which may be material and cause volatility in our operating results.

If we are unable to implement our market cluster strategy, we may not realize anticipated operating efficiencies.

As part of our operating strategy, we attempt to realize efficiencies in operating costs and cross-selling of advertising by clustering the operations of two or more radio stations in a single market. However, there can be no assurance that this operating strategy will be successful. Furthermore, we cannot make any assurance that the clustering of radio stations in one market will not result in downward pressure on advertising rates at one or more of the existing or new radio stations within the cluster. Furthermore, there can be no assurance that any of our stations will be able to maintain or increase its current listening audiences and operating revenue in circumstances where we implement our clustering strategy.

Additionally, FCC rules and policies allow a broadcaster to own a number of radio stations in a given market and permit, within limits, joint arrangements with other stations in a market relating to programming, advertising sales and station operations. We believe that radio stations that elect to take advantage of these clustering opportunities may have lower operating costs and may be able to offer advertisers more attractive rates and services. The future development of our business in new markets, as well as the maintenance of our business

[Table of Contents](#)

growth in those markets in which we do not currently have radio station clusters, may be negatively impacted by competitors who are taking or may take advantage of these clustering opportunities by operating multiple radio stations within markets.

We base capital allocation decisions primarily on our analysis of the predicted internal rate of return. If the estimates and assumptions we use in calculating the internal rate of return are inaccurate, our capital may be inefficiently allocated. If we fail to appropriately allocate our capital, our growth rate and financial results may be adversely affected.

We continually seek opportunities for growth by increasing the strength and number of our broadcast signals, increasing the number of page views on our web platform and increasing the subscriber base of our publications. In order to realize these growth opportunities, we must rely on continued technical improvements to expand our broadcasting, digital and publication footprint. When deciding which opportunities to pursue, we must predict the internal rate of return associated with each project. Our calculations are based on certain estimates and assumptions that may not be realized. Accordingly, the calculation of internal rate of return may not be reflective of our actual returns, and our capital may be inefficiently allocated. If we fail to appropriately allocate our capital, our growth rate and financial results could be adversely affected.

Our syndicated programming is dependent upon maintenance of our transponder equipment, which is located at various customer sites.

Delivery of our national programs is dependent upon transponder equipment that is located at various customer locations. The quality and durability of this equipment, as well as our ability to protect the equipment from damage, destruction or theft, directly impacts our ability to transmit programming. Losses to this equipment and any business interruption may not be fully insurable.

If we are unable to protect our domain names, our reputation and brands could be adversely affected.

We currently hold various domain name registrations relating to our brands. The registration and maintenance of domain names generally are regulated by governmental agencies and their designees. Governing bodies may establish additional top-level domains, appoint additional domain name registrars or modify the requirements for holding domain names. As a result, we may be unable to register or maintain relevant domain names. We may be unable, without significant cost or at all, to prevent third parties from registering domain names that are similar to, infringe upon or otherwise decrease the value of, our trademarks and other proprietary rights. Failure to protect our domain names could adversely affect our reputation and brands, and make it more difficult for users to find our websites and our services.

Impairment of FCC licenses, goodwill and other intangible assets deemed to have indefinite useful lives could cause future losses due to asset impairment.

A majority of the purchase price for broadcast stations is allocated to FCC licenses. We may also record goodwill based on our acquisition activity. Approximately 72% of our total assets at December 31, 2018 consisted of indefinite-lived intangible assets including broadcast licenses, goodwill and mastheads. The value of these indefinite-lived intangible assets depends significantly upon the operating results of our businesses. We do not amortize goodwill or other indefinite-lived intangible assets, but rather test for impairment at least annually or more frequently if events or circumstances indicate that an asset may be impaired.

We perform our annual impairment testing during the fourth quarter of each year, which coincides with our budget and planning process for the upcoming year. We have incurred significant impairment losses in prior years with regard to our indefinite-lived intangible assets.

The valuation of intangible assets is subjective and based on estimates rather than precise calculations. The fair value measurements of our indefinite-lived intangible assets use significant unobservable inputs that reflect our

Table of Contents

own assumptions about the estimates that market participants would use in measuring fair value including assumptions about risk. If actual future results are less favorable than the assumptions and estimates we used, we are subject to future impairment charges, the amount of which may be material. Given the current economic environment and uncertainties that can negatively impact our business, there can be no assurance that our estimates and assumptions made for the purpose of our indefinite-lived intangible fair value estimates will prove to be accurate.

We recognized an impairment loss of \$2.9 million during our annual testing in the fourth quarter of 2018 of which \$36,000 related to impairment of mastheads and the remainder to broadcast licenses. The impairment losses resulted from declines in future revenue growth projections based on current economic forecasts.

There were no impairments recognized during our annual testing in the fourth quarter of 2017. Due to operating results that did not meet management's expectations, we ceased publishing Preaching Magazine™, YouthWorker Journal™, FaithTalk Magazine™ and Homecoming™ The Magazine upon issuance of the May 2017 publication. Because of the likelihood that these print magazines would be sold or otherwise disposed of before the end of their previously estimated life, we performed impairment tests as of March 31, 2017. Due to reductions in forecasted operating cash flows and indications of interest from potential buyers, we then recorded an impairment charge of \$19,000 associated with mastheads.

While the impairment charges we have recognized are non-cash in nature and did not violate the covenants on the then existing Revolver and Term Loan B, the potential for future impairment charges can be viewed as a negative factor with regard to forecasted future performance and cash flows. We believe that we have adequately considered the potential for an economic downturn in our valuation models and do not believe that the non-cash impairments in and of themselves are a liquidity risk.

FINANCIAL REPORTING

The requirements of being a public company may strain our resources and divert management's attention.

We are subject to the reporting requirements of the Exchange Act, the listing requirements of the NASDAQ Global Select Market, and other applicable securities rules and regulations. Compliance with these rules and regulations results in a higher level of legal and financial compliance costs. Compliance can divert the time and attention of management from revenue-generating activities. Moreover, because these laws, regulations and standards are subject to varying interpretations, their application in practice may evolve over time as new guidance becomes available. This evolution may result in continuing uncertainty regarding compliance matters and additional costs necessitated by ongoing revisions to our disclosure and governance practices. If we fail to address and comply with these regulations and any subsequent changes, our business and operating results may be harmed.

In addition, complying with public disclosure rules makes our business more visible, which we believe may result in threatened or actual litigation, including by competitors and other third parties. If such claims are successful, our business and operating results could be harmed, and even if the claims do not result in litigation or are resolved in our favor, these claims, and the time and resources necessary to resolve them, could divert the resources of our management and harm our business and operating results.

If we are unable to maintain effective internal control over financial reporting in the future, investors may lose confidence in the accuracy and completeness of our financial reports and the trading price of our Class A common stock may be negatively affected.

We are subject to Section 404 of the Sarbanes-Oxley Act (SOX), which requires us to maintain internal control over financial reporting and to report any material weaknesses in such internal controls. We have consumed and will continue to consume management resources and incur expenses for SOX compliance on an ongoing basis. If

Table of Contents

we identify material weaknesses in our internal control over financial reporting, or if we are unable to comply with the requirements of Section 404 in a timely manner or assert that our internal control over financial reporting is effective, investors may lose confidence in the accuracy and completeness of our financial reports and the trading price of our Class A common stock could be negatively affected. Additionally, we could become subject to investigations by the stock exchange on which our securities are listed, the SEC, or other regulatory authorities, which could require additional financial and management resources.

RISKS ASSOCIATED WITH REGULATIONS

If we fail to maintain our broadcast licenses with the FCC, we would be prevented from operating affected radio stations.

We operate each of our radio stations pursuant to one or more FCC broadcast licenses, generally of eight years' duration. As each license expires, we apply for renewal of the license. However, we cannot be sure that any of our licenses will be renewed, and renewal is subject to challenge by third parties or to denial by the FCC. In evaluating a broadcast license renewal application, the FCC must grant the renewal if: (1) the station has served the public interest, convenience and necessity; (2) there have been no serious violations of the Communications Act or the FCC's rules; and (3) there have been no other violations which, taken together, constitute a pattern of abuse. If, however, the station fails to meet these standards, the FCC may deny the application, after notice and an opportunity for a hearing, or grant the application on terms and conditions that are appropriate, including renewal for less than the maximum term otherwise allowed. The failure to renew any of our licenses would prevent us from operating the affected station and generating revenue from it. If the FCC decides to include conditions or qualifications in any of our licenses, we may be limited in the manner in which we may operate the affected station.

The restrictions on ownership of multiple radio stations in each market may prevent us from implementing our broadcasting market cluster strategy.

We seek to acquire additional radio stations in markets in which we already have existing stations. Our ability to acquire, operate and integrate any such future acquisitions as part of a cluster is limited by antitrust laws, the Communications Act, FCC regulations and other applicable laws and regulations. Changes to any of these laws or regulations may affect our ability to acquire additional stations in radio markets where we already own one (1) or more radio station(s). In 1996, Congress passed legislation that requires the FCC to periodically conduct reviews of its regulations, including those which govern the maximum number of radio stations an entity may own or have joint arrangements with relating to programming, advertising sales and station operations (the "Ownership Limits"). The FCC has adopted radio multiple ownership rules that depend upon the total number of radio stations located in the market in determining the applicable Ownership Limits. In 2003, the FCC modified its definition of the term "market" and its method of determining the number of radio stations located in a "market." Specifically, in larger markets, the FCC replaced its "signal contour method" of defining a market and determining the number of radio stations located in the market with the use of "geographic markets" delineated by Nielsen, which is a commercial ratings service, as reported in the BIA database, as issued by BIA/Kelsey, a research and advisory company focused on the local advertising marketplace. For smaller radio markets for which Nielsen has not delineated a geographic market, the "signal contour method" continues to be the method of defining the market and determining the number of radio stations in the market. The methods the FCC uses to define markets affect the number of radio stations an entity may own or have joint arrangements with relating to programming, advertising sales and station operations in areas adjacent to a delineated Nielsen market.

In 2010, the FCC opened a new phase of rulemaking concerning its broadcast ownership rules. The FCC sought public comments on the existing rules, including arguments and factual data on their impact on competition, localism, and diversity and held public meetings around the country on the issue of media ownership rules. The FCC 2010 quadrennial review of broadcast ownership rules was consolidated into the FCC's 2014 quadrennial review of broadcast ownership rules, which commenced in spring of 2014. The local radio ownership rule, the

Table of Contents

radio/television cross-ownership rule and newspaper/broadcast cross-ownership rule are among the broadcast ownership rules considered in the 2010 and 2014 quadrennial reviews. The FCC instructed its Media Bureau to complete the combined 2010 and 2014 reviews by June 30, 2016. On August 25, 2016, the FCC released a Second Report and Order to close the 2010 and 2014 Quadrennial Review proceedings. The FCC decided to retain its local radio ownership rules without modification. In November 2017, the FCC adopted an Order on Reconsideration of the 2nd R & O (“Reconsideration Order”), which repealed the Newspaper/Broadcast Cross-Ownership Rule, the Radio/Television Cross-Ownership Rule, and the attribution rule for television joint sales agreements. The Reconsideration Order also revised the Local Television Ownership Rule to eliminate the Eight-Voices Test and modified the Top-Four Prohibition. The Reconsideration Order largely retained the local radio ownership rules, but adopted a presumptive waiver approach for existing parent markets with multiple embedded markets. While still the subject of appeals, the Third Circuit denied a request for stay of the Reconsideration Order and many of the rule changes adopted therein have now gone into effect. As noted above, the Reconsideration Order largely retained the local radio ownership rules. It is anticipated, however, that the FCC will initiate a Quadrennial Review proceedings in the near future and could propose changes to the local radio ownership rules.

We cannot predict the impact of possible modifications to the FCC’s local radio multiple ownership rules on our business operations. Likewise, we cannot predict whether there will be a change in the antitrust laws, Communications Act or other laws governing the ownership or operation of radio stations, or whether the FCC, U.S. Department of Justice (“DOJ”) or Federal Trade Commission (“FTC”) will modify their regulations and policies governing or affecting the acquisition of additional radio stations in a market. In addition, we cannot predict whether a private party will challenge acquisitions we propose in the future. These events could adversely affect our ability to implement our cluster acquisition strategy.

Government regulation of the broadcasting industry by the FTC, DOJ and FCC may limit our ability to acquire or dispose of radio stations and enter into certain agreements.

The Communications Act and FCC rules and policies require prior FCC approval for transfers of control of, and assignments of, FCC broadcast licenses. The FTC and the DOJ evaluate transactions to determine whether those transactions should be challenged under federal antitrust laws. As we have gained a presence in a greater number of markets and percentage of the top 50 markets, our future proposed transactions may be subject to more frequent and aggressive review by the FTC and/or the DOJ due to market concentration concerns. This increased level of review may be accentuated in instances where we propose to engage in a transaction with parties who themselves have multiple stations in the relevant market. The FCC might not approve a proposed radio station acquisition or disposition when the DOJ has expressed market concentration concerns with respect to the buy or sell side of a given transaction, even if the proposed transaction would otherwise comply with the FCC’s numerical limits on in-market ownership. We cannot be sure that the DOJ or the FTC will not seek to prohibit or require the restructuring of our future acquisitions or dispositions on these or other bases.

If a complaint was filed against us or other FCC licensees involved in a transaction with us, or an objection to the transaction itself, the FCC could delay the grant of, or refuse to grant, its consent to an assignment or transfer of control of licenses and effectively prohibit a proposed acquisition or disposition.

As noted in the immediately preceding risk factor, the FCC’s local radio multiple ownership rules limit the maximum number of stations we may own or operate in a market. This may limit our ability to make future radio station acquisitions in certain markets. Additionally, this may limit our ability, in certain markets, to enter into agreements whereby we provide programming to or sell advertising on radio stations that we do not own. It could also limit our ability to sell stations to other entities that already own stations in some markets.

Proposed legislation requires radio broadcasters to pay higher royalties to record labels and recording artists.

We must maintain music programming royalty arrangements with, and pay license fees to, owners of rights in musical works. Traditionally, Broadcast Music, Inc. (“BMI”), American Society of Composers, Authors and

Table of Contents

Publishers (“ASCAP”), and SESAC, Inc. (“SESAC”) have negotiated for these copyright users, collected royalties and distributed them to songwriters and music publishers. These traditional arrangements are changing. Owners of rights in musical works have withdrawn from BMI, ASCAP and SESAC and new entities, such as GMR, have been formed to represent owners of musical works. In addition, Committees of Congress have held hearings on substantial revisions of the Copyright Act. The fracturing of the traditional system for licensing rights in musical works may have significant consequences to our business, including increasing licensing costs and reducing the availability of certain pieces for use on our services.

On March 30, 2017, legislation was introduced to Congress that would require terrestrial radio broadcasters to pay a royalty to record labels and performing artists for use of their recorded songs. The proposed legislation would add an additional layer of royalties to be paid directly to the record labels and artists. As of the date of this report, this bill has not been passed. It is currently unknown what proposed legislation, if any, will become law, and what significance this royalty would have on our results from operations, cash flows or financial position.

Changes in regulations or user concerns regarding privacy and protection of user data, or any failure to comply with such laws, could diminish the value of our services and cause us to lose customers and revenue.

When a user visits our websites or certain pages of our customers’ websites, we use technologies, including “cookies,” to collect information related to the user, such as the user’s Internet Protocol, or IP, address, demographic information, and history of the user’s interactions with advertisements previously delivered by us. The information that we collect about users helps us deliver appropriate content and targeted advertising to the users. A variety of federal, state and international laws and regulations govern the collection, use, retention, sharing and security of data that we receive from and about our users. The existing privacy-related laws and regulations are evolving and subject to potentially differing interpretations. We post privacy policies on all of our owned and operated websites that set forth our policies and practices related to the collection and use of customer data. Any failure, or perceived failure, by us to comply with our posted privacy policies or with industry standards or laws or regulations could result in a loss of customer confidence in us, or result in actions against us by governmental entities or others, all of which could potentially cause us to lose customers and revenues.

In addition, various federal, state and foreign legislative and regulatory bodies may expand current or enact new laws regarding privacy matters. New laws may be enacted, or existing laws may be amended or re-interpreted, in a manner that limits our ability to analyze user data. If our access to user data is limited through legislation or any industry development, we may be unable to provide effective technologies and services to customers and we may lose customers and revenue.

Certain U.S. and foreign laws could subject us to claims or otherwise harm our business.

We are subject to a variety of laws in the U.S. and abroad that may subject us to claims or other remedies. Our failure to comply with applicable laws may subject us to additional liabilities, which could adversely affect our business, financial condition and results of operations. In addition to laws and regulations that are described elsewhere in the risk factors, laws and regulations that are particularly relevant to our business address (a) privacy; (b) freedom of expression; (c) information security; (d) content and distribution of content, including liability for user reliance on such content; (e) intellectual property rights, including secondary liability for infringement by others; (f) domain name registration; and (g) online advertising and marketing, including email marketing and unsolicited commercial email.

Many applicable laws were adopted prior to the advent of the Internet and do not contemplate or address the unique issues of the Internet. Moreover, the applicability and scope of the laws that do address the Internet remain uncertain. For example, the laws relating to the liability of providers of online services are evolving. Claims have been either threatened or filed against us under both U.S. and foreign laws for defamation, copyright infringement and trademark infringement. In the future, claims may also be alleged against us based on tort claims and other theories based on our content, products and services or content generated by our users.

Table of Contents

We receive, process and store large amounts of personal user data on our owned and operated websites and from our freelance content creators. Our privacy and data security policies govern the collection, use, sharing, disclosure and protection of this data. The storing, sharing, use, disclosure and protection of personal information and user data are subject to federal, state and international privacy laws, the purpose of which is to protect the privacy of personal information that is collected, processed and transmitted in or from the governing jurisdiction. If requirements regarding the manner in which certain personal information and other user data are processed and stored change significantly, our business may be adversely affected, impacting our financial condition and results of operations. In addition, we may be exposed to potential liabilities as a result of differing views on the level of privacy required for customer and other user data we collect. Our failure or the failure of various third-party vendors and service providers to comply with applicable privacy policies or applicable laws and regulations or any compromise of security that results in the unauthorized release of personal information or other user data could adversely affect our business, financial condition and results of operations.

Government regulation of the Internet is evolving, and unfavorable developments could adversely affect our operating results.

We are subject to general business regulations and laws, as well as regulations and laws specific to the Internet. Such laws and regulations cover taxation, user privacy, data collection and protection, copyrights, electronic contracts, sales procedures, automatic subscription renewals, credit card processing procedures, customer protections, broadband Internet access and content restrictions. We cannot guarantee that we have been or will be fully compliant in every jurisdiction, as it is not entirely clear how existing laws and regulations governing issues such as privacy, taxation and consumer protection apply to the Internet. Moreover, as Internet commerce continues to evolve, increasing regulation by federal, state and foreign agencies becomes more likely. The adoption of any laws or regulations that adversely affect the popularity or growth in use of the Internet, including laws limiting Internet neutrality, could decrease listener demand for our service offerings and increase our cost of doing business. Future regulations, or changes in laws and regulations or their existing interpretations or applications, could also hinder our operational flexibility, raise compliance costs and result in additional historical or future liabilities for us, adversely impacting our business and our operating results.

We may be adversely affected by statutes dealing with indecency.

The Broadcast Decency Enforcement Act of 2005 enhances the FCC's enforcement of its rules concerning the broadcast of obscene, indecent, or profane material became law in 2006. This legislation increased the FCC's authority in this area to impose substantially higher monetary forfeiture penalties, up to \$407,270 per violation and a total of \$3,759,410 for any one incident. While we do not anticipate these increased penalties to impact us as significantly as some of our competitors given the nature of our programming, we could face increased costs in the form of fines as a result of this legislation.

We may be subject to fines and other penalties related to violations of FCC indecency rules and other FCC rules and policies, the enforcement of which has increased in recent years, and complaints related to such violations may delay our renewal applications with the FCC.

We provide live news reporting that is controlled by our on-air news talent. Although our on-air talent have been professional and careful in what they say, there is always the possibility that information may be reported that is inaccurate or even in violation of certain indecency rules promulgated by the FCC.

Environmental, health, safety and land use laws and regulations may limit or restrict some of our operations.

We must comply with various federal, state and local environmental, health, safety and land use laws and regulations that have a tendency to affect broadcast facilities differently than other uses. We are subject to such laws and regulations relating to the use, storage, disposal, emission and release of hazardous and non-hazardous substances and employee health and safety, as well as zoning restrictions that may affect, among other things, the

ability for us to improve or relocate our radio broadcasting facilities. Historically, we have not incurred significant expenditures to comply with these laws; however, existing laws, and those that may be applied in the future, or a finding of a violation of such laws or liability, could require us to make significant expenditures and otherwise limit or restrict some of our operations.

RISKS ASSOCIATED WITH OUR SUBSTANTIAL INDEBTEDNESS

Capital requirements necessary to implement acquisitions could pose risks.

We face competition from other companies for acquisition opportunities. If the prices sought by sellers of these companies were to rise, we may find fewer acceptable acquisition opportunities. In addition, the purchase price of possible acquisitions could require additional debt or equity financing on our part. Since the terms and availability of this financing depend to a large degree upon general economic conditions and third parties over which we have no control, we can give no assurance that we will obtain the needed financing or that we will obtain such financing on attractive terms. In addition, our ability to obtain financing depends on a number of other factors, many of which are also beyond our control, such as interest rates and national and local business conditions. If the cost of obtaining needed financing is too high or the terms of such financing are otherwise unacceptable in relation to the acquisition opportunity we are presented with, we may decide to forego that opportunity. Additional indebtedness could increase our leverage and make us more vulnerable to economic downturns and may limit our ability to withstand competitive pressures.

If we are not able to obtain financing or generate sufficient cash flows from operations, we may be unable to fund future acquisitions.

We may require significant financing to fund our acquisition strategy, which may not be available to us. The availability of funds under the Asset Based Revolving Credit Facility (“ABL Facility”) at any time will depend upon, among other factors, our ability to satisfy financial covenants and borrowing base requirements. Our future operating performance will be subject to financial, economic, business, competitive, regulatory and other factors, many of which are beyond our control. Accordingly, we cannot make any assurances that our future cash flows or borrowing capacity will be sufficient to allow us to complete future acquisitions or implement our business plan, which could have a material negative impact on our business and results of operations.

We have substantial debt and have the ability to incur additional debt. The principal and interest payment obligations of such debt may restrict our future operations and impair our ability to meet our obligations under such debt.

At June 30, 2019, we and our subsidiary guarantors had approximately \$254.3 million aggregate principal amount of outstanding indebtedness, all of which is senior debt comprised of an aggregate principal amount of \$231.9 million outstanding on our 6.75% Senior Secured Notes (“Notes”) and \$22.4 million on our ABL Facility effectively ranking senior to the Notes to the extent of the ABL Priority Collateral securing such debt. In addition, the terms of the ABL Facility and the Indenture governing the Notes permit us to incur additional indebtedness, including up to approximately \$3.9 million that would be available under the ABL Facility, subject to our ability to meet certain borrowing conditions.

Our substantial debt may have important consequences. For instance, it could:

- require us to dedicate a substantial portion of any cash flow from operations to the payment of interest and principal due under our debt, which will reduce funds available for other business purposes, including capital expenditures, acquisitions and payment of dividends;
- place us at a competitive disadvantage compared with some of our competitors that may have less debt and better access to capital resources; and
- limit our ability to obtain additional financing required to fund working capital and capital expenditures and for other general corporate purposes.

Table of Contents

Our ability to satisfy our obligations and to reduce our total debt depends on our future operating performance and on economic, financial, competitive and other factors, many of which are beyond our control. Our business may not generate sufficient cash flow, and future financings may not be available to provide sufficient net proceeds, to meet these obligations or to successfully execute our business or acquisition strategies.

The agreements governing our various debt obligations impose restrictions on our business and could adversely affect our ability to undertake certain corporate actions.

The agreements governing our debt obligations, including the Indenture governing the Notes and the agreements governing the ABL Facility, include covenants imposing significant restrictions on our business. These restrictions may affect our ability to operate our business and may limit our ability to take advantage of potential business opportunities as they arise. These covenants place restrictions on our ability to, among other things:

- incur additional debt;
- declare or pay dividends, redeem stock or make other equity distributions to stockholders;
- make investments;
- create liens or use assets as security in other transactions;
- merge or consolidate, or sell, transfer, lease or dispose of all or substantially all of our assets;
- engage in transactions with affiliates; and
- sell or transfer assets.

The ABL Facility also requires us to comply with a number of financial ratios, borrowing base requirements and covenants and restricts our ability to make certain capital expenditures.

Our ability to comply with these covenants may be affected by events beyond our control, including prevailing economic, financial and industry conditions. These covenants could adversely affect our business by limiting our ability to take advantage of financing, merger and acquisition or other corporate opportunities. The breach of any of these covenants or restrictions could result in a default under the Indenture governing the Notes or the ABL Facility. An event of default under any of our debt agreements could permit some of our lenders, including the lenders under the ABL Facility, to declare all amounts borrowed from them to be immediately due and payable, together with accrued and unpaid interest, which could, in turn, trigger defaults under other debt obligations and the commitments of the lenders to make further extensions of credit under the ABL Facility could be terminated. If we were unable to repay debt to our lenders, or are otherwise in default under any provision governing our secured debt obligations, our secured lenders could proceed against us and our subsidiary guarantors and against the collateral securing that debt. In addition, acceleration of our other indebtedness may cause us to be unable to make interest payments on the Notes and repay the principal amount of or repurchase the Notes or may cause or subsidiary guarantors to be unable to make payments under the guarantees.

To service our indebtedness, we will require a significant amount of cash. However, our ability to generate cash depends on many factors beyond our control.

Our ability to make payments on, and to refinance, our indebtedness and to fund capital expenditures, will depend on our ability to generate cash in the future, which, in turn, is subject to general economic, financial, competitive, regulatory and other factors, many of which are beyond our control.

Table of Contents

Our business may not generate sufficient cash flow from operations, and we may not have available to us future borrowings in an amount sufficient to enable us to pay our indebtedness or to fund our other liquidity needs. In these circumstances, we may need to refinance all or a portion of our indebtedness on or before maturity. We may not be able to refinance any of our indebtedness, including the ABL Facility and the Notes, on commercially reasonable terms, or at all. Without this financing, we could be forced to sell assets or secure additional financing to make up for any shortfall in our payment obligations under unfavorable circumstances. However, we may not be able to secure additional financing on terms favorable to us or at all and, in addition, the terms of the ABL Facility and the Indenture governing the Notes limit our ability to sell assets and also restrict the use of proceeds from such a sale. In addition, we may not be able to sell assets quickly enough or for sufficient amounts to enable us to meet our obligations.

Our board of directors may, without stockholder approval, issue preferred stock in one or more series with dividend rates, redemption prices, designations, rights, preferences, conversion rights, voting rights and any other special rights. Information regarding any such shares of preferred stock to be sold by the Company will be set forth in one or more prospectus supplements.

Each prospectus supplement relating to the sale of preferred stock will describe:

- the series of preferred stock;
- the price per share at which the preferred stock will be sold;
- if applicable, the voting rights of the preferred stock;
- if applicable, the dividend rate per share of the preferred stock;
- if applicable, the redemption price per share of the preferred stock;
- if applicable, the liquidation preference of the preferred stock upon liquidation or dissolution;
- if applicable, the conversion features of the preferred stock;
- if applicable, any provisions for adjustment of the number or amount of shares of Class A common stock or other securities receivable upon conversion of the preferred stock; and
- any other material terms of the preferred stock.

Anti-Takeover Effects of Our Certificate of Incorporation and Bylaws and the Delaware Anti-Takeover Statute

Amended and Restated Certificate of Incorporation and Second Amended and Restated Bylaws

Our amended and restated certificate of incorporation, as amended, and our second amended and restated bylaws, as applicable, among other things:

- provide that special meetings of the stockholders may be called at any time by the board of directors, the chairman of the board or the chief executive officer;
- establish procedures with respect to stockholder nominations and other business to be brought before the annual meeting of stockholders, including requiring that advance written notice of such stockholder

nominations and other business must be delivered to our principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the previous year's annual meeting of stockholders; provided, however, that in the event the date of the annual meeting of stockholders is more than 30 days before or more than 60 days after such anniversary date, then notice by the stockholder must be delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made;

- do not include a provision for cumulative voting in the election of directors. Under cumulative voting, a minority stockholder holding a sufficient number of shares may be able to ensure the election of one or more directors. The absence of cumulative voting may have the effect of limiting the ability of minority stockholders to effect changes in the board of directors and, as a result, may have the effect of deterring a hostile takeover or delaying or preventing changes in control or management of our company;
- provide that vacancies on our board of directors may be filled by a majority of directors in office, even if less than a quorum, or by a sole remaining director; provided, that whenever the holders of any class or classes of stock or series thereof are entitled to elect one or more directors by the provisions of the certificate of incorporation, vacancies and newly created directorships of such class or classes or series may be filled by a majority of the directors elected by such class or classes or series thereof then in office, or by a sole remaining director so elected;
- provide that no action may be taken by our stockholders by written consent; and
- allow us to issue without stockholder approval up to 10,000,000 shares of undesignated preferred stock with rights senior to those of the Class A and Class B common stock and that otherwise could adversely affect the rights and powers, including voting rights, of the holders of Class A and Class B common stock. In some circumstances, this issuance could have the effect of decreasing the market price of the Class A common stock as well as having the anti-takeover effect discussed above.

Delaware Anti-Takeover Statute

We are subject to the provisions of Section 203 of the Delaware General Corporation Law regulating corporate takeovers. In general, Section 203 prohibits certain publicly-held Delaware corporations from engaging, under certain circumstances, in a business combination with an interested stockholder for a period of three years following the date such stockholder became an interested stockholder unless:

- before such date, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding, but not for determining the outstanding voting stock owned by the interested stockholder, (i) shares owned by persons who are directors and also officers, and (ii) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- on or after such date, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66-2/3% of the outstanding voting stock which is not owned by the interested stockholder.

In general, Section 203 defines a business combination to include (i) any merger or consolidation involving the corporation and the interested stockholder, (ii) any sale, lease, exchange, mortgage, pledge, transfer or other

Table of Contents

disposition of 10% or more of the assets of the corporation involving the interested stockholder, (iii) subject to certain exceptions, any transaction which results in the issuance or transfer by the corporation or by any majority-owned subsidiary of the corporation of any stock of the corporation to the interested stockholder, (iv) any transaction involving the corporation or any majority-owned subsidiary of the corporation which has the effect of increasing the proportionate share of the stock or any class or series of the corporation beneficially owned by the interested stockholder, or (v) the receipt by the interested stockholder of the benefit of any loss, advances, guarantees, pledges or other financial benefits by or through the corporation.

In general, Section 203 defines an “interested stockholder” as an entity or person who, together with affiliates and associates, beneficially owns, or within three years prior to the determination of interested stockholder status, did own, 15% or more of a corporation’s outstanding voting stock.

Foreign Ownership Restrictions

Our amended and restated certificate of incorporation, as amended, includes provisions designed to ensure that control and management of the Company remains with citizens of the United States and/or corporations formed under the laws of the United States or any of the states of the United States, as required by the Communications Act of 1934, as amended, or the Communications Act.

These provisions include restrictions on transfers to and holdings of our capital stock by an “Alien.” For the purposes of these restrictions, an Alien is (i) a person who is a citizen of a country other than the United States; (ii) any entity organized under the laws of a government other than the government of the United States or any state, territory, or possession of the United States; (iii) a government other than the government of the United States or of any state, territory, or possession of the United States; or (iv) a representative of, or an individual or entity controlled by, any of the foregoing.

Specifically, our foreign ownership restrictions provide that:

- we will not issue to an Alien any shares of our capital stock if such issuance would result in the total number of shares of such capital stock held or voted by Aliens (or for or by the account of Aliens) to exceed 25% of (i) the total number of all shares of such capital stock outstanding at any time and from time to time or (ii) the total voting power of all shares of such capital stock outstanding and entitled to vote at any time and from time to time. We will not permit the transfer on our books of any capital stock to any Alien that would result in the total number of shares of such capital stock held or voted by Aliens (or for or by the account of Aliens) exceeding such 25% limits.
- no Alien or Aliens, individually or collectively, are entitled to vote or direct or control the vote of more than 25% of (i) the total number of all shares of our capital stock outstanding at any time and from time to time or (ii) the total voting power of all shares of our capital stock outstanding and entitled to vote at any time and from time to time. The issuance or transfer of our capital stock in violation of this provision is prohibited.

Our board of directors has all powers necessary to implement these provisions of our amended and restated certificate of incorporation, as amended, and to ensure compliance with the alien ownership restrictions, or the Alien Ownership Restrictions, of the Communications Act, including, without limitation, the power to prohibit the transfer of any shares of our capital stock to any Alien and to take or cause to be taken such action as we deem appropriate to implement such prohibition, including placing a legend regarding restrictions on foreign ownership of our capital stock on certificates representing such capital stock.

In addition, any shares of our capital stock that our board of directors determines are owned beneficially by an Alien or Aliens will always remain subject to redemption by us by action of our board of directors or any

Table of Contents

other applicable provision of law, to the extent necessary, in the judgment of our board of directors, to comply with the Alien Ownership Restrictions. The terms and conditions of such redemption are as follows:

- the redemption price will be equal to the lower of (i) the fair market value of the shares to be redeemed, as determined by our board of directors in good faith, and (ii) such Alien's purchase price for such shares;
- the redemption price may be paid in cash, securities or any combination thereof;
- if less than all the shares held by Aliens are to be redeemed, the shares to be redeemed will be selected in any manner determined by our board of directors to be fair and equitable;
- at least 10 days' prior written notice of the redemption date will be given to the holders of record of the shares selected to be redeemed (unless waived in writing by any such holder), provided that the redemption date may be the date on which written notice is given to holders if the cash or securities necessary to effect the redemption have been deposited in trust for the benefit of such holders and are subject to immediate withdrawal by them upon surrender of the stock certificates for their shares to be redeemed, duly endorsed in blank or accompanied by duly executed proper instruments of transfer;
- from and after the redemption date, the shares to be redeemed will cease to be regarded as outstanding and any and all rights of the holders in respect of the shares to be redeemed or attaching to such shares of whatever nature (including without limitation any rights to vote or participate in dividends declared on capital stock of the same class or series as such shares) will cease and terminate, and the holders thereof thereafter will be entitled only to receive the cash or securities payable upon redemption; and
- such other terms and conditions as our board of directors determines.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Broadridge Corporate Issuer Solutions, Inc.

DESCRIPTION OF DEPOSITARY SHARES

General

We may, at our option, elect to offer fractional shares of preferred stock, rather than full shares of preferred stock. If we elect to offer fractional shares of preferred stock, we will issue receipts for depositary shares, called depositary receipts, each of which will represent a fraction of a share of a particular series of preferred stock, as described in the applicable prospectus supplement. Unless otherwise provided in the prospectus supplement, each owner of a depositary share will be entitled, in proportion to the applicable fractional interest in a share of preferred stock represented by the depositary share, to all the rights and preferences of the preferred stock represented by the depositary share. Those rights may include dividend, voting, redemption, conversion and liquidation rights.

The shares of preferred stock underlying the depositary shares will be deposited with a bank or trust company selected by us to act as depositary under a deposit agreement between us, the depositary and the holders of the depositary receipts. The depositary will be the transfer agent, registrar and dividend disbursing agent for the depositary shares.

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. Holders of depositary receipts agree to be bound by the deposit agreement, which requires holders to take certain actions such as filing proof of residence and paying certain charges.

The summary of the terms of the depositary shares contained in this prospectus does not purport to be a complete description of the terms of the depositary shares and is subject to, and qualified in its entirety by, the provisions of the deposit agreement, our amended and restated certificate of incorporation and the certificate of designation for the applicable series of preferred stock that are, or will be, filed with the SEC.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions, if any, received in respect of the preferred stock underlying the depositary shares to the record holders of depositary shares in proportion to the number of depositary shares owned by those holders on the relevant record date. The relevant record date for depositary shares will be the same date as the record date for the underlying preferred stock.

In the event of a distribution other than in cash, the depositary will distribute property (including securities) received by it to the record holders of depositary shares entitled thereto, as nearly as may be practicable, to the number of depositary shares owned by such holders on the relevant record date, unless the depositary determines (after consultation with us) that it is not feasible to make such distribution, in which case the depositary may (with our approval) adopt any other method for such distribution as it deems equitable and appropriate, including the sale of such property (at such place or places and upon such terms as it may deem equitable and appropriate) and distribution of the net proceeds from such sale to such holders.

Liquidation Preference

If a series of preferred stock underlying the depositary shares has a liquidation preference, in the event of the voluntary or involuntary liquidation, dissolution or winding up of Salem Media Group, holders of depositary shares will be entitled to receive the fraction of the liquidation preference accorded each share of the applicable series of preferred stock, as set forth in the applicable prospectus supplement.

Withdrawal of Preferred Stock

Unless the related depositary shares have been previously called for redemption, upon surrender of the depositary receipts at the principal office of the depositary and payment of any unpaid amount due the

depository, the holder of the depository shares will be entitled to delivery of the number of whole shares of the preferred stock and any money or other property represented by the depository shares. If the depository receipts delivered by the holder evidence a number of depository shares in excess of the number of depository shares representing the number of whole shares of preferred stock to be withdrawn, the depository will deliver to the holder at the same time a new depository receipt evidencing the excess number of depository shares. In no event will the depository deliver fractional shares of preferred stock upon surrender of depository receipts. Holders of preferred stock thus withdrawn may not thereafter deposit those shares under the deposit agreement or receive depository receipts evidencing depository shares therefor.

Redemption of Depository Shares

Whenever we redeem shares of preferred stock held by the depository, the depository will redeem as of the same redemption date the number of depository shares representing shares of the preferred stock so redeemed, so long as we have paid in full to the depository the redemption price of the preferred stock to be redeemed plus an amount equal to any accumulated and unpaid dividends on the preferred stock to the date fixed for redemption. The redemption price per depository share will be equal to the redemption price and any other amounts per share payable on the preferred stock multiplied by the fraction of a share of preferred stock represented by one depository share. If less than all of the depository shares are to be redeemed, the depository shares to be redeemed will be selected by lot or pro rata or by any other equitable method as may be determined by the depository.

After the date fixed for redemption, depository shares called for redemption will no longer be deemed to be outstanding and all rights of the holders of depository shares will cease, except the right to receive the monies payable upon redemption and any money or other property to which the holders of the depository shares were entitled upon redemption upon surrender to the depository of the depository receipts evidencing the depository shares.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the series of preferred stock are entitled to vote, the depository will mail the information contained in the notice of meeting to the record holders of the applicable series of depository receipts relating to that preferred stock. The record date for the depository receipts relating to the preferred stock will be the same date as the record date for the preferred stock. Each record holder of the depository shares on the record date will be entitled to instruct the depository as to the exercise of the voting rights pertaining to the number of shares of preferred stock represented by that holder's depository shares. The depository will endeavor, insofar as practicable, to vote the number of shares of preferred stock represented by the depository shares in accordance with those instructions, and we will agree to take all action that may be deemed necessary by the depository in order to enable the depository to do so. The depository will not vote any shares of preferred stock except to the extent it receives specific instructions from the holders of depository shares representing that number of shares of preferred stock.

Charges of Depository

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depository arrangements. We will pay charges of the depository in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depository receipts will pay transfer, income and other taxes and governmental charges and such other charges (including those in connection with the receipt and distribution of dividends, the sale or exercise of rights, the withdrawal of the preferred stock and the transferring, splitting or grouping of depository receipts) as are expressly provided in the deposit agreement for their accounts. If these charges have not been paid by the holders of depository receipts, the depository may refuse to transfer depository shares, withhold dividends and distributions and sell the depository shares evidenced by the depository receipt.

Amendment and Termination of the Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may be amended by agreement between us and the depositary. However, any amendment that materially and adversely alters the rights of the holders of depositary shares, other than fee changes, will not be effective unless the amendment has been approved by the holders of a majority of the outstanding depositary shares. The deposit agreement may be terminated by the depositary or us only if:

- all outstanding depositary shares have been redeemed; or
- there has been a final distribution of the preferred stock in connection with our dissolution and such distribution has been made to all the holders of depositary shares.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so, and we may remove the depositary at any time. Any resignation or removal of the depositary will take effect upon our appointment of a successor depositary and its acceptance of such appointment. The successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having the requisite combined capital and surplus as set forth in the applicable agreement.

Notices

The depositary will forward to holders of depositary receipts all notices, reports and other communications, including proxy solicitation materials received from us, that are delivered to the depositary and that we are required to furnish to the holders of the preferred stock. In addition, the depositary will make available for inspection by holders of depositary receipts at the principal office of the depositary, and at such other places as it may from time to time deem advisable, any reports and communications we deliver to the depositary as the holder of preferred stock.

Limitation of Liability

Neither the depositary nor we will be liable if either the depositary is or we are prevented or delayed by law or any circumstance beyond its or our control in performing our respective obligations under the deposit agreement. Our obligations and those of the depositary will be limited to performance in good faith of our and their respective duties thereunder. We and the depositary will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, on information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent to give such information and on documents believed to be genuine and to have been signed or presented by the proper party or parties.

DESCRIPTION OF DEBT SECURITIES AND GUARANTEES

The following description summarizes certain general terms and provisions of the debt securities that we may offer under this prospectus and is qualified in its entirety by reference to the applicable indenture and its associated documents, including the form of note. When we offer to sell a particular series of debt securities, we will describe the specific terms of the series in the applicable prospectus supplement. If so described in a prospectus supplement, the terms of that series of debt securities may differ from the general description of terms presented below and the form of indenture filed as an exhibit to the registration statement of which this prospectus forms a part.

In this section entitled “Description of Debt Securities and Guarantees,” references to the “Company,” “we,” “our” and “us” refer to Salem Media Group, Inc. and not to any subsidiaries, unless the context requires otherwise.

General

The indenture does not limit the aggregate principal amount of debt securities that may be issued thereunder. The debt securities may be issued from time to time in one or more series.

We will describe in the applicable prospectus supplement the terms relating to a series of debt securities, including:

- the title;
- the principal amount being offered, and, if a series, the total amount authorized and the total amount outstanding;
- any limit on the amount that may be used;
- whether or not we will issue the series of debt securities in global form and, if so, the terms and who the depository will be;
- the maturity date(s);
- the principal amount due at maturity, and whether the debt securities will be issued with any original issue discount;
- whether and under what circumstances, if any, we will pay additional amounts on any debt securities held by a person who is not a U.S. person for tax purposes, and whether we can redeem the debt securities if we have to pay such additional amounts;
- the interest rate(s), which may be fixed or variable, or the method for determining the rate, the date interest will begin to accrue, the dates interest will be payable and the regular record dates for interest payment dates or the method for determining such dates;
- whether the debt securities will be secured or unsecured, and the terms of any secured debt;
- the terms of the subordination of any series of subordinated debt;
- the place where payments will be payable;
- restrictions on transfer, sale or other assignment, if any;
- our right, if any, to defer payment of interest and the maximum length of any such deferral period;
- the date, if any, after which, the conditions upon which, and the price at which we may, at our option, redeem the series of debt securities pursuant to any optional or provisional redemption provisions, and any other applicable terms of those redemption provisions;
- provisions for a sinking fund, purchase or other analogous fund, if any;

- the date, if any, on which, and the price at which we are obligated, pursuant to any mandatory sinking fund or analogous fund provisions or otherwise, to redeem, or at the holder's option to purchase, the series of debt securities;
- whether the indenture will require us to maintain any interest coverage, fixed charge, cash flow-based, asset-based or other financial ratios;
- whether the indenture will contain any additional covenants, or eliminate or change any existing covenants, that apply to the debt securities;
- a discussion of any material U.S. federal income tax considerations applicable to the debt securities;
- information describing any book-entry features;
- the procedures for any auction and remarketing, if any;
- the denominations in which we will issue the series of debt securities, if other than denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof;
- if other than U.S. dollars, the currency in which the series of debt securities will be denominated;
- the identity of any guarantors and the terms of the guarantees; and
- any other specific terms, preferences, rights or limitations of, or restrictions on, the debt securities, including any events of default that are in addition to those described in this prospectus or any covenants, including restrictive covenants, provided with respect to the debt securities, and any terms which may be required by us or advisable under applicable laws or regulations or advisable in connection with the marketing of the debt securities.

Conversion or Exchange Rights

We will describe in the applicable prospectus supplement the terms on which a series of debt securities may be convertible into or exchangeable for Salem Media Class A common stock or other securities, including the conversion or exchange rate, as applicable, or how it will be calculated, and the applicable conversion or exchange period. We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of our securities that the holders of the series of debt securities receive upon conversion or exchange would, under the circumstances described in those provisions, be subject to adjustment, or pursuant to which those holders would, under those circumstances, receive other property upon conversion or exchange, for example in the event of our merger or consolidation with another entity.

Certain Covenants

The indenture may include covenants of Salem Media or any of our subsidiaries, as the case may be. These covenants may impose limitations on our indebtedness, limitations on liens, limitations on the issuance of preferred stock of certain of our subsidiaries, limitations on certain distributions and limitations on transactions with our affiliates, or other limitations. Any such covenants applicable to a series of debt securities will be described in the applicable prospectus supplement.

Consolidation, Merger or Sale

The indenture in the form initially filed as an exhibit to the registration statement of which this prospectus is a part does not contain any covenant that restricts the ability of Salem Media or any of our subsidiaries to merge or consolidate, or sell, convey, transfer or otherwise dispose of all or substantially all of ours or their assets, as applicable. However, any successor of such entity or acquiror of such assets must assume all of the obligations of Salem Media or any of our subsidiaries, as applicable, under the indenture and the debt securities.

Table of Contents

If the debt securities are convertible into other securities of Salem Media or any of its subsidiaries, as applicable, the person with whom such entity consolidates or merges or to whom such entity sells all of its property must make provisions for the conversion of the debt securities into securities similar to the securities that the holders of the debt securities would have received if they had converted the debt securities before the consolidation, merger or sale.

Guarantees

Salem Media has no independent assets or operations. To the extent provided in the applicable prospectus supplement, the debt securities offered and sold pursuant to this registration statement may be guaranteed by certain subsidiaries of Salem Media. These guarantees will be full and unconditional and joint and several obligations of the guarantors. If a series of debt securities is so guaranteed, an indenture, or a supplemental indenture thereto, will be executed by the guarantor. The obligations of each guarantor under its guarantee will be limited as necessary to prevent that guarantee from constituting a fraudulent conveyance under applicable law. The terms of the guarantee will be set forth in the applicable prospectus supplement.

Structural Subordination

We conduct all of our operations through our subsidiaries. As a result, we depend on dividends from the earnings of our subsidiaries to generate the funds necessary to meet our financial obligations, including the debt securities. These subsidiaries are separate and distinct legal entities and have no obligation whatsoever to pay any amounts due on our financial obligations, except to the extent that they have agreed to guarantee the obligations or to make funds available to us. The subsidiaries' ability to pay dividends or make other payments or advances to us will depend on their operating results and will be subject to applicable laws and contractual restrictions. Holders of our debt securities will have a position junior to the prior claims of creditors of our subsidiaries, including trade creditors, debt holders, secured creditors, taxing authorities and guarantee holders, and any preferred stockholders, except to the extent that we may be a creditor with recognized and unsubordinated claims against our subsidiaries. In addition, our subsidiaries may be prohibited or limited from time to time, under the terms of the instruments governing their indebtedness, from paying dividends or otherwise making payments or advances or transferring assets to us. If specified in the prospectus supplement, the guarantees will be general obligations of our subsidiaries that execute subsidiary guarantees. Unless otherwise specified in the prospectus supplement, such subsidiary guarantees will be unsecured obligations.

Events of Default Under the Indenture

Unless otherwise specified in the applicable prospectus supplement, the following are events of default under the indenture with respect to any series of debt securities that we may issue:

- default in the payment of principal of, or premium, if any, on any debt security when it is due and payable at maturity, upon acceleration, redemption or otherwise;
- default in the payment of interest on any debt security when it is due and payable, and such default continues for a period of 30 days;
- default in the performance or breach of the covenants contained in the indenture or under the debt securities, and such default or breach continues for a period of 90 consecutive days after written notice by the trustee or the holders of 25% or more in aggregate principal amount of the debt securities of the applicable series;
- if specified events of bankruptcy, insolvency or reorganization occur; and
- if certain other specified events occur, as described in the applicable prospectus supplement.

If an event of default with respect to debt securities of any series occurs and is continuing, other than an event of default specified in the penultimate bullet point above, the trustee or the holders of at least 25% in

Table of Contents

aggregate principal amount of the outstanding debt securities of that series, by notice to us in writing, and to the trustee if notice is given by such holders, may, and the trustee at the request of the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series will, declare the unpaid principal, premium, if any, and accrued interest, if any, due and payable immediately. Upon a declaration of acceleration, such principal of, premium, if any, and accrued interest will be immediately due and payable. If an event of default specified in the penultimate bullet point above occurs with respect to us, the principal amount of and accrued interest, if any, of each series of debt securities then outstanding shall be due and payable without any notice or other action on the part of the trustee or any holder.

At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in principal amount of the outstanding debt securities of that series may rescind and annul the acceleration if:

- we have paid or deposited with the trustee a sum sufficient to pay all matured installments of interest upon all the debt securities of that series and the principal of and premium, if any, on any and all debt securities of that series that shall have become due otherwise than by acceleration (with interest upon such principal and premium, if any, and, to the extent that such payment is enforceable under applicable law, upon overdue installments of interest, at the rate per annum expressed in the debt securities of that series to the date of such payment or deposit) and the amount payable to the trustee under the indenture; and
- all events of default, other than the non-payment of accelerated principal and interest, if any, with respect to debt securities of that series, have been cured or waived as provided in the indenture.

The holders of a majority in principal amount of the outstanding debt securities of an affected series may waive any default or event of default with respect to the series and its consequences, except that defaults or events of default regarding payment of principal, premium, if any, or interest, require the consent of each holder affected by such waiver; provided, however, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration.

The holders of at least a majority in principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee. However, the trustee may refuse to follow any direction that conflicts with law or the applicable indenture or that the trustee determines in good faith may, subject to the trustee's duties under the Trust Indenture Act of 1939, involve the trustee in personal liability or may be unduly prejudicial to the rights of holders not joining in the giving of such direction, and the trustee may take any other action it deems proper that is not inconsistent with any such direction received from holders of the applicable series of debt securities. A holder may not pursue any remedy with respect to the indenture or the debt securities unless:

- the holder gives the trustee written notice of a continuing event of default;
- the holders of at least 25% in aggregate principal amount of outstanding debt securities of the applicable series make a written request to the trustee to pursue the remedy;
- such holder or holders offer the trustee indemnity reasonably satisfactory to the trustee against any costs, losses, liability or expense;
- the trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and
- during such 60-day period, the holders of a majority in aggregate principal amount of the outstanding debt securities of the applicable series do not give the trustee a direction that is inconsistent with the request.

Table of Contents

However, such limitations do not apply to the right of any holder of a debt security to receive payment of the principal of, premium, if any, or interest on, such debt security or to bring suit for the enforcement of any such payment on or after the due date expressed in the debt security, which right shall not be impaired or affected without the consent of the holder.

We will periodically file statements with the trustee regarding our compliance with the covenants in the indenture.

Modifications of Indenture; Waiver

Subject to certain limited exceptions, modifications, waivers and amendments of the indenture, the debt securities and the debt security guarantees may be made with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of each series that is affected (including consents obtained in connection with a tender offer or exchange offer for such debt securities) and any past default or compliance with any provisions may also be waived with the consent of the holders of a majority in principal amount of the outstanding debt securities of each series that is affected; provided that no such modification, waiver or amendment may, without the consent of each holder affected thereby:

- change the stated maturity of the principal of, or any installment of interest on, any debt security;
- reduce the principal amount of, or premium, if any, or rate of interest on, any debt security;
- change the currency of payment of principal of, or premium, if any, or interest on, any debt security;
- impair the right to institute suit for the enforcement of any payment on or after the stated maturity (or, in the case of a redemption, on or after the redemption date) of any debt security;
- reduce the percentage or aggregate principal amount of outstanding debt securities the consent of whose holders is necessary to modify or amend the indenture or to waive compliance with certain provisions of the indenture or certain defaults;
- waive a default in the payment of principal of, premium, if any, or interest on the debt security (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration); or
- voluntarily release a guarantor of the debt securities other than in accordance with the indenture.

Modifications, waivers and amendments of the indenture, the debt securities and the debt security guarantees may, without notice to or the consent of any holder, be made:

- to cure any ambiguity, defect, omission or inconsistency in the indenture or the debt securities as evidenced by an Officers' Certificate;
- to provide for the assumption of our or a guarantor's obligations to holders of the debt securities and the debt securities guarantees in the case of a merger or consolidation or sale of all or substantially all of our or such guarantor's assets to comply with the provisions under the caption "—Consolidation, Merger or Sale";

Defeasance and Discharge; Legal Defeasance and Covenant Defeasance

Each indenture will be discharged and will cease to be of further effect as to all debt securities issued thereunder, when:

1. either:

A. all debt securities that have been authenticated, except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money has been deposited in trust and thereafter repaid to us, have been delivered to the trustee for cancellation; or

B. all debt securities that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and we or any guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable government securities, or a combination thereof, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the debt securities not delivered to the trustee for cancellation for principal of, premium on, if any, interest on, the debt securities to the date of maturity or redemption;

2. in respect of clause (1)(B) of this paragraph, no event of default has occurred and is continuing on the date of the deposit (other than an event of default resulting from the borrowing of funds to be applied to such deposit and any similar deposit relating to other indebtedness and, in each case, the granting of certain liens to secure such borrowings);

3. we or any guarantor has paid or caused to be paid all sums payable by it under the indenture; and

4. we have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities at maturity or on the redemption date, as the case may be.

Table of Contents

We may, at our option at any time, elect to have all of our obligations discharged with respect to the outstanding debt securities of any series and all obligations of any guarantors discharged with respect to their guarantees of that series, or Legal Defeasance, except for:

- the rights of holders of outstanding debt securities of the applicable series to receive payments in respect of the principal of, premium on, if any, interest on, such debt securities when such payments are due from the trust referred to below;
- our obligations with respect to the debt securities of the applicable series concerning issuing temporary debt securities, registering the transfer and exchange of debt securities, replacing mutilated, destroyed, lost or stolen debt securities and maintaining an office or agency for presentation of debt securities for registration of transfer and exchange or payment and service of notices upon the Company in respect of the debt securities and the indenture;
- the rights, powers, trusts, duties and immunities of the trustee under the applicable indenture, and our and any guarantor's obligations in connection therewith; and
- the Legal Defeasance and Covenant Defeasance (as defined below) provisions of the applicable indenture.

In addition, we may, at our option and at any time, elect to have our obligations and the obligations of any guarantors released with respect to certain covenants to be described in the applicable indenture, or Covenant Defeasance, and thereafter any omission to comply with those covenants will not constitute a default or event of default with respect to the debt securities of the applicable series.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- we must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the debt securities of the applicable series, cash in U.S. dollars, non-callable government securities, or a combination thereof, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, premium on, if any, and interest on, the outstanding debt securities of the applicable series on the stated date for payment thereof or on the applicable redemption date, as the case may be, and we must specify whether such debt securities are being defeased to such stated date for payment or to a particular redemption date;
- in the case of Legal Defeasance, we must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) we have received from, or there has been published by, the Internal Revenue Service, or the IRS, a ruling or (b) since the date of the applicable indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding debt securities of the applicable series will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- in the case of Covenant Defeasance, we must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding debt securities of the applicable series will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- no default or event of default has occurred and is continuing on the date of such deposit (other than a default or event of default resulting from the borrowing of funds to be applied to such deposit (and any similar concurrent deposit relating to other indebtedness), and the granting of liens to secure such borrowings);

Table of Contents

- such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the applicable indenture and the agreements governing any other indebtedness being defeased, discharged or replaced) to which we or any guarantor is a party or by which we or any guarantor is bound; and
- we must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Form, Exchange and Transfer

We will issue the debt securities of each series only in fully registered form without coupons and, unless we otherwise specify in the applicable prospectus supplement, in minimum denominations of \$2,000 and any integral multiples of \$1,000 in excess of \$2,000. The indenture provides that we may issue debt securities of a series in temporary or permanent global form and as book-entry securities that will be deposited with a depository named by us and identified in a prospectus supplement with respect to that series.

Subject to the terms of the indenture and the limitations applicable to global securities set forth in the applicable prospectus supplement, holders of the debt securities may present the debt securities for exchange or for registration of transfer, duly endorsed or with the form of transfer endorsed thereon duly executed if so required by us or the security registrar, at the office of the security registrar or at the office of any transfer agent designated by us for this purpose. Unless otherwise provided in the debt securities that the holder presents for transfer or exchange, the holder will be required to pay any related taxes or other governmental charges.

We will name in the applicable prospectus supplement the security registrar, and any transfer agent in addition to the security registrar, that we initially designate for any debt securities.

If we elect to redeem the debt securities of any series, we will not be required to:

- issue, register the transfer of, or exchange any debt securities of any series being redeemed in part during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any debt securities that may be selected for redemption and ending at the close of business on the day of the mailing; or
- register the transfer of or exchange any debt securities so selected for redemption, in whole or in part, except the unredeemed portion of any debt securities we are redeeming in part.

Information Concerning the Trustee

The trustee, other than during the occurrence and continuance of an event of default under the indenture, undertakes to perform only those duties as are specifically set forth in the indenture. Upon an event of default under the indenture, the trustee must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, the trustee is under no obligation to exercise any of the powers given it by the indenture at the request of any holder of debt securities unless it is offered security or indemnity reasonably satisfactory to it against the costs, expenses and liabilities that it might incur.

The indenture and provisions of the Trust Indenture Act of 1939 contain limitations on the rights of the trustee, should it become a creditor of us or any guarantor, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise.

The trustee may hold debt securities and is permitted to engage in other transactions with us and any of our subsidiaries or affiliates; provided that if it acquires any conflicting interest, it must eliminate such conflict or resign.

Payment and Paying Agents

Unless we otherwise indicate in the applicable prospectus supplement, we will make payment of the interest on any debt securities on any interest payment date to the person in whose name the debt securities, or one or more predecessor securities, are registered at the close of business on the regular record date for the interest.

We will pay principal of, and any premium and interest on, the debt securities of a particular series at the office of the paying agents designated by us, except that, unless we otherwise indicate in the applicable prospectus supplement, we may make payments of principal or interest by check, which we will mail to the holder or by wire transfer to certain holders. The trustee will initially act as paying agent and registrar. We will name in the applicable prospectus supplement any other paying agents that we initially designate for the debt securities of a particular series.

Subject to applicable escheatment laws, any money deposited with the trustee or any paying agent, or then held by us, in trust for the payment of the principal of, premium on, if any, or interest on any debt security and remaining unclaimed for two years after such principal, premium, if any, or interest, has become due and payable shall be paid to us on our request or (if then held by us) will be discharged from such trust; and the holder of such debt security will thereafter be permitted to look only to us for payment thereof and all liability of the Trustee shall cease.

Governing Law

The indenture, the debt securities and any guarantees thereunder will be governed by and construed in accordance with the laws of the State of New York.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of Class A common stock, preferred stock, debt securities or other securities, or units of two or more of these types of securities. Warrants may be issued independently or together with Class A common stock, preferred stock or debt securities and may be attached to or separate from these securities. Each series of warrants will be issued under a separate warrant agreement.

The summary of the terms of the warrants contained in this prospectus does not purport to be a complete description of the terms of the warrants and is subject to, and qualified in its entirety by, the provisions of the warrant agreement and warrant certificate applicable to a particular series of warrants. A prospectus supplement will be issued with regard to each issue or series of warrants.

Warrants to Purchase Class A Common Stock, Preferred Stock and Other Securities

Each prospectus supplement for warrants to purchase Class A common stock, preferred stock and other securities will describe:

- the title of the warrants;
- the securities for which the warrants are exercisable;
- the price or prices at which the warrants will be issued;
- if applicable, the number of the warrants issued with each share of Class A common stock, preferred stock or other securities or that of another issuer;
- any provisions for adjustment of the number or amount of shares of Class A common stock, preferred stock or other securities or that of another issuer receivable upon exercise of the warrants or the exercise price of the warrants;
- if applicable, the date on and after which such warrants and related Class A common stock, preferred stock or other securities or that of another issuer will be separately transferable;
- if applicable, a discussion of material federal income tax considerations; and
- any other material terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

Warrants to Purchase Debt Securities

Each prospectus supplement for warrants to purchase debt securities will describe:

- the title of the debt warrants;
- the aggregate number of the debt warrants;
- the price or prices at which the debt warrants will be issued;
- the designation, aggregate principal amount and terms of the debt securities purchasable upon exercise of the debt warrants, and the procedures and conditions relating to the exercise of the debt warrants;

Table of Contents

- the maximum or minimum number of the debt warrants which may be exercised at any time;
- if applicable, a discussion of any material federal income tax considerations; and
- any other material terms of the debt warrants and terms, procedures and limitations relating to the exercise of the debt warrants.

Certificates for warrants to purchase debt securities will be exchangeable for new debt warrant certificates of different denominations. Warrants may be exercised at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement.

Exercise of Warrants

Each warrant will entitle the holder of the warrant to purchase shares of Class A common stock or preferred stock, the principal amount of debt securities or amounts of other securities at the exercise price as shall in each case be set forth in, or be determinable as set forth in, the applicable prospectus supplement relating to the warrants. Warrants may be exercised at any time up to the close of business on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, forward the shares of Class A common stock or preferred stock, debt securities, or other securities to be purchased upon such exercise. If less than all of the warrants represented by a warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

Prior to the exercise of any warrants to purchase shares of Class A common stock, preferred stock or debt securities, holders of the warrants will not have any of the rights of holders of Class A common stock, preferred stock or debt securities purchasable upon exercise, including:

- in the case of warrants for the purchase of Class A common stock or preferred stock, the right to vote or to receive any payments of dividends on the Class A common stock or preferred stock purchasable upon exercise; or
- in the case of warrants for the purchase of debt securities, the right to receive payments of principal of, or any premium or interest on, the debt securities purchasable upon exercise or to enforce covenants in the applicable indenture.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts, including contracts obligating holders to purchase from us, and for us to sell to holders, a specific or variable number of our shares of Class A common stock or preferred stock, depository shares, debt securities or warrants, or debt obligations of an entity unaffiliated with us, or any combination of the above, at a future date or dates. Alternatively, the purchase contracts may obligate us to purchase from holders, and obligate holders to sell to us, a specific or variable number of our shares of Class A common stock or preferred stock, depository shares, debt securities, warrants or other property, or any combination of the above. The price of the securities or other property subject to the purchase contracts may be fixed at the time the purchase contracts are issued or may be determined by reference to a specific formula described in the purchase contracts. We may issue purchase contracts separately or as a part of units, each consisting of a purchase contract and one or more of our other securities described in this prospectus or debt obligations of third parties, including U.S. Treasury securities, securing the holder's obligations under the purchase contract. The purchase contracts may require us to make periodic payments to holders or vice versa and the payments may be unsecured or pre-funded on some basis. The purchase contracts may require holders to secure the holder's obligations in a manner specified in the applicable prospectus supplement.

The applicable prospectus supplement will describe the terms of any purchase contracts in respect of which this prospectus is being delivered, including, to the extent applicable, the following:

- whether the purchase contracts obligate the holder or us to purchase or sell, or both purchase and sell, the securities subject to purchase under the purchase contract, and the nature and amount of each of those securities, or the method of determining those amounts;
- whether the purchase contracts are to be prepaid;
- whether the purchase contracts are to be settled by delivery, or by reference or linkage to the value, performance or level of the securities subject to purchase under the purchase contract;
- any acceleration, cancellation, termination or other provisions relating to the settlement of the purchase contracts;
- any applicable U.S. federal income tax considerations; and
- whether the purchase contracts will be issued in fully registered or global form.

To the extent any purchase contract relates to third party debt obligations, we will comply with the registration and disclosure requirements of the Securities Act and any other applicable rules and regulations and will include disclosure as necessary in the applicable prospectus supplement or other offering materials, including, as necessary, any required financial statement and non-financial statement disclosure about the issuer of such third party debt obligations.

The preceding description sets forth certain general terms and provisions of the purchase contracts to which any prospectus supplement may relate. The particular terms of the purchase contracts to which any prospectus supplement may relate and the extent, if any, to which the general provisions may apply to the purchase contracts so offered will be described in the applicable prospectus supplement. To the extent that any particular terms of the purchase contracts described in a prospectus supplement differ from any of the terms described above, then the terms described above will be deemed to have been superseded by that prospectus supplement. We encourage you to read the applicable purchase contract for additional information before you decide whether to purchase any of our purchase contracts.

DESCRIPTION OF UNITS

We may issue units comprised of one or more of the other securities described in this prospectus in one or more series and in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

We may evidence each series of units by unit certificates that we will issue under a separate agreement. We may enter into unit agreements with a unit agent. Each unit agent will be a bank or trust company that we select. We will indicate the name and address of the unit agent in the applicable prospectus supplement relating to a particular series of units.

The applicable prospectus supplement may describe:

- the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
- the price or prices at which the units will be issued;
- any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; and
- any other terms of the units and their constituent securities.

SELLING STOCKHOLDERS

This prospectus also relates to the possible resale from time to time by certain of our stockholders, who we refer to in this prospectus as the “selling stockholders,” of up to 1,000,000 shares of our Class A common stock that were issued and outstanding prior to the original date of filing of the registration statement of which this prospectus forms a part. PLAN OF DISTRIBUTION

We or the selling stockholders may sell the securities offered by this prospectus in any one or more of the following ways from time to time:

- on the NASDAQ Global Market (including through at the market offerings);
- in the over-the-counter market;
- in privately negotiated transactions;
- through broker/dealers, who may act as agents or principals;
- through one or more underwriters on a firm commitment or best-efforts basis;
- in a block trade in which a broker/dealer will attempt to sell a block of securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- through put or call option transactions relating to the securities;
- directly to purchasers, including through a specific bidding, auction or other process;
- through agents;
- through a combination of any of the above methods of sale; or
- by any other method permitted pursuant to applicable law.

The distribution of securities may be effected from time to time in one or more transactions, including block transactions and transactions on the NASDAQ Global Market or any other organized market where the shares may be traded. The securities may be sold at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices relating to the prevailing market prices or at negotiated prices. The consideration may be cash or another form negotiated by the parties. Agents, underwriters or broker-dealers may be paid compensation for offering and selling the securities. That compensation may be in the form of discounts, concessions or commissions to be received from us or the selling stockholders, or from the purchasers of the securities. Selling stockholders, dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and compensation received by them on resale of the securities may be deemed to be underwriting discounts.

Agents may from time to time solicit offers to purchase the securities. If required, any agent involved in the offer or sale of the securities will be named, and any compensation payable to the agent will be described, in the applicable prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment. Any agent selling the securities covered by this prospectus may be deemed to be an underwriter, as that term is defined in the Securities Act, of the securities.

If underwriters are used in a sale, securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale, or under delayed delivery contracts or other contractual commitments. Securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. If an underwriter or underwriters are used in the sale of securities, an underwriting agreement will be executed with the underwriter or underwriters at the time an agreement for the sale is reached. The underwriter may sell the securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for which they may act as agent. The applicable prospectus supplement will set forth the managing underwriter or underwriters, as well as any other underwriter or underwriters, with respect to a particular underwritten offering of securities, and will set forth the terms of the transactions, including compensation of the underwriters and dealers and the public

offering price, if applicable. Unless otherwise indicated in a prospectus supplement, an agent will be acting on a best efforts basis and a dealer will purchase securities as a principal, and may then resell the securities at varying prices to be determined by the dealer. The prospectus and prospectus supplement will be used by the underwriters to resell the securities.

If a dealer is used in the sale of the securities, we, the selling stockholders or an underwriter will sell the securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale. To the extent required, the name of the dealer and the terms of the transactions will be set forth in the prospectus supplement.

We may directly solicit offers to purchase the securities and we or the selling stockholders may make sales of securities directly to institutional investors or others. These persons may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale of the securities. To the extent required, the prospectus supplement will describe the terms of any such sales, including the terms of any bidding or auction process, if used.

Agents, underwriters and dealers may be entitled under agreements which may be entered into with us or the selling stockholders to indemnification by us or the selling stockholders against specified liabilities, including liabilities incurred under the Securities Act, or to contribution by us or the selling stockholders to payments they may be required to make in respect of such liabilities. The prospectus supplement will describe the terms and conditions of such indemnification or contribution. Some of the agents, underwriters or dealers, or their affiliates may be customers of, engage in transactions with or perform services for us or our subsidiaries in the ordinary course of business.

Under the securities laws of some states, the securities offered by this prospectus may be sold in those states only through registered or licensed brokers or dealers.

We will not receive any of the proceeds from the sale by the selling stockholders of the shares of Class A common stock. If such shares of Class A common stock are sold through underwriters or broker-dealers, the selling stockholder will be responsible for underwriting discounts or commissions or agent's commissions. In addition to the above-mentioned methods of sale, the selling stockholders may also resell all or a portion of their securities in reliance upon Rule 144 under the Securities Act, as permitted by that rule, or Section 4(a)(1) under the Securities Act, if available, rather than under this prospectus or an applicable prospectus supplement, provided that the selling stockholders meet the criteria and conform to the requirements of those provisions.

In connection with sales of the shares of Class A common stock or otherwise, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the shares of Class A common stock in the course of hedging in positions they assume. The selling stockholders may also sell shares of Class A common stock short and if such short sale shall take place after the date that the registration statement of which this prospectus is a part is declared effective by the Commission, the selling stockholders may deliver shares of Class A common stock covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling stockholders may also loan or pledge shares of Class A common stock to broker-dealers that in turn may sell such shares, to the extent permitted by applicable law. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). Notwithstanding the foregoing, the selling stockholders have been advised that they may not use shares registered on the registration statement of which this prospectus forms a part to cover short sales of our Class A common stock made prior to the date the registration statement, of which this prospectus forms a part, has been declared effective by the Commission.

Table of Contents

The selling stockholders may, from time to time, pledge or grant a security interest in some or all of the shares of Class A common stock owned by the selling stockholders and, if any such selling stockholder defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell the shares of Class A common stock from time to time pursuant to this prospectus, or an amendment or supplement thereto, under Rule 424(b)(3) or other applicable provision of the Securities Act, amending, if necessary, the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer and donate the shares of Class A common stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

Because selling stockholders may be deemed to be “underwriters” within the meaning of Section 2(a)(11) of the Securities Act, selling stockholders may be subject to the prospectus delivery requirements of the Securities Act, which may include delivery through the facilities of the NASDAQ Global Market pursuant to Rule 153 under the Securities Act.

Any person participating in the distribution of Class A common stock registered under the registration statement that includes this prospectus will be subject to applicable provisions of the Exchange Act and the applicable SEC rules and regulations, including, among others, Regulation M, which may limit the timing of purchases and sales of any of Class A common stock by any such person. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of Class A common stock to engage in market-making activities with respect to Class A common stock. These restrictions may affect the marketability of Class A common stock and the ability of any person or entity to engage in market-making activities with respect to Class A common stock.

Certain persons participating in the offering may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act that stabilize, maintain or otherwise affect the price of the offered securities. We may engage in at-the-market offerings into an existing trading market in accordance with Rule 415(a)(4) under the Securities Act. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be named in the applicable prospectus supplement (or a post-effective amendment). In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus and an applicable prospectus supplement. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

The specific terms of any lock-up provisions in respect of any given offering will be described in the applicable prospectus supplement.

In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc., or FINRA, the maximum consideration or discount to be received by any FINRA member or independent broker dealer may not exceed 8% of the aggregate proceeds of the offering.

The underwriters, dealers and agents may engage in transactions with us, or perform services for us, in the ordinary course of business for which they receive compensation.

PROSPECTUS

PART II

INFORMATION NOT REQUIRED IN THE PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution.

The following table sets forth the expenses (all of which are to be paid by the registrant) expected to be incurred in connection with the issuance and distribution of the securities being registered. All amounts are estimated except the SEC registration fee.

SEC Registration Fee	\$5,070(1)
FINRA Filing Fee	\$ *(2)
Legal Fees and Expenses	\$ *(2)
Accounting Fees and Expenses	\$ *(2)
Printing and Engraving Expenses	\$ *(2)
Fees and Expenses of the Transfer Agent or Trustee	\$ *(2)
Miscellaneous	\$ *(2)
Total	<u>\$ (2)</u>

(1) Includes \$222 for the registration of shares held by the selling stockholders.

(2) These fees are calculated based on the securities offered and the number of issuances and accordingly cannot be estimated at this time.

Item 15. Indemnification of Directors and Officers.

Section 102 of the General Corporation Law of the State of Delaware permits a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except for breaches of the director's duty of loyalty to the corporation or its stockholders, acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of a law, authorizations of the payments of a dividend or approval of a stock repurchase or redemption in violation of Delaware corporate law or for any transactions from which the director derived an improper personal benefit. The registrant's amended and restated certificate of incorporation provides that no director will be liable to the registrant or its stockholders for monetary damages for breach of fiduciary duties as a director, subject to the same exceptions as described above. The registrant has entered into separate indemnification agreements with each of its directors which may, in some cases, be broader than the specific indemnification provisions contained under Delaware law. These indemnification agreements generally require the registrant, among other things, to indemnify its directors against liabilities that may arise by reason of their status or service as directors. These indemnification agreements also generally require the registrant to advance any expenses incurred by the directors as a result of any proceeding against them as to which they could be indemnified. The registrant has also purchased and expects to maintain standard insurance policies that provide coverage (1) to its directors and officers against loss arising from claims made by reason of breach of duty or other wrongful act and (2) to it with respect to indemnification payments the registrant may make to such officers and directors.

Section 145 of the General Corporation Law of the State of Delaware provides that a corporation has the power to indemnify a director, officer, employee, or agent of the corporation and certain other persons serving at the request of the corporation in related capacities against expenses (including attorneys' fees), judgments, fines and amounts paid in settlements actually and reasonably incurred by the person in connection with a threatened, pending, or completed action, suit or proceeding to which he or she is or is threatened to be made a party by reason of such position, if such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, in any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful, except that, in the case of actions brought by or in the right of the corporation, indemnification is limited to expenses (including attorneys' fees) actually and

Table of Contents

reasonably incurred by the person in connection with defense or settlement of such action or suit and no indemnification shall be made with respect to any claim, issue, or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or other adjudicating court determines that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper. In addition, to the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit, or proceeding described above (or claim, issue, or matter therein), such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith. Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative, or investigative action, suit, or proceeding may be advanced by the corporation upon receipt of an undertaking by such person to repay such amount if it is ultimately determined that such person is not entitled to indemnification by the corporation under Section 145 of the General Corporation Law of the State of Delaware.

The registrant's amended and restated certificate of incorporation provides that the registrant will, to the fullest extent permitted by law, indemnify any person made or threatened to be made a party to an action or proceeding by reason of the fact that he or she (or his or her testators or intestate) is or was a director or officer of the Company or serves or served at any other corporation, partnership, joint venture, trust or other enterprise in a similar capacity or as an employee or agent at the registrant's request, including service with respect to employee benefit plans maintained or sponsored by the registrant, against expenses (including attorneys'), judgments, fines, penalties and amounts paid in settlement incurred in connection with the investigation, preparation to defend, or defense of such action, suit, proceeding, or claim. However, the registrant is not required to indemnify or advance expenses in connection with any action, suit, proceeding, claim, or counterclaim initiated by the registrant or on behalf of it. The registrant's amended and restated bylaws provide that it will indemnify and hold harmless each person who was or is a party or threatened to be made a party to any action, suit, or proceeding by reason of the fact that he or she is or was a director or officer of the registrant, or is or was serving at its request in a similar capacity of another corporation, partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans (whether the basis of such action, suit, or proceeding is an action in an official capacity as a director or officer or in any other capacity while serving as a director or officer) to the fullest extent authorized by the Delaware General Corporation Law against all expense, liability and loss (including attorneys' fees, judgments, fines, ERISA excise taxes, or penalties and amounts paid in settlement) reasonably incurred or suffered by such person in connection with such action, suit or proceeding, and this indemnification continues after such person has ceased to be an officer or director and inures to the benefit of such person's heirs, executors and administrators. The indemnification rights also include the right generally to be advanced expenses, subject to any undertaking required under Delaware General Corporation Law, and the right generally to recover expenses to enforce an indemnification claim or to defend specified suits with respect to advances of indemnification expenses.

The indemnification rights set forth above are not exclusive of any other right which an indemnified person may have or hereafter acquire under any statute, provision of the registrant's amended and restated certificate of incorporation, amended and restated bylaws, agreement, vote of stockholders or disinterested directors or otherwise.

Item 16. Exhibits.

The list of exhibits in the Exhibit Index to this registration statement is incorporated herein by reference.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
- (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement,

provided, however, that subsections (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those subsections is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (A) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (B) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

Table of Contents

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
- (d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.

Each Security shall be dated the date of its authentication. Interest on the Securities shall be computed on the basis of a 360-day year composed of twelve 30-day months. Presentment and surrender of the Securities is required for final payment thereon.

The interest installment on any Security that is payable, and is punctually paid or duly provided for, on any Interest Payment Date for Securities of that series shall be paid to the Person in whose name said Security (or one or more Predecessor Securities) is registered at the close of business on the regular record date for such interest installment. In the event that any Security of a particular series or portion thereof is called for redemption and the redemption date is subsequent to a regular record date with respect to any Interest Payment Date and prior to such Interest Payment Date, interest on such Security will be paid upon presentation and surrender of such Security as provided in Section 3.3.

Any interest on any Security that is payable, but is not punctually paid or duly provided for, on any Interest Payment Date for Securities of the same series (herein called "**Defaulted Interest**") shall forthwith cease to be payable to the registered holder on the relevant regular record date by virtue of having been such holder; and such Defaulted Interest shall be paid by the Company, at its election, as provided in clause (1) or clause (2) below:

(1) The Company may make payment of any Defaulted Interest on Securities to the Persons in whose names such Securities (or their respective Predecessor Securities) are registered at the close of business on a special record date for the payment of such Defaulted Interest, which shall be fixed in the following manner: the Company shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each such Security and the date of the proposed payment, and at the same time the Company shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Persons entitled to such Defaulted Interest as in this clause provided. Thereupon the Trustee shall fix a special record date for the payment of such Defaulted Interest which shall not be more than 15 nor less than 10 days prior to the date of the proposed payment and not less than 10 days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Company of such special record date and, in the name and at the expense of the Company, shall cause notice of the proposed payment of such Defaulted Interest and the special record date therefor to be mailed, first class postage prepaid (or, in the case of Securities held in book-entry form, by electronic transmission), to each Securityholder at his or her address as it appears in the Security Register (as hereinafter defined), not less than 10 days prior to such special record date. Notice of the proposed payment of such Defaulted Interest and the special record date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Persons in whose names such Securities (or their respective Predecessor Securities) are registered on such special record date.

(2) The Company may make payment of any Defaulted Interest on any Securities in any other lawful manner not inconsistent with the requirements of any securities exchange on which such Securities may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Company to the Trustee of the proposed payment pursuant to this clause, such manner of payment shall be deemed practicable by the Trustee.

Unless otherwise set forth in a Board Resolution or one or more indentures supplemental hereto establishing the terms of any series of Securities pursuant to Section 2.1 hereof, the term “**regular record date**” as used in this Section with respect to a series of Securities and any Interest Payment Date for such series shall mean either the fifteenth day of the month immediately preceding the month in which an Interest Payment Date established for such series pursuant to Section 2.1 hereof shall occur, if such Interest Payment Date is the first day of a month, or the last day of the month immediately preceding the month in which an Interest Payment Date established for such series pursuant to Section 2.1 hereof shall occur, if such Interest Payment Date is the fifteenth day of a month, whether or not such date is a Business Day.

Subject to the foregoing provisions of this Section and Sections 2.5 and 2.11, each Security of a series delivered under this Indenture upon transfer of or in exchange for or in lieu of any other Security of such series shall carry the rights to interest accrued and unpaid, and to accrue, that were carried by such other Security.

SECTION 2.4 EXECUTION AND AUTHENTICATION.

The Securities shall be signed on behalf of the Company by an Authorized Officer and, to the extent necessary, under its corporate seal. Signatures may be in the form of a manual or facsimile signature.

The Company may use the facsimile signature of any Person who shall have been an Authorized Officer thereof, notwithstanding the fact that at the time the Securities shall be authenticated and delivered or disposed of such Person shall have ceased to be such an officer of the Company. To the extent a Company seal is necessary, the Company seal may be in the form of a facsimile of such seal and may be impressed, affixed, imprinted or otherwise reproduced on the Securities. The Securities may contain such notations, legends or endorsements required by law, stock exchange rule or usage. Each Security shall be dated the date of its authentication by the Trustee.

A Security shall not be valid until authenticated manually by an authorized signatory of the Trustee. Such signature shall be conclusive evidence that the Security so authenticated has been duly authenticated and delivered hereunder and that the holder is entitled to the benefits of this Indenture. At any time and from time to time after the execution and delivery of this Indenture, the Company may deliver Securities of any series executed by the Company to the Trustee for authentication, together with a Company Order for the authentication and delivery of such Securities, signed by an Authorized Officer, and the Trustee in accordance with such Company Order shall authenticate and deliver such Securities.

In authenticating such Securities and accepting the additional responsibilities under this Indenture in relation to such Securities, the Trustee shall receive, and (subject to Section 7.1) shall be fully protected in conclusively relying upon, an Opinion of Counsel stating that the form and terms thereof have been established in conformity with the provisions of this Indenture.

The Trustee shall not be required to authenticate such Securities if the issue of such Securities pursuant to this Indenture will affect the Trustee’s own rights, duties or immunities under the Securities and this Indenture or otherwise in a manner that is not reasonably acceptable to the Trustee.

SECTION 2.5 REGISTRATION OF TRANSFER AND EXCHANGE.

(a) Securities of any series may be exchanged upon presentation thereof at the office of the Security Registrar, for other Securities of such series of authorized denominations, and for a like aggregate principal amount, upon payment of a sum sufficient to cover any tax or other governmental charge in relation thereto, all as provided in this Section. In respect of any Securities so surrendered for exchange, the Company shall execute, the Trustee shall authenticate and such office or agency shall deliver in exchange therefor the Security or Securities of the same series that the Securityholder making the exchange shall be entitled to receive, bearing numbers not contemporaneously outstanding.

(b) Upon surrender for transfer of any Security at the office of the Security Registrar, the Company shall execute, the Trustee shall authenticate and the Security Registrar shall deliver in the name of the transferee or transferees a new Security or Securities of the same series as the Security presented for a like aggregate principal amount.

All Securities presented or surrendered for exchange or registration of transfer, as provided in this Section, shall be accompanied (if so required by the Company or the Security Registrar) by a written instrument or instruments of transfer, in form satisfactory to the Company or the Security Registrar, duly executed by the registered holder or by such holder's duly authorized attorney in writing.

(c) Except as provided pursuant to Section 2.1 pursuant to a Board Resolution, and set forth in an Officer's Certificate, or established in one or more indentures supplemental to this Indenture, no service charge shall be made for any exchange or registration of transfer of Securities, or issue of new Securities in case of partial repurchase or redemption of any series, but the Company and the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge in relation thereto, other than exchanges pursuant to Section 2.6, Section 3.3(b) and Section 9.4 not involving any transfer.

(d) The Company shall not be required (i) to issue, exchange or register the transfer of any Securities during a period beginning at the opening of business 15 days before the day of the mailing of a notice of redemption of less than all the Outstanding Securities of the same series and ending at the close of business on the day of such mailing, nor (ii) to register the transfer of or exchange any Securities of any series or portion thereof called for redemption, other than the unredeemed portion of any such Securities being redeemed in part.

(e) Successive registrations and registrations of transfers and exchanges as aforesaid may be made from time to time as desired, and each such registration shall be noted on the register for the Securities.

(f) The Security Registrar shall provide to the Trustee such information as the Trustee may reasonably require in connection with the delivery by such Security Registrar of Securities upon transfer or exchange of Securities.

(g) The provisions of this Section 2.5 are, with respect to any Global Security, subject to Section 2.11 hereof.

(h) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Security (including any transfers between or among Depository participants or beneficial owners of interests in any Global Security) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by the terms of, this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

(i) Neither the Trustee nor any agent shall have any responsibility or liability for any actions taken or not taken by the Depository.

SECTION 2.6 TEMPORARY SECURITIES.

Pending the preparation of definitive Securities of any series, the Company may execute, and the Trustee shall authenticate and deliver, temporary Securities (printed, lithographed or typewritten) of any authorized denomination. Such temporary Securities shall be substantially in the form of the definitive Securities in lieu of which they are issued, but with such omissions, insertions and variations as may be appropriate for temporary Securities, all as may be determined by the Company. Every temporary Security of any series shall be executed by the Company and be authenticated by the Trustee upon the same conditions and in substantially the same manner, and with like effect, as the definitive Securities of such series. Without unnecessary delay the Company will execute and will furnish definitive Securities of such series and thereupon any or all temporary Securities of such series may be surrendered in exchange therefor (without charge to the holders), at the office of the Security Registrar, and the Trustee shall authenticate and the Security Registrar shall deliver in exchange for such temporary Securities an equal aggregate principal amount of definitive Securities of such series, unless the Company advises the Trustee to the effect that definitive Securities need not be executed and furnished until further notice from the Company. Until so exchanged, the temporary Securities of such series shall be entitled to the same benefits under this Indenture as definitive Securities of such series authenticated and delivered hereunder.

SECTION 2.7 MUTILATED, DESTROYED, LOST OR STOLEN SECURITIES.

In case any temporary or definitive Security shall become mutilated or be destroyed, lost or stolen, the Company (subject to the next succeeding sentence) shall execute, and upon a Company Request, the Trustee (subject as aforesaid) shall authenticate and deliver, a new Security of the same series, bearing a number not contemporaneously outstanding, in exchange and substitution for the mutilated Security, or in lieu of and in substitution for the Security so destroyed, lost or stolen. In every case, the requirements of Section 8-405 of the Uniform Commercial Code shall be met and the applicant for a substituted Security shall furnish to the Company and the Trustee such security or indemnity as may be required by them to save each of them harmless, and, in every case of destruction, loss or theft, the applicant shall also furnish to the Company and the Trustee evidence to their satisfaction of the destruction, loss or theft of the applicant's Security and of the ownership thereof. The Trustee may authenticate any such substituted Security and deliver the same upon the delivery of a Company Order. Upon the issuance of any substituted Security, the Company may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

In case any Security that has matured or is about to mature shall become mutilated or be destroyed, lost or stolen, the Company may, instead of issuing a substitute Security, pay or authorize the payment of the same (without surrender thereof except in the case of a mutilated Security) if the applicant for such payment shall furnish to the Company and the Trustee such security or indemnity as they may require to save them harmless, and, in case of destruction, loss or theft, evidence to the satisfaction of the Company and the Trustee of the destruction, loss or theft of such Security and of the ownership thereof.

Every replacement Security issued pursuant to the provisions of this Section shall constitute an additional contractual obligation of the Company whether or not the mutilated, destroyed, lost or stolen Security shall be found at any time, or be enforceable by anyone, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Securities of the same series duly issued hereunder. All Securities shall be held and owned upon the express condition that the foregoing provisions are exclusive with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securities, and shall preclude (to the extent lawful) any and all other rights or remedies, notwithstanding any law or statute existing or hereafter enacted to the contrary with respect to the replacement or payment of negotiable instruments or other securities without their surrender.

SECTION 2.8 CANCELLATION.

All Securities surrendered for the purpose of payment, redemption, exchange or registration of transfer shall, if surrendered to the Company or any Paying Agent, be delivered to the Trustee for cancellation, or, if surrendered to the Trustee, shall be cancelled by it, and no Securities shall be issued in lieu thereof except as expressly required or permitted by any of the provisions of this Indenture. On the delivery of a Company Order at the time of such surrender, the Trustee shall cancel Securities held by the Trustee in accordance with its standard procedures and applicable law and provide confirmation to the Company of such cancellation if requested by the Company. In the absence of such request, the Trustee may dispose of canceled Securities in accordance with its standard procedures and deliver evidence of cancellation to the Company. If the Company shall otherwise acquire any of the Securities, however, such acquisition shall not operate as a redemption or satisfaction of the indebtedness represented by such Securities unless and until the same are delivered to the Trustee for cancellation.

SECTION 2.9 BENEFITS OF INDENTURE.

Nothing in this Indenture or in the Securities, express or implied, shall give or be construed to give to any Person, other than the parties hereto and the holders of the Securities any legal or equitable right, remedy or claim under or in respect of this Indenture, or under any covenant, condition or provision herein contained; all such covenants, conditions and provisions being for the sole benefit of the parties hereto and of the holders of the Securities.

SECTION 2.10 AUTHENTICATING AGENT.

So long as any of the Securities of any series remain Outstanding there may be an Authenticating Agent for any or all such series of Securities which the Trustee shall have the right to appoint. Said Authenticating Agent shall be authorized to act on behalf of the Trustee to authenticate Securities of such series issued upon exchange, transfer or partial redemption thereof, and Securities so authenticated shall be entitled to the benefits of this Indenture and shall be valid and obligatory for all purposes as if authenticated by the Trustee hereunder. All references in this Indenture to the authentication of Securities by the Trustee shall be deemed to include authentication by an Authenticating Agent for such series. Each Authenticating Agent shall be acceptable to the Company and shall be a corporation that has a combined capital and surplus, as most recently reported or determined by it, sufficient under the laws of any jurisdiction under which it is organized or in which it is doing business to conduct a trust business, and that is otherwise authorized under such laws to conduct such business and is subject to supervision or examination by federal or state authorities. If at any time any Authenticating Agent shall cease to be eligible in accordance with these provisions, it shall resign immediately.

Any Authenticating Agent may at any time resign by giving written notice of resignation to the Trustee and to the Company. The Trustee may at any time (and upon a Company Request shall) terminate the agency of any Authenticating Agent by giving written notice of termination to such Authenticating Agent and to the Company. Upon resignation, termination or cessation of eligibility of any Authenticating Agent, the Trustee may appoint an eligible successor Authenticating Agent acceptable to the Company. Any successor Authenticating Agent, upon acceptance of its appointment hereunder, shall become vested with all the rights, powers and duties of its predecessor hereunder as if originally named as an Authenticating Agent pursuant hereto.

SECTION 2.11 GLOBAL SECURITIES.

(a) If the Company shall establish pursuant to Section 2.1 that the Securities of a particular series are to be issued as a Global Security, then the Company shall execute and the Trustee shall, in accordance with Section 2.4, authenticate and deliver, a Global Security that (i) shall represent, and shall be denominated in an amount equal to the aggregate principal amount of, all of the Outstanding Securities of such series, (ii) shall be registered in the name of the Depository or its nominee, (iii) shall be delivered by the Trustee to the Depository or pursuant to the Depository's instruction and (iv) shall bear a legend substantially to the following effect: "Except as otherwise provided in Section 2.11 of this Indenture, this Security may be transferred, in whole but not in part, only to another nominee of the Depository or to a successor Depository or to a nominee of such successor Depository."

(b) Notwithstanding the provisions of Section 2.5, the Global Security of a series may be transferred, in whole but not in part and in the manner provided in Section 2.5, only to another nominee of the Depository for such series, or to a successor Depository for such series selected or approved by the Company or to a nominee of such successor Depository. Nothing in this Section 2.11(b) shall prohibit or render ineffective any transfer of a beneficial interest in a Global Security effected in accordance with the other provisions of this Indenture.

(e) If at any time the Depository for a series of the Securities notifies the Company that it is unwilling or unable to continue as Depository for such series or if at any time the Depository for such series shall no longer be registered or in good standing under the Exchange Act, or other applicable statute or regulation, and a successor Depository for such series is not appointed by the Company within 90 days after the Company receives such notice or becomes aware of such condition, as the case may be, or if an Event of Default has occurred and is continuing and the Company has received a request from the Depository, this Section 2.11 shall no longer be applicable to the Securities of such series and the Company will execute, and subject to Section 2.4, the Trustee will authenticate and deliver the Securities of such series in definitive registered form without coupons, in authorized denominations, and in an aggregate principal amount equal to the principal amount of the Global Security of such series in exchange for such Global Security. In addition, the Company may at any time determine that the Securities of any series shall no longer be represented by a Global Security and that the provisions of this Section 2.11 shall no longer apply to the Securities of such series. In such event the Company will execute and, subject to Section 2.4, the Trustee, upon receipt of an Officer's Certificate evidencing such determination by the Company, will authenticate and deliver the Securities of such series in definitive registered form without coupons, in authorized denominations, and in an aggregate principal amount equal to the principal amount of the Global Security of such series in exchange for such Global Security. Upon the exchange of the Global Security for such Securities in definitive registered form without coupons, in authorized denominations, the Global Security shall be canceled by the Trustee. Such Securities in definitive registered form issued in exchange for the Global Security pursuant to this Section 2.11(c) shall be registered in such names and in such authorized denominations as the Depository, pursuant to instructions from its direct or indirect participants or otherwise, shall instruct the Trustee. The Trustee shall deliver such Securities to the Persons in whose names such Securities are so registered.

SECTION 2.12 CUSIP AND ISIN NUMBERS.

The Company, in issuing the Securities, shall use CUSIP and ISIN numbers for such Securities (if then generally in use). The Trustee shall use CUSIP and ISIN numbers in notices of redemption as a convenience to holders; provided, however, that neither the Company nor the Trustee shall have any responsibility for any defect in the CUSIP or ISIN number that appears on any Security, check, advice of payment or redemption notice, and any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Securities or as contained in any notice of redemption and that reliance may be placed only on the other identification numbers printed on the Securities, and any such redemption shall not be affected by any defect in or omission of such numbers. The Company shall promptly notify the Trustee in writing in the event of any change in the CUSIP or ISIN numbers.

ARTICLE III REDEMPTION OF SECURITIES AND SINKING FUND PROVISIONS

SECTION 3.1 REDEMPTION.

The Company may redeem the Securities of any series issued hereunder on and after the dates and in accordance with the terms established for such series pursuant to Section 2.1 hereof. The provisions of this Article III may be modified, amended or replaced, in part or in their entirety, with Securities of any series, by an Officer's Certificate pursuant to a Board Resolution or one or more indentures supplemental hereto, in each case in accordance with Section 2.1 hereof.

SECTION 3.2 NOTICE OF REDEMPTION.

(a) In case the Company shall desire to exercise such right to redeem all or, as the case may be, a portion of the Securities of any series in accordance with any right the Company reserved for itself to do so pursuant to Section 2.1 hereof, the Company shall, or shall cause the Trustee to, give notice of such redemption to holders of the Securities of such series to be redeemed by mailing, first class postage prepaid (or, in the case of Securities held in book-entry form, by electronic transmission), a notice of such redemption not less than 30 days and not more than 60 days (except in accordance with Articles XI and XII) before the date fixed for redemption of that series to such holders at their last addresses as they shall appear upon the Security Register, unless a shorter period is specified in the Securities to be redeemed. Any notice that is mailed in the manner herein provided shall be conclusively presumed to have been duly given, whether or not the registered holder receives the notice. In any case, failure duly to give such notice to the holder of any Security of any series designated for redemption in whole or in part, or any defect in the notice, shall not affect the validity of the proceedings for the redemption of any other Securities of such series or any other series. In the case of any redemption of Securities prior to the expiration of any restriction on such redemption provided in the terms of such Securities or elsewhere in this Indenture, the Company shall furnish the Trustee with an Officer's Certificate evidencing compliance with any such restriction.

Each such notice of redemption shall specify the date fixed for redemption and the redemption price at which Securities of that series are to be redeemed, and shall state that payment of the redemption price of such Securities to be redeemed will be made at the office or agency of the Paying Agent or as otherwise established in a Board Resolution or an indenture supplemental hereto, upon presentation and surrender of such Securities, that interest accrued to the date fixed for redemption will be paid as specified in said notice, that from and after said date interest will cease to accrue and that the redemption is from a sinking fund, if such is the case. If less than all the Securities of a series are to be redeemed, the notice to the holders of Securities of that series to be redeemed in part shall specify the particular Securities to be so redeemed.

In case any Security is to be redeemed in part only, the notice that relates to such Security shall state the portion of the principal amount thereof to be redeemed, and shall state that on and after the redemption date, upon surrender of such Security, a new Security or Securities of such series in principal amount equal to the unredeemed portion thereof will be issued.

(b) If less than all the Securities of a series are to be redeemed, the Company shall give the Trustee at least 45 days' notice (unless a shorter notice shall be satisfactory to the Trustee) in advance of the date fixed for redemption as to the aggregate principal amount of Securities of the series to be redeemed, and thereupon the Trustee shall select, (i) if the Securities are in the form of Global Securities, by lot, or otherwise in accordance with the procedures of the Depositary, or (ii) if the Securities are not in the form of Global Securities, by lot, a portion or portions (equal to one thousand U.S. dollars (\$1,000) or any integral multiple thereof) of the principal amount of such Securities of a denomination larger than \$2,000, the Securities to be redeemed and shall thereafter promptly notify the Company in writing of the numbers of the Securities to be redeemed, in whole or in part. The Company may, if and whenever it shall so elect, by delivery of instructions signed on its behalf by an Authorized Officer, instruct the Trustee or any Paying Agent to call all or any part of the Securities of a particular series for redemption and to give notice of redemption in the manner set forth in this Section, such notice to be in the name of the Company or its own name as the Trustee or such Paying Agent may deem advisable. In any case in which notice of redemption is to be given by the Trustee or any such Paying Agent, the Company shall deliver or cause to be delivered to, or permit to remain with, the Trustee or such Paying Agent, as the case may be, such Security Register, transfer books or other records, or suitable copies or extracts therefrom, sufficient to enable the Trustee or such Paying Agent to give any notice by mail that may be required under the provisions of this Section.

SECTION 3.3 PAYMENT UPON REDEMPTION.

(a) If the giving of notice of redemption shall have been completed as above provided, the Securities or portions of Securities of the series to be redeemed specified in such notice shall become due and payable on the date and at the place stated in such notice at the applicable redemption price, together with interest accrued to the date fixed for redemption and interest on such Securities or portions of Securities shall cease to accrue on and after the date fixed for redemption, unless the Company shall default in the payment of such redemption price and accrued interest with respect to any such Security or portion thereof. On presentation and surrender of such Securities on or after the date fixed for redemption at the place of payment specified in the notice, said Securities shall be paid and redeemed at the applicable redemption price for such series, together with interest accrued thereon to the date fixed for redemption (but if the date fixed for redemption is an interest payment date, the interest installment payable on such date shall be payable to the registered holder at the close of business on the applicable record date pursuant to Section 2.3).

(b) Upon presentation of any Security of such series that is to be redeemed in part only, the Company shall execute and the Trustee shall authenticate and the office or agency where the Security is presented shall deliver to the holder thereof, at the expense of the Company, a new Security of the same series of authorized denominations in principal amount equal to the unredeemed portion of the Security so presented.

SECTION 3.4 SINKING FUND.

If Securities of a series provide for a sinking fund as contemplated by Section 2.1, the provisions of this Section 3.4 and Sections 3.5 and 3.6 shall be applicable to any sinking fund for the retirement of Securities of a series, except as otherwise specified as contemplated by Section 2.1 for Securities of such series.

The minimum amount of any sinking fund payment provided for by the terms of Securities of any series is herein referred to as a **“mandatory sinking fund payment,”** and any payment in excess of such minimum amount provided for by the terms of Securities of any series is herein referred to as an **“optional sinking fund payment”** If provided for by the terms of Securities of any series, the cash amount of any sinking fund payment may be subject to reduction as provided in Section 3.5. Each sinking fund payment shall be applied to the redemption of Securities of any series as provided for by the terms of Securities of such series.

SECTION 3.5 SATISFACTION OF SINKING FUND PAYMENTS WITH SECURITIES.

The Company (i) may deliver Outstanding Securities of a series and (ii) may apply as a credit Securities of a series that have been redeemed either at the election of the Company pursuant to the terms of such Securities or through the application of permitted optional sinking fund payments pursuant to the terms of such Securities, in each case in satisfaction of all or any part of any sinking fund payment with respect to the Securities of such series required to be made pursuant to the terms of such Securities as provided for by the terms of such series, provided that such Securities have not been previously so credited. Such Securities shall be received and credited for such purpose by the Trustee at the redemption price specified in such Securities for redemption through operation of the sinking fund and the amount of such sinking fund payment shall be reduced accordingly.

SECTION 3.6 REDEMPTION OF SECURITIES FOR SINKING FUND.

Not less than 45 days prior to each sinking fund payment date for any series of Securities (unless a shorter period shall be satisfactory to the Trustee), the Company will deliver to the Trustee an Officer's Certificate specifying the amount of the next ensuing sinking fund payment for that series pursuant to the terms of the series, the portion thereof, if any, that is to be satisfied by delivering and crediting Securities of that series pursuant to Section 3.5 and the basis for such credit and will, together with such Officer's Certificate, deliver to the Trustee any Securities to be so delivered. Not less than 30 days before each such sinking fund payment date the Trustee shall select the Securities to be redeemed upon such sinking fund payment date in the manner specified in Section 3.2 and cause notice of the redemption thereof to be given in the name of and at the expense of the Company in the manner provided in Section 3.2. Such notice having been duly given, the redemption of such Securities shall be made upon the terms and in the manner stated in Section 3.3.

ARTICLE IV COVENANTS

SECTION 4.1 PAYMENT OF PRINCIPAL, PREMIUM AND INTEREST.

The Company will duly and punctually pay or cause to be paid the principal of (and premium, if any) and interest on the Securities of that series at the time and place and in the manner provided herein and established with respect to such Securities. Payments of principal on the Securities may be made at the time provided herein and established with respect to such Securities by U.S. dollar check drawn on and mailed to the address of the Securityholder entitled thereto as such address shall appear in the Security Register, or U.S. dollar wire transfer to, a U.S. dollar account (such a wire transfer to be made only to a Securityholder of an aggregate principal amount of Securities of the applicable series in excess of U.S. \$2,000,000 and only if such Securityholder shall have furnished wire instructions to the Trustee no later than 15 days prior to the relevant payment date). Payments of interest on the Securities may be made at the time provided herein and established with respect to such Securities by U.S. dollar check mailed to the address of the Securityholder entitled thereto as such address shall appear in the Security Register, or U.S. dollar wire transfer to, a U.S. dollar account (such a wire transfer to be made only to a Securityholder of an aggregate principal amount of Securities of the applicable series in excess of U.S. \$2,000,000 and only if such Securityholder shall have furnished wire instructions in writing to the Security Registrar and the Trustee no later than 15 days prior to the relevant payment date).

SECTION 4.2 PAYING AGENT AND SECURITY REGISTRAR.

(a) So long as any series of the Securities remain Outstanding, the Company shall maintain an office or agency where Securities may be presented for registration of transfer or for exchange (“**Security Registrar**”), an office or agency where Securities may be presented for payment (“**Paying Agent**”) and an office or agency where notices to or upon the Company in respect of the Securities and this Indenture may be served. The Security Registrar shall keep a register for the recordation of, and shall record, the names and addresses of holders of the Securities, the Securities held by each holder and the transfer and exchange of Securities (the “**Security Register**”). The entries in the Security Register shall be conclusive, and the parties may treat each Person whose name is recorded in the Security Register pursuant to the terms hereof as a holder hereunder for all purposes of this Indenture. The Company may have one or more co-Security Registrars and one or more additional Paying Agents.

The Company hereby initially designates the Trustee as Paying Agent and Security Registrar, and the Corporate Trust Office shall be considered as one such office or agency of the Company for each of the aforesaid purposes, such designation to continue with respect to such office or agency until the Company shall, by written notice signed by an Authorized Officer and delivered to the Trustee, designate some other office or agency for such purposes or any of them.

(b) The Company shall enter into an appropriate agency agreement with any Security Registrar, Paying Agent, or co-registrar not a party to this Indenture, which shall incorporate the terms of the Trust Indenture Act. The agreement shall implement the provisions of this Indenture that relate to such agent. The Company shall notify the Trustee in writing of the name and address of any such agent. If the Company fails to maintain a Security Registrar or Paying Agent, the Trustee shall act as such and shall be entitled to appropriate compensation therefor. The Company and any of its Subsidiaries may act as Paying Agent, Security Registrar or co-registrar.

(c) If the Company shall appoint one or more Paying Agents for all or any series of the Securities, other than the Trustee, the Company will cause each such Paying Agent to execute and deliver to the Trustee an instrument in which such agent shall agree with the Trustee, subject to the provisions of this Section:

(1) that it will hold all sums held by it as such agent for the payment of the principal of (and premium, if any) or interest on the Securities of that series (whether such sums have been paid to it by the Company or by any other obligor of such Securities) in trust for the benefit of the Persons entitled thereto;

(2) that it will give the Trustee notice of any failure by the Company (or by any other obligor of such Securities) to make any payment of the principal of (and premium, if any) or interest on the Securities of that series when the same shall be due and payable;

(3) that it will, at any time during the continuance of any failure referred to in the preceding paragraph (a)(2) above, upon the written request of the Trustee, forthwith pay to the Trustee all sums so held in trust by such Paying Agent; and

(4) that it will perform all other duties of Paying Agent as set forth in this Indenture.

(d) If the Company shall act as its own Paying Agent with respect to any series of the Securities, it will on or before each due date of the principal of (and premium, if any) or interest on Securities of that series, set aside, segregate and hold in trust for the benefit of the Persons entitled thereto a sum sufficient to pay such principal (and premium, if any) or interest so becoming due on Securities of that series until such sums shall be paid to such Persons or otherwise disposed of as herein provided and will promptly notify the Trustee of such action, or any failure (by it or any other obligor on such Securities) to take such action. Whenever the Company shall have one or more Paying Agents for any series of Securities, it will, prior to each due date of the principal of (and premium, if any) or interest on any Securities of that series, deposit with the Paying Agent a sum sufficient to pay the principal (and premium, if any) or interest so becoming due, such sum to be held in trust for the benefit of the Persons entitled to such principal, premium or interest, and (unless such Paying Agent is the Trustee) the Company will promptly notify the Trustee of this action or failure so to act.

(e) Notwithstanding anything in this Section to the contrary, the Company may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, pay, or direct any Paying Agent to pay, to the Trustee all sums held in trust by the Company or such Paying Agent, such sums to be held by the Trustee upon the same terms and conditions as those upon which such sums were held by the Company or such Paying Agent; and, upon such payment by the Company or any Paying Agent to the Trustee, the Company or such Paying Agent shall be released from all further liability with respect to such money.

SECTION 4.3 APPOINTMENT TO FILL VACANCY IN OFFICE OF TRUSTEE.

The Company, whenever necessary to avoid or fill a vacancy in the office of Trustee, will appoint, in the manner provided in Section 7.10, a Trustee, so that there shall at all times be a Trustee hereunder.

SECTION 4.4 COMPLIANCE WITH CONSOLIDATION PROVISIONS.

The Company will not, while any of the Securities remain Outstanding, consolidate with or merge into any other Person, in either case where the Company is not the survivor of such transaction, or sell or convey all or substantially all of its property to any other Person unless the provisions of Article X hereof are complied with.

**ARTICLE V
SECURITYHOLDERS' LISTS AND REPORTS BY
THE COMPANY AND THE TRUSTEE**

SECTION 5.1 COMPANY TO FURNISH TRUSTEE NAMES AND ADDRESSES OF SECURITYHOLDERS.

The Company will furnish or cause to be furnished to the Trustee (a) on each regular record date (as defined in Section 2.3) a list, in such form as the Trustee may reasonably require, of the names and addresses of the holders of each series of Securities as of such regular record date, provided that the Company shall not be obligated to furnish or cause to furnish such list at any time that the list shall not differ in any respect from the most recent list furnished to the Trustee by the Company and (b) at such other times as the Trustee may request in writing within 30 days after the receipt by the Company of any such request, a list of similar form and content as of a date not more than 15 days prior to the time such list is furnished; provided, however, that, in either case, no such list need be furnished for any series for which the Trustee shall be the Security Registrar.

SECTION 5.2 PRESERVATION OF INFORMATION; COMMUNICATIONS WITH SECURITYHOLDERS.

(a) The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of the Securityholders of each series of Securities and shall otherwise comply with Section 312(a) of the Trust Indenture Act. If the Trustee is not the Security Registrar, the Company shall furnish to the Trustee at least ten (10) days before each interest payment date with respect to any series of Securities and at such other times as the Trustee may request in writing a list, in such form and as of such date as the Trustee may reasonably require, of the names and addresses of the Securityholders of such series of Securities, which list may be conclusively relied upon by the Trustee.

(b) Securityholders of any series may communicate pursuant to Section 312(b) of the Trust Indenture Act with other Securityholders of that series or any other series with respect to their rights under this Indenture or the Securities of that series or any other series.

(c) The Company, the Trustee, the Security Registrar and any other Person shall have the protection of Section 312(c) of the Trust Indenture Act.

SECTION 5.3 REPORTS BY THE COMPANY.

(a) So long as any Security is Outstanding, the Company shall furnish a copy to the Trustee, within 15 days after the Company files the same with the Commission, copies of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the Commission may from time to time by rules and regulations prescribe) that the Company files with the Commission pursuant to Section 13 or Section 15(d) of the Exchange Act; provided, however, the Company shall not be required to deliver to the Trustee any materials for which the Company has sought and received confidential treatment by the Commission; and provided further, so long as such filings by the Company are available on the Commission's Electronic Data Gathering, Analysis and Retrieval System (EDGAR), such filings shall be deemed to have been furnished to the Trustee for purposes of this Section 5.3 without any further action required by the Company. The Trustee shall have no obligation whatsoever to determine whether or not such filings have been made.

(b) Delivery of such reports, information and documents to the Trustee shall be for informational purposes only and the Trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of the covenants contained in this Indenture (as to which the Trustee is entitled to conclusively rely upon an Officer's Certificate).

SECTION 5.4 REPORTS BY THE TRUSTEE.

(a) The Trustee shall transmit to the Securityholders such reports concerning the Trustee and its actions under this Indenture as may be required pursuant to the Trust Indenture Act at the time and in the manner provided pursuant thereto. If required by Section 313(a) of the Trust Indenture Act, the Trustee shall, within 60 days after each May 15 following the date of this Indenture, deliver to holders a brief report, dated as of such May 15, which complies with the provisions of such Section 313(a).

(b) The Trustee shall comply with Section 313(b) and 313(c) of the Trust Indenture Act.

(c) A copy of each such report shall, at the time of such transmission to Securityholders, be filed by the Trustee with the Company, with each securities exchange upon which any Securities are listed (if so listed) and also with the Commission. The Company agrees to notify the Trustee when any Securities become listed on any securities exchange.

ARTICLE VI REMEDIES OF THE TRUSTEE AND SECURITYHOLDERS ON EVENT OF DEFAULT

SECTION 6.1 EVENTS OF DEFAULT.

(a) Whenever used herein with respect to Securities of a particular series, unless otherwise specified in a Board Resolution or in an indenture supplemental hereto, "**Event of Default**" means any one or more of the following events that has occurred and is continuing:

(1) the Company defaults in the payment of any installment of interest upon any of the Securities of that series, as and when the same shall become due and payable, and such default continues for a period of 30 days; provided, however, that a valid extension of an interest payment period by the Company in accordance with the terms of any Board Resolution or indenture supplemental hereto shall not constitute a default in the payment of interest for this purpose;

(2) the Company defaults in the payment of the principal of (or premium, if any, on) any of the Securities of that series as and when the same shall become due and payable whether at maturity, upon redemption, by declaration or otherwise, or in any payment required by any sinking or analogous fund established with respect to that series; provided, however, that a valid extension of the maturity of such Securities in accordance with the terms of any Board Resolution or indenture supplemental hereto shall not constitute a default in the payment of principal or premium, if any;

(3) the Company defaults in the performance or breach of its covenants or agreements with respect to that series contained in this Indenture or otherwise established with respect to that series of Securities pursuant to Section 2.1 hereof (other than a covenant or agreement that has been expressly included in this Indenture solely for the benefit of one or more series of Securities other than such series) for a period of 90 consecutive days after the date on which written notice of such failure, requiring the same to be remedied and stating that such notice is a “**Notice of Default**” hereunder, shall have been given to the Company by the Trustee, by registered or certified mail, or to the Company and the Trustee by the holders of at least 25% in principal amount of the Securities of that series at the time Outstanding;

(4) the Company pursuant to or within the meaning of any Bankruptcy Law (i) commences a voluntary case, (ii) consents to the entry of an order for relief against it in an involuntary case, (iii) consents to the appointment of a Custodian of it or for all or substantially all of its property or (iv) makes a general assignment for the benefit of its creditors;

(5) a court of competent jurisdiction enters an order under any Bankruptcy Law that (i) is for relief against the Company in an involuntary case, (ii) appoints a Custodian of the Company for all or substantially all of its property or (iii) orders the liquidation of the Company, and the order or decree remains unstayed and in effect for 60 consecutive days; or

(6) certain other specified events, as may be provided for in a Board Resolution or in a supplemental indenture.

(b) In each and every such case (other than an Event of Default specified in clause (4) or clause (5) above), unless the principal of all the Securities of that series shall have already become due and payable, either the Trustee or the holders of not less than 25% in aggregate principal amount of the Securities of that series then Outstanding hereunder, by notice in writing to the Company (and to the Trustee if given by such Securityholders), may, and the Trustee at the request of the holders of not less than 25% in aggregate principal amount of the Securities of that series then outstanding hereunder shall, declare the principal of (and premium, if any, on) and accrued and unpaid interest on all the Securities of that series to be due and payable immediately, and upon any such declaration the same shall become and shall be immediately due and payable. If an Event of Default specified in clause (4) or clause (5) above occurs, the principal of and accrued and unpaid interest on all the Securities of that series shall automatically be immediately due and payable without any declaration or other act on the part of the Trustee or the holders of the Securities.

(c) At any time after the principal of (and premium, if any, on) and accrued and unpaid interest on the Securities of that series shall have been so declared due and payable, and before any judgment or decree for the payment of the moneys due shall have been obtained or entered as hereinafter provided, the holders of a majority in aggregate principal amount of the Securities of that series then Outstanding hereunder, by written notice to the Company and the Trustee, may rescind and annul such declaration and its consequences if: (i) the Company has paid or deposited with the Trustee a sum sufficient to pay all matured installments of interest upon all the Securities of that series and the principal of (and premium, if any, on) any and all Securities of that series that shall have become due otherwise than by acceleration (with interest upon such principal and premium, if any, and, to the extent that such payment is enforceable under applicable law, upon overdue installments of interest, at the rate per annum expressed in the Securities of that series to the date of such payment or deposit) and the amount payable to the Trustee under Section 7.6, and (ii) any and all Events of Default under this Indenture with respect to such series, other than the nonpayment of principal of (and premium, if any, on) and accrued and unpaid interest on Securities of that series that shall not have become due by their terms, shall have been remedied or waived as provided in Section 6.6.

No such rescission and annulment shall extend to or shall affect any subsequent default or impair any right consequent thereon.

(d) In case the Trustee shall have proceeded to enforce any right with respect to Securities of that series under this Indenture and such proceedings shall have been discontinued or abandoned because of such rescission or annulment or for any other reason or shall have been determined adversely to the Trustee, then and in every such case, subject to any determination in such proceedings, the Company and the Trustee shall be restored respectively to their former positions and rights hereunder, and all rights, remedies and powers of the Company and the Trustee shall continue as though no such proceedings had been taken.

SECTION 6.2 COLLECTION OF INDEBTEDNESS AND SUITS FOR ENFORCEMENT BY TRUSTEE.

(a) The Company covenants that (i) in case it shall default in the payment of any installment of interest on any of the Securities of a series, and such default shall have continued for a period of 30 days, or (ii) in case it shall default in the payment of the principal of (or premium, if any, on) any of the Securities of a series when the same shall have become due and payable, whether upon maturity of the Securities of a series or upon redemption or upon declaration or otherwise, or in any payment required by any sinking or analogous fund established with respect to that series as and when the same shall have become due and payable, then, upon demand of the Trustee, the Company will pay to the Trustee, for the benefit of the holders of the Securities of that series, the whole amount that then shall have become due and payable on all such Securities for principal (and premium, if any) or interest, or both, as the case may be, with interest upon the overdue principal (and premium, if any) and (to the extent that payment of such interest is enforceable under applicable law) upon overdue installments of interest at the rate per annum expressed in the Securities of that series; and, in addition thereto, such further amount as shall be sufficient to cover the costs and expenses of collection, and the amount payable to the Trustee under Section 7.6.

(b) If the Company shall fail to pay such amounts forthwith upon such demand, the Trustee, in its own name and as trustee of an express trust, shall be entitled and empowered to institute any action or proceeding at law or in equity for the collection of the sums so due and unpaid, and may prosecute any such action or proceeding to judgment or final decree, and may enforce any such judgment or final decree against the Company or other obligor upon the Securities of that series and collect the moneys adjudged or decreed to be payable in the manner provided by law or equity out of the property of the Company or other obligor upon the Securities of that series, wherever situated.

(c) In case of any receivership, insolvency, liquidation, bankruptcy, reorganization, readjustment, arrangement, composition or judicial proceedings affecting the Company, or its creditors or property, the Trustee shall have power to intervene in such proceedings and take any action therein that may be permitted by the court and shall (except as may be otherwise provided by law) be entitled to file such proofs of claim and other papers and documents as may be necessary or advisable in order to have the claims of the Trustee and of the holders of Securities of such series allowed for the entire amount due and payable by the Company under this Indenture at the date of institution of such proceedings and for any additional amount that may become due and payable by the Company after such date, and to collect and receive any moneys or other property payable or deliverable on any such claim, and to distribute the same after the deduction of the amount payable to the Trustee under Section 7.6; and any receiver, assignee or trustee in bankruptcy or reorganization is hereby authorized by each of the holders of Securities of such series to make such payments to the Trustee, and, in the event that the Trustee shall consent to the making of such payments directly to such Securityholders, to pay to the Trustee any amount due it under Section 7.6.

(d) All rights of action and of asserting claims under this Indenture, or under any of the terms established with respect to Securities of that series, may be enforced by the Trustee without the possession of any of such Securities, or the production thereof at any trial or other proceeding relative thereto, and any such suit or proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall, after provision for payment to the Trustee of any amounts due under Section 7.6, be for the ratable benefit of the holders of the Securities of such series.

In case of an Event of Default hereunder, the Trustee may in its discretion proceed to protect and enforce the rights vested in it by this Indenture by such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any of such rights, either at law or in equity or in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement contained in this Indenture or in aid of the exercise of any power granted in this Indenture, or to enforce any other legal or equitable right vested in the Trustee by this Indenture or by law.

Nothing contained herein shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Securityholder any plan of reorganization, arrangement, adjustment or composition affecting the Securities of that series or the rights of any holder thereof or to authorize the Trustee to vote in respect of the claim of any Securityholder in any such proceeding.

SECTION 6.3 APPLICATION OF MONEYS COLLECTED.

Any moneys collected by the Trustee pursuant to this Article VI with respect to a particular series of Securities shall be applied in the following order, at the date or dates fixed by the Trustee and, in case of the distribution of such moneys on account of principal (or premium, if any) or interest, upon presentation of the Securities of that series, and notation thereon of the payment, if only partially paid, and upon surrender thereof if fully paid:

FIRST: To the payment of reasonable costs and expenses of collection and of all amounts payable to the Trustee under Section 7.6;

SECOND: To the payment to holders of Securities of the amounts then due and unpaid upon Securities of such series for principal (and premium, if any), amounts payable upon redemption or repurchase of the Securities, and interest, in respect of which or for the benefit of which such money has been collected, ratably, without preference or priority of any kind, according to the amounts due and payable on such Securities for principal (and premium, if any) and interest, respectively; and

THIRD: To the payment of the remainder, if any, to the Company or any other Person lawfully entitled thereto.

The Trustee may fix a record date and payment date for any payment to holders pursuant to this Section 6.3. At least 15 days before such record date, the Company shall mail to each holder and the Trustee a notice that states the record date, the payment date and the amount to be paid.

SECTION 6.4 LIMITATION ON SUITS.

No holder of any Security of any series shall have any right by virtue or by availing of any provision of this Indenture to institute any suit, action or proceeding in equity or at law upon or under or with respect to this Indenture or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless (i) such holder previously shall have given to the Trustee written notice of an Event of Default and of the continuance thereof with respect to the Securities of such series specifying such Event of Default, as hereinbefore provided; (ii) the holders of not less than 25% in aggregate principal amount of the Securities of such series then Outstanding shall have made written request upon the Trustee to institute such action, suit or proceeding in its own name as Trustee hereunder; (iii) such holder or holders shall have offered to the Trustee such indemnity reasonably satisfactory to it against the costs, losses, expenses and liabilities to be incurred therein or thereby; (iv) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity, shall have failed to institute any such action, suit or proceeding and (v) during such 60 day period, the holders of a majority in principal amount of the Securities of that series do not give the Trustee a direction inconsistent with the request.

Notwithstanding anything contained herein to the contrary or any other provisions of this Indenture, the right of any holder of any Security to receive payment of the principal of (and premium, if any) and interest on such Security, as therein provided, on or after the respective due dates expressed in such Security (or in the case of redemption, on the redemption date), or to institute suit for the enforcement of any such payment on or after such respective dates or redemption date, shall not be impaired or affected without the consent of such holder and by accepting a Security hereunder it is expressly understood, intended and covenanted by the taker and holder of every Security of such series with every other such taker and holder and the Trustee, that no one or more holders of Securities of such series shall have any right in any manner whatsoever by virtue or by availing of any provision of this Indenture to affect, disturb or prejudice the rights of the holders of any other of such Securities, or to obtain or seek to obtain priority over or preference to any other such holder, or to enforce any right under this Indenture, except in the manner herein provided and for the equal, ratable and common benefit of all holders of Securities of such series (it being understood that the Trustee does not have an affirmative duty to ascertain whether or not such actions or forbearances are unduly prejudicial to such holders). For the protection and enforcement of the provisions of this Section, each and every Securityholder and the Trustee shall be entitled to such relief as can be given either at law or in equity.

SECTION 6.5 RIGHTS AND REMEDIES CUMULATIVE; DELAY OR OMISSION NOT WAIVER.

(a) Except as otherwise provided in Section 2.7, all powers and remedies given by this Article VI to the Trustee or to the Securityholders shall, to the extent permitted by law, be deemed cumulative and not exclusive of any other powers and remedies available to the Trustee or the holders of the Securities, by judicial proceedings or otherwise, to enforce the performance or observance of the covenants and agreements contained in this Indenture or otherwise established with respect to such Securities.

(b) No delay or omission of the Trustee or of any holder of any of the Securities to exercise any right or power accruing upon any Event of Default occurring and continuing as aforesaid shall impair any such right or power, or shall be construed to be a waiver of any such default or an acquiescence therein; and, subject to the provisions of Section 6.4, every power and remedy given by this Article VI or by law to the Trustee or the Securityholders may be exercised from time to time, and as often as shall be deemed expedient, by the Trustee or by the Securityholders.

SECTION 6.6 CONTROL BY SECURITYHOLDERS.

The holders of a majority in aggregate principal amount of the Securities of any series at the time Outstanding, determined in accordance with Section 8.4, shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee with respect to such series; provided, however, that such direction shall not be in conflict with any rule of law or with this Indenture. Subject to the provisions of Section 7.1, the Trustee shall have the right to decline to follow any such direction if the Trustee in good faith shall, by a Trust Officer or officers of the Trustee, determine that the proceeding so directed, subject to the Trustee's duties under the Trust Indenture Act, would involve the Trustee in personal liability or might be unduly prejudicial to the Securityholders not involved in the proceeding. The holders of a majority in aggregate principal amount of the Securities of any series at the time Outstanding affected thereby, determined in accordance with Section 8.4, may on behalf of the holders of all of the Securities of such series waive any past default in the performance of any of the covenants contained herein or established pursuant to Section 2.1 with respect to such series and its consequences, except a default in the payment of the principal of, or premium, if any, or interest on, any of the Securities of that series as and when the same shall become due by the terms of such Securities otherwise than by acceleration (unless such default has been cured and a sum sufficient to pay all matured installments of interest and principal and any premium has been deposited with the Trustee (in accordance with Section 6.1(c)), which requires the consent of each holder affected by such waiver. Upon any such waiver, the default covered thereby shall be deemed to be cured for all purposes of this Indenture and the Company, the Trustee and the holders of the Securities of such series shall be restored to their former positions and rights hereunder, respectively; but no such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

SECTION 6.7 UNDERTAKING TO PAY COSTS.

All parties to this Indenture agree, and each holder of any Securities by such holder's acceptance thereof shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this Section shall not apply to any suit instituted by the Trustee, to any suit instituted by any Securityholder, or group of Securityholders, holding more than 10% in aggregate principal amount of the Outstanding Securities of any series, or to any suit instituted by any Securityholder for the enforcement of the payment of the principal of (or premium, if any) or interest on any Security of such series, on or after the respective due dates expressed in such Security or established pursuant to this Indenture.

ARTICLE VII CONCERNING THE TRUSTEE

SECTION 7.1 CERTAIN DUTIES AND RESPONSIBILITIES OF TRUSTEE.

(a) The Trustee, prior to the occurrence of an Event of Default with respect to the Securities of a series and after the curing of all Events of Default with respect to the Securities of that series that may have occurred, shall undertake to perform with respect to the Securities of such series such duties and only such duties as are specifically set forth in this Indenture, and no implied covenants shall be read into this Indenture against the Trustee. In case an Event of Default with respect to the Securities of a series has occurred (that has not been cured or waived), the Trustee shall exercise with respect to Securities of that series such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of his or her own affairs. Except during the continuance of an Event of Default with respect to the Securities of a series, in the absence of bad faith on its part, the Trustee may with respect to the Securities of such series conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture; but in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Trustee, the Trustee shall be under a duty to examine the same to determine whether or not they conform to the requirements of this Indenture (but need not confirm or investigate the accuracy of mathematical calculations or other facts stated therein).

(b) No provision of this Indenture shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

- (i) this subsection (b) shall not be construed to limit the effect of subsection (a) of this Section;
- (ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer or Trust Officers of the Trustee, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts;
- (iii) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the holders of not less than a majority in principal amount of the Securities of any series at the time Outstanding relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee under this Indenture with respect to the Securities of that series; and
- (iv) None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur personal financial liability in the performance of any of its duties or in the exercise of any of its rights or powers if there is reasonable ground for believing that the repayment of such funds or liability is not reasonably assured to it under the terms of this Indenture or adequate indemnity against such risk is not reasonably assured to it.

(c) Whether or not therein expressly so provided, every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section.

SECTION 7.2 CERTAIN RIGHTS OF TRUSTEE.

Except as otherwise provided in Section 7.1:

(a) The Trustee may conclusively rely and shall be fully protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, order, approval, bond, security or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(b) Any request, direction, order or demand of the Company mentioned herein shall be sufficiently evidenced by a Board Resolution or an instrument signed in the name of the Company by any authorized officer of the Company (unless other evidence in respect thereof is specifically prescribed herein);

(c) The Trustee may consult with counsel and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken or suffered or omitted hereunder in good faith and in reliance thereon;

(d) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request, order or direction of any of the Securityholders pursuant to the provisions of this Indenture, unless such Securityholders shall have offered to the Trustee security or indemnity reasonably satisfactory to it against the costs, losses, expenses and liabilities that may be incurred therein or thereby; nothing contained herein shall, however, relieve the Trustee of the obligation, upon the occurrence of an Event of Default with respect to a series of the Securities (that has not been cured or waived), to exercise with respect to Securities of that series such of the rights and powers vested in it by this Indenture, and to use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of his or her own affairs;

(e) The Trustee shall not be liable for any action taken or omitted to be taken by it in good faith and believed by it to be authorized or within the discretion or rights or powers conferred upon it by this Indenture;

(f) The Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, order, approval, bond, security, or other papers or documents, unless requested in writing so to do by the holders of not less than a majority in principal amount of the Outstanding Securities of the particular series affected thereby (determined as provided in Section 8.4), and, if so requested, except as otherwise prohibited by applicable law or as would reasonably be expected to violate or result in the loss or impairment of any attorney-client or work product privilege, the Trustee shall be entitled to examine the books, records, and premises of the Company, personally or by agent, or attorney, and it shall incur no liability or additional liability of any kind by reason of such inquiry or investigation; provided, however, that the Company shall not be required to provide access or furnish information in the event of any litigation involving this Indenture or the Securities except pursuant to applicable rules of discovery; and provided, further, that if the payment within a reasonable time to the Trustee of the costs, expenses or liabilities likely to be incurred by it in the making of such investigation is, in the opinion of the Trustee, not reasonably assured to the Trustee by the security afforded to it by the terms of this Indenture, the Trustee may require reasonable indemnity against such costs, expenses or liabilities as a condition to so proceeding. The reasonable expense of every such examination shall be paid by the Company or, if paid by the Trustee, shall be repaid by the Company upon demand;

(g) The Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder;

(h) In no event shall the Trustee be responsible or liable for special, indirect, punitive or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action;

(i) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer has actual knowledge thereof or unless written notice of any event which is in fact such a default is received by the Trustee at the Corporate Trust Office of the Trustee, and such notice references the Securities and this Indenture;

(j) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and each agent, custodian and other Person employed to act hereunder;

(k) The Trustee shall not be required to give any bond or surety in respect of the performance of its powers and duties hereunder;

(l) The Trustee shall not be liable for the acts or omissions of any other agent of the Company, and may assume performance by any such agent of its duties, absent written notice or actual knowledge to the contrary; and

(m) The permissive right of the Trustee to take the actions permitted by this Indenture shall not be construed as an obligation or duty to do so.

SECTION 7.3 TRUSTEE NOT RESPONSIBLE FOR RECITALS OR ISSUANCE OR SECURITIES.

(a) The recitals contained herein and in the Securities shall be taken as the statements of the Company, and the Trustee assumes no responsibility for the correctness of the same.

(b) The Trustee makes no representations as to the validity or sufficiency of this Indenture or of the Securities.

(c) The Trustee shall not be accountable for the use or application by the Company of any of the Securities or of the proceeds of such Securities, or for the use or application of any moneys paid over by the Trustee in accordance with any provision of this Indenture or established pursuant to Section 2.1, or for the use or application of any moneys received by any Paying Agent other than the Trustee.

SECTION 7.4 MAY HOLD SECURITIES AND OTHERWISE DEAL WITH THE COMPANY.

Subject to the Trust Indenture Act, the Trustee, the Security Registrar, any Paying Agent or any other agent of the Company, in its individual or any other capacity, may buy, own, hold, sell and become the pledgee of any of the Securities or any other evidences of indebtedness or other securities, whether heretofore or hereafter created or issued, of the Company or any Subsidiary or Affiliate of the Company with the same rights it would have if it were not Trustee, Security Registrar, Paying Agent or such other agent; and the Trustee may engage or be interested in any financial or other transaction with the Company or any Subsidiary or Affiliate of the Company, including, without limitation, secured and unsecured loans to the Company or any Subsidiary or Affiliate of the Company; and may maintain any and all other general banking and business relations with the Company and any Subsidiary or Affiliate of the Company with like effect and in the same manner and to the same extent as if the Trustee were not a party to this Indenture; and no implied covenant shall be read into this Indenture against the Trustee in respect of any such matters.

SECTION 7.5 MONEYS HELD IN TRUST.

Subject to the provisions of Sections 11.2, 12.5, 12.6 and 12.7, all moneys received by the Trustee shall, until used or applied as herein provided, be held in trust for the purposes for which they were received, but need not be segregated from other funds except to the extent required by law. The Trustee shall be under no liability for interest on any moneys received by it hereunder except such as it may agree with the Company to pay thereon.

SECTION 7.6 COMPENSATION AND REIMBURSEMENT.

(a) The Company covenants and agrees to pay to the Trustee, and the Trustee shall be entitled to, such compensation (which shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust) as the Company and the Trustee may from time to time agree in writing, for all services rendered by it in the execution of the trusts hereby created and in the exercise and performance of any of the powers and duties hereunder of the Trustee, and, except as otherwise expressly provided herein, the Company will pay or reimburse the Trustee upon its request for all reasonable expenses, disbursements and advances incurred or made by the Trustee in accordance with any of the provisions of this Indenture (including the reasonable compensation and the expenses and disbursements of its counsel and of all Persons not regularly in its employ), except any such expense, disbursement or advance as may arise from its negligence or willful misconduct and except as the Company and Trustee may from time to time agree in writing. The Company also covenants to indemnify the Trustee (and its officers, agents, directors and employees) for, and to hold it harmless against, any loss, costs, damages, liability or expense incurred without negligence or willful misconduct on the part of the Trustee (as determined by a court of competent jurisdiction in a final and non-appealable judgment) and arising out of or in connection with the acceptance or administration of this trust, including the reasonable costs and expenses of defending itself against any claim of liability in the premises.

(b) To secure the Company's payment obligations in this Section 7.6, the Trustee shall have a lien prior to the Securities of any series on all money or property held or collected by the Trustee, except that held in trust to pay principal of and interest on particular Securities of such series.

When the Trustee incurs expenses or renders services after an Event of Default specified in Section 6.1(a)(4) or 6.1(a)(5) occurs, the expenses and the compensation for the services are intended to constitute expenses of administration under any Bankruptcy Law.

The provisions of this Section 7.6 shall survive the resignation or removal of the Trustee and the termination or satisfaction of this Indenture.

SECTION 7.7 RELIANCE ON OFFICER'S CERTIFICATE.

Except as otherwise provided in Section 7.1, whenever in the administration of the provisions of this Indenture the Trustee shall deem it reasonably necessary or desirable that a matter be proved or established prior to taking or suffering or omitting to take any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of negligence or willful misconduct on the part of the Trustee, be deemed to be conclusively proved and established by an Officer's Certificate delivered to the Trustee and such certificate, in the absence of negligence or willful misconduct on the part of the Trustee, shall be full warrant to the Trustee for any action taken, suffered or omitted to be taken by it under the provisions of this Indenture upon the faith thereof.

SECTION 7.8 DISQUALIFICATION; CONFLICTING INTERESTS.

If the Trustee has or shall acquire any "conflicting interest" within the meaning of Section 310(b) of the Trust Indenture Act, the Trustee and the Company shall in all respects comply with the provisions of Section 310(b) of the Trust Indenture Act.

SECTION 7.9 CORPORATE TRUSTEE REQUIRED; ELIGIBILITY.

There shall at all times be a Trustee with respect to the Securities issued hereunder which shall at all times be a corporation organized and doing business under the laws of the U.S. or any state or territory thereof or of the District of Columbia, or a corporation or other Person permitted to act as trustee by the Commission, authorized under such laws to exercise corporate trust powers, having (or, in the case of a subsidiary of a bank holding company, its bank holding company parent shall have) a combined capital and surplus of at least one hundred million U.S. dollars (\$100,000,000), and subject to supervision or examination by federal, state, territorial, or District of Columbia authority.

If such corporation or other Person publishes reports of condition at least annually, pursuant to law or to the requirements of the aforesaid supervising or examining authority, then for the purposes of this Section, the combined capital and surplus of such corporation or other Person shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. The Company may not, nor may any Person directly or indirectly controlling, controlled by, or under common control with the Company, serve as Trustee. In case at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section, the Trustee shall resign immediately in the manner and with the effect specified in Section 7.10.

SECTION 7.10 RESIGNATION AND REMOVAL; APPOINTMENT OF SUCCESSOR.

(a) The Trustee or any successor hereafter appointed may at any time resign with respect to the Securities of one or more series by giving written notice thereof to the Company and by transmitting notice of resignation by mail, first class postage prepaid (or, in the case of Securities held in book-entry form, by electronic transmission), to the Securityholders of such series, as their names and addresses appear upon the Security Register. Upon receiving such notice of resignation, the Company shall promptly appoint a successor trustee with respect to Securities of such series by written instrument, in duplicate, executed by order of the Board of Directors, one copy of which instrument shall be delivered to the resigning Trustee and one copy to the successor trustee. If no successor trustee shall have been so appointed and have accepted appointment within 30 days after the mailing of such notice of resignation, the resigning Trustee may at the expense of the Company, petition any court of competent jurisdiction for the appointment of a successor trustee with respect to Securities of such series, or the holders of at least 10% in the aggregate principal amount of Outstanding Securities may petition any such court for the appointment of a successor trustee. Such court may thereupon after such notice, if any, as it may deem proper and prescribe, appoint a successor trustee.

(b) In case at any time any one of the following shall occur:

(i) the Trustee shall fail to comply with the provisions of Section 7.8 after written request therefor by the Company or by any Securityholder who has been a bona fide holder of a Security or Securities for at least six months; or

(ii) the Trustee shall cease to be eligible in accordance with the provisions of Section 7.9 and shall fail to resign after written request therefor by the Company or by any such Securityholder; or

(iii) the Trustee shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or commence a voluntary bankruptcy proceeding, or a receiver of the Trustee or of its property shall be appointed or consented to, or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation;

then, in any such case, the Company may remove the Trustee with respect to all Securities and appoint a successor trustee by written instrument, in duplicate, executed by order of the Board of Directors, one copy of which instrument shall be delivered to the Trustee so removed and one copy to the successor trustee, or any Securityholder who has been a bona fide holder of a Security or Securities for at least six months may, on behalf of that holder and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor trustee. Such court may thereupon after such notice, if any, as it may deem proper and prescribe, remove the Trustee and appoint a successor trustee.

(c) The holders of a majority in aggregate principal amount of the Securities of any series at the time Outstanding may, upon 30 days' notice, remove the Trustee with respect to such series by so notifying the Trustee and the Company and may appoint a successor Trustee for such series with the consent of the Company.

(d) Any resignation or removal of the Trustee and appointment of a successor trustee with respect to the Securities of a series pursuant to any of the provisions of this Section shall become effective upon acceptance of appointment by the successor trustee as provided in Section 7.11.

(e) Any successor trustee appointed pursuant to this Section may be appointed with respect to the Securities of one or more series or all of such series, and at any time there shall be only one Trustee with respect to the Securities of any particular series.

SECTION 7.11 ACCEPTANCE OF APPOINTMENT BY SUCCESSOR.

(a) In case of the appointment hereunder of a successor trustee with respect to all Securities, every such successor trustee so appointed shall execute, acknowledge and deliver to the Company and to the retiring Trustee an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Trustee shall become effective and such successor trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee; but, on the request of the Company or the successor trustee, such retiring Trustee shall, upon payment of its charges, execute and deliver an instrument transferring to such successor trustee all the rights, powers, and trusts of the retiring Trustee and shall duly assign, transfer and deliver to such successor trustee all property and money held by such retiring Trustee hereunder.

(b) In case of the appointment hereunder of a successor trustee with respect to the Securities of one or more (but not all) series, the Company, the retiring Trustee and each successor trustee with respect to the Securities of one or more series shall execute and deliver an indenture supplemental hereto wherein each successor trustee shall accept such appointment and which (i) shall contain such provisions as shall be necessary or desirable to transfer and confirm to, and to vest in, each successor trustee all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of that or those series to which the appointment of such successor trustee relates, (ii) shall contain such provisions as shall be deemed necessary or desirable to confirm that all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of that or those series as to which the retiring Trustee is not retiring shall continue to be vested in the retiring Trustee, and (iii) shall add to or change any of the provisions of this Indenture as shall be necessary to provide for or facilitate the administration of the trusts hereunder by more than one Trustee, it being understood that nothing herein or in such supplemental indenture shall constitute such Trustees co-trustees of the same trust, that each such Trustee shall be trustee of a trust or trusts hereunder separate and apart from any trust or trusts hereunder administered by any other such Trustee and that no Trustee shall be responsible for any act or failure to act on the part of any other Trustee hereunder; and upon the execution and delivery of such supplemental indenture the resignation or removal of the retiring Trustee shall become effective to the extent provided therein, such retiring Trustee shall with respect to the Securities of that or those series to which the appointment of such successor trustee relates have no further responsibility for the exercise of rights and powers or for the performance of the duties and obligations vested in the Trustee under this Indenture, and each such successor trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of that or those series to which the appointment of such successor trustee relates; but, on request of the Company or any successor trustee, such retiring Trustee shall duly assign, transfer and deliver to such successor trustee, to the extent contemplated by such supplemental indenture, the property and money held by such retiring Trustee hereunder with respect to the Securities of that or those series to which the appointment of such successor trustee relates.

(c) Upon request of any such successor trustee, the Company shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor trustee all such rights, powers and trusts referred to in paragraph (a) or (b) of this Section, as the case may be.

(d) No successor trustee shall accept its appointment unless at the time of such acceptance such successor trustee shall be qualified and eligible under this Article VII.

(e) Upon acceptance of appointment by a successor trustee as provided in this Section, the Company shall transmit notice of the succession of such trustee hereunder by mail, first class postage prepaid, to the Securityholders, as their names and addresses appear upon the Security Register. If the Company fails to transmit such notice within ten days after acceptance of appointment by the successor trustee, the successor trustee shall cause such notice to be transmitted at the expense of the Company.

SECTION 7.12 MERGER, CONVERSION, CONSOLIDATION OR SUCCESSION TO BUSINESS.

Any corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee (including the administration of the trust created by this Indenture), shall be the successor of the Trustee hereunder, provided that such corporation shall be qualified under the provisions of Section 7.8 and eligible under the provisions of Section 7.9, without the execution or filing of any paper or any further act on the part of any of the parties hereto, anything herein to the contrary notwithstanding. In case any Securities shall have been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such authentication and deliver the Securities so authenticated with the same effect as if such successor Trustee had itself authenticated such Securities.

SECTION 7.13 PREFERENTIAL COLLECTION OF CLAIMS AGAINST THE COMPANY.

The Trustee shall comply with Section 311(a) of the Trust Indenture Act, excluding any creditor relationship described in Section 311(b) of the Trust Indenture Act. A Trustee who has resigned or been removed shall be subject to Section 311(a) of the Trust Indenture Act to the extent included therein.

SECTION 7.14 NOTICE OF DEFAULT.

If any Default or any Event of Default occurs and is continuing and if the Trustee has notice of such Default or Event of Default, the Trustee shall mail to each Securityholder in the manner and to the extent provided in Section 313(c) of the Trust Indenture Act notice of the Default or Event of Default within 90 days after it occurs (or, the Trustee does not have notice of such Default or Event of Default until after that time, 15 days after the Trustee has notice of such Default or Event of Default), unless such Default or Event of Default has been cured; provided, however, that, except in the case of a default in the payment of the principal of (or premium, if any) or interest on any Security, the Trustee shall be protected in withholding such notice if and so long as the Trustee in good faith determines that the withholding of such notice is in the interest of the Securityholders.

SECTION 7.15 LIMITATION OF LIABILITY

The Trustee is entering into this Indenture and the other documents contemplated hereby and related hereto to which it is a party solely in its capacity as trustee under the Indenture and not in its individual capacity (except as expressly stated herein) and in no case shall the Trustee (or any Person acting as successor trustee under this Indenture) be personally liable for or on account of any of the statements, representations, warranties, covenants or obligations stated to be those of the Company hereunder or thereunder, all such liability, if any, being expressly waived by the parties hereto and any person claiming by, through or under such party.

**ARTICLE VIII
CONCERNING THE SECURITYHOLDERS**

SECTION 8.1 EVIDENCE OF ACTION BY SECURITYHOLDERS.

Whenever in this Indenture it is provided that the holders of a majority or specified percentage in aggregate principal amount of the Securities of a particular series may take any action (including the making of any demand or request, the giving of any notice, consent or waiver or the taking of any other action), the fact that at the time of taking any such action the holders of such majority or specified percentage of that series have joined therein may be evidenced by any instrument or any number of instruments of similar tenor executed by such holders of Securities of that series in person or by agent or proxy appointed in writing.

If the Company shall solicit from the Securityholders of any series any request, demand, authorization, direction, notice, consent, waiver or other action, the Company may, at its option, as evidenced by an Officer's Certificate, fix in advance a record date for such series for the determination of Securityholders entitled to give such request, demand, authorization, direction, notice, consent, waiver or other action, but the Company shall have no obligation to do so. If such a record date is fixed, such request, demand, authorization, direction, notice, consent, waiver or other action may be given before or after the record date, but only the Securityholders of record at the close of business on the record date shall be deemed to be Securityholders for the purposes of determining whether Securityholders of the requisite proportion of Outstanding Securities of that series have authorized or agreed or consented to such request, demand, authorization, direction, notice, consent, waiver or other action, and for that purpose the Outstanding Securities of that series shall be computed as of the record date; provided, however, that no such authorization, agreement or consent by such Securityholders on the record date shall be deemed effective unless it shall become effective pursuant to the provisions of this Indenture not later than six months after the record date.

SECTION 8.2 PROOF OF EXECUTION BY SECURITYHOLDERS.

Subject to the provisions of Section 7.1, proof of the execution of any instrument by a Securityholder (such proof will not require notarization) or his agent or proxy and proof of the holding by any Person of any of the Securities shall be sufficient if made in the following manner:

- (a) The fact and date of the execution by any such Person of any instrument may be proved in any reasonable manner acceptable to the Trustee.
- (b) The ownership of Securities shall be proved by the Security Register of such Securities or by a certificate of the Security Registrar thereof.

The Trustee may require such additional proof of any matter referred to in this Section as it shall deem necessary.

SECTION 8.3 WHO MAY BE DEEMED OWNERS.

Prior to the due presentment for registration of transfer of any Security, the Company, the Trustee, any Paying Agent and any Security Registrar may deem and treat the Person in whose name such Security shall be registered upon the books of the Security Registrar as the absolute owner of such Security (whether or not such Security shall be overdue and notwithstanding any notice of ownership or writing thereon made by anyone other than the Security Registrar) for the purpose of receiving payment of or on account of the principal of, premium, if any, and (subject to Section 2.3) interest on such Security and for all other purposes; and neither the Company nor the Trustee nor any Paying Agent nor any Security Registrar shall be affected by any notice to the contrary.

SECTION 8.4 CERTAIN SECURITIES OWNED BY COMPANY DISREGARDED.

In determining whether the holders of the requisite aggregate principal amount of Securities of a particular series have concurred in any direction, consent or waiver under this Indenture, the Securities of that series that are owned by the Company or any other obligor on the Securities of that series or by any Person directly or indirectly controlling or controlled by or under common control with the Company or any other obligor on the Securities of that series shall be disregarded and deemed not to be Outstanding for the purpose of any such determination, except that for the purpose of determining whether the Trustee shall be protected in relying on any such direction, consent or waiver, only Securities of such series that the Trustee actually knows are so owned shall be so disregarded. The Securities so owned that have been pledged in good faith may be regarded as Outstanding for the purposes of this Section, if the pledgee shall establish to the satisfaction of the Trustee the pledgee's right so to act with respect to such Securities and that the pledgee is not a Person directly or indirectly controlling or controlled by or under direct or indirect common control with the Company or any such other obligor. In case of a dispute as to such right, any decision by the Trustee taken upon the advice of counsel shall be full protection to the Trustee.

SECTION 8.5 ACTIONS BINDING ON FUTURE SECURITYHOLDERS.

At any time prior to (but not after) the evidencing to the Trustee, as provided in Section 8.1, of the taking of any action by the holders of the majority or percentage in aggregate principal amount of the Securities of a particular series specified in this Indenture in connection with such action, any holder of a Security of that series that is shown by the evidence to be included in the Securities the holders of which have consented to such action may, by filing written notice with the Trustee, and upon proof of holding as provided in Section 8.2, revoke such action so far as concerns such Security. Except as aforesaid any such action taken by the holder of any Security shall be conclusive and binding upon such holder and upon all future holders and owners of such Security, and of any Security issued in exchange therefor, on registration of transfer thereof or in place thereof, irrespective of whether or not any notation in regard thereto is made upon such Security. Any action taken by the holders of the majority or percentage in aggregate principal amount of the Securities of a particular series specified in this Indenture in connection with such action shall be conclusively binding upon the Company, the Trustee and the holders of all the Securities of that series.

ARTICLE IX SUPPLEMENTAL INDENTURES

SECTION 9.1 SUPPLEMENTAL INDENTURES WITHOUT THE CONSENT OF SECURITYHOLDERS.

In addition to any supplemental indenture otherwise authorized by this Indenture, the Company and the Trustee may from time to time and at any time enter into an indenture or indentures supplemental hereto (which shall comply with the provisions of the Trust Indenture Act as then in effect), without the consent of the Securityholders, for one or more of the following purposes:

- (a) to cure any ambiguity, defect, omission or inconsistency herein or in the Securities of any series (with such ambiguity, defect, omission or inconsistency being evidenced by an Officer's Certificate);
- (b) to comply with Article X, including to evidence the succession of another Person to the Company and the assumption by any such successor of the covenants of the Company herein and in the Securities contained or to provide for the assumption of a guarantor's obligations to holders of the Securities in the case of a merger or consolidation or sale of all or substantially all of the guarantor's assets;
- (c) to provide for uncertificated Securities in addition to or in place of certificated Securities provided that the uncertificated Securities are issued in registered form for purposes of Section 163(f) of the Code;
- (d) to add to the covenants of the Company or any guarantor for the benefit of the holders of the Securities of any series or to surrender any right or power conferred upon the Company or any guarantor;
- (e) to provide for the issuance of additional Securities of any series in accordance with the terms of this Indenture;
- (f) to evidence and provide for the acceptance of appointment hereunder by a successor trustee;
- (g) to comply with any requirements of the Commission or any successor in connection with the qualification of this Indenture under the Trust Indenture Act;
- (h) to provide security for the Securities of any series or to provide for any guarantee of the Securities of any series or to confirm or evidence the release, termination or discharge of any guarantee of or lien securing the Securities of any series when such release, termination or discharge is permitted by this Indenture;
- (i) to make any change that would provide any additional rights or benefits to the holders of the Securities of any series or that does not adversely affect the legal rights under this Indenture of any holder;

(j) to make any amendment to the provision of this Indenture relating to the transfer and legending of the Securities of any series; provided, however, that (1) compliance with this Indenture as so amended would not result in Securities of such series being transferred in violation of the Securities Act or any other applicable securities law and (2) such amendment does not materially and adversely affect the rights of holders to transfer Securities of such series; or

(k) to conform the text of this Indenture, any guarantee of the Securities of any series or the notes to any provision of the “Description of Debt Securities and Guarantees” included in the prospectus forming a part of the registration statement filed by the Company with the Commission on Form S-3 on August 4, 2016 or any subsequent description of Securities contained in any prospectus supplement, to the extent that such provision in that “Description of Debt Securities and Guarantees” or any subsequent description of Securities contained in any prospectus supplement was intended by the Company to be a verbatim recitation of a provision of this Indenture, any guarantee of the Securities of any series or the Securities, as applicable (with such intention being evidenced by an Officer’s Certificate).

The Trustee is hereby authorized to join with the Company in the execution of any such supplemental indenture, and to make any further appropriate agreements and stipulations that may be therein contained, but the Trustee shall not be obligated to enter into any such supplemental indenture that affects the Trustee’s own rights, duties or immunities under this Indenture or otherwise.

Any supplemental indenture authorized by the provisions of this Section may be executed by the Company and the Trustee without the consent of the holders of any of the Securities at the time Outstanding, notwithstanding any of the provisions of Section 9.2.

SECTION 9.2 SUPPLEMENTAL INDENTURES WITH THE CONSENT OF SECURITYHOLDERS.

With the consent (evidenced as provided in Section 8.1) of the holders of not less than a majority in aggregate principal amount of the Securities of each series affected by such supplemental indenture or indentures at the time Outstanding (including consents obtained in connection with a tender offer or exchange offer for the Securities), the Company, when authorized by a Board Resolution, and the Trustee may from time to time and at any time enter into an indenture or indentures supplemental hereto (which shall comply with the provisions of the Trust Indenture Act as then in effect) for the purpose of adding any provisions to or changing in any manner or eliminating (or waiving any past default or compliance with) any of the provisions of this Indenture or of any supplemental indenture or of modifying in any manner not covered by Section 9.1 the rights of the holders of the Securities of such series under this Indenture; provided, however, that no such supplemental indenture shall, without the consent of the holders of each Security then Outstanding and affected thereby,

- (a) reduce the percentage or aggregate principal amount of Securities, the holders of which are required to consent to any modification, amendment, supplement or waiver;
- (b) reduce the principal amount of, or premium, if any, or rate of interest on, such Securities;
- (c) extend the fixed maturity of such Securities;
- (d) extend the time for payment of interest on such Securities;
- (e) reduce the redemption or repurchase price of such Securities or change the time at which the Securities may or must be redeemed or repurchased;

- (f) change the currency of payment of principal of, or premium, if any, or interest on, such Securities;
- (g) waive a default in the payment of principal of, premium, if any, or interest on such Securities (except as provided in Section 6.1(c));
- (h) voluntarily release a guarantor of such Securities other than in accordance with this Indenture;
- (i) reduce the percentage or aggregate principal amount of Outstanding Securities the consent of whose holders is necessary for waiver of compliance with certain provisions of this Indenture or for waiver of certain defaults; or
- (j) impair the right to institute suit for the enforcement of any payment on or after the stated maturity (or, in the case of a redemption, on or after the redemption date) of such Securities.

It shall not be necessary for the consent of the Securityholders of any series affected thereby under this Section to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such consent shall approve the substance thereof.

SECTION 9.3 EFFECT OF SUPPLEMENTAL INDENTURES.

Upon the execution of any supplemental indenture pursuant to the provisions of this Article IX or of Section 10.1, this Indenture shall, with respect to such series, be and be deemed to be modified and amended in accordance therewith and the respective rights, limitations of rights, obligations, duties and immunities under this Indenture of the Trustee, the Company and the holders of Securities of the series affected thereby shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such supplemental indenture shall be and be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

SECTION 9.4 SECURITIES AFFECTED BY SUPPLEMENTAL INDENTURES.

Securities of any series affected by a supplemental indenture, authenticated and delivered after the execution of such supplemental indenture pursuant to the provisions of this Article IX or of Section 10.1, may bear a notation in form approved by the Company, provided such form meets the requirements of any securities exchange upon which such series may be listed, as to any matter provided for in such supplemental indenture. If the Company shall so determine, new Securities of that series so modified as to conform, in the opinion of the Board of Directors, to any modification of this Indenture contained in any such supplemental indenture may be prepared by the Company, authenticated by the Trustee and delivered in exchange for the Securities of that series then Outstanding.

SECTION 9.5 EXECUTION OF SUPPLEMENTAL INDENTURES.

Upon the request of the Company, accompanied by its Board Resolutions authorizing the execution of any such supplemental indenture, and upon the filing with the Trustee of evidence of the consent of Securityholders required to consent thereto as aforesaid, the Trustee shall join with the Company in the execution of such supplemental indenture unless such supplemental indenture affects the Trustee's own rights, duties or immunities under this Indenture or otherwise, in which case the Trustee may in its discretion but shall not be obligated to enter into such supplemental indenture. The Trustee shall receive, in addition to the documents required by Section 14.7(a), an Officer's Certificate and an Opinion of Counsel stating that and as conclusive evidence that any supplemental indenture executed pursuant to this Article IX is authorized or permitted by, and conforms to, the terms of this Article IX, constitutes the legal, valid and binding obligation of the Company, enforceable against it in accordance with its terms (subject to customary exceptions) and that it is proper for the Trustee under the provisions of this Article IX to join in the execution thereof.

Promptly after the execution by the Company and the Trustee of any supplemental indenture pursuant to the provisions of this Section, the Company shall transmit by mail, first class postage prepaid, a notice, setting forth in general terms the substance of such supplemental indenture, to the Securityholders of all series affected thereby as their names and addresses appear upon the Security Register. Any failure of the Company to mail such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such supplemental indenture.

**ARTICLE X
SUCCESSOR ENTITY**

SECTION 10.1 COMPANY MAY CONSOLIDATE, ETC.

Except as provided pursuant to Section 2.1 pursuant to a Board Resolution, and set forth in an Officer's Certificate, or established in one or more indentures supplemental to this Indenture, nothing contained in this Indenture shall prevent any consolidation or merger of the Company with or into any other Person (whether or not affiliated with the Company) or successive consolidations or mergers in which the Company or its successor or successors shall be a party or parties, or shall prevent any sale, conveyance, transfer or other disposition of the property of the Company or its successor or successors as an entirety, or substantially as an entirety, to any other corporation (whether or not affiliated with the Company or its successor or successors) authorized to acquire and operate the same; provided, however, the Company hereby covenants and agrees that, upon any such consolidation or merger (in each case, if the Company is not the survivor of such transaction), sale, conveyance, transfer or other disposition, (a) the due and punctual payment of the principal of (premium, if any) and interest on all of the Securities of all series in accordance with the terms of each series, according to their tenor, and the due and punctual performance and observance of all the covenants and conditions of this Indenture with respect to each series or established with respect to such series pursuant to Section 2.1 to be kept or performed by the Company shall be expressly assumed, by supplemental indenture (which shall conform to the provisions of the Trust Indenture Act, as then in effect) executed and delivered to the Trustee by the entity formed by such consolidation, or into which the Company shall have been merged, or by the entity which shall have acquired such property and (b) in the event that the Securities of any series then Outstanding are convertible into or exchangeable for shares of common stock or other securities of the Company, such entity shall, by such supplemental indenture, make provision so that the Securityholders of Securities of that series shall thereafter be entitled to receive upon conversion or exchange of such Securities the number of securities or property to which a holder of the number of shares of common stock or other securities of the Company deliverable upon conversion or exchange of those Securities would have been entitled had such conversion or exchange occurred immediately prior to such consolidation, merger, sale, conveyance, transfer or other disposition.

SECTION 10.2 SUCCESSOR ENTITY SUBSTITUTED.

(a) In case of any such consolidation, merger, sale, conveyance, transfer or other disposition and upon the assumption by the successor entity by supplemental indenture, executed and delivered to the Trustee and satisfactory in form to the Trustee of the obligations set forth under Section 10.1 on all of the Securities of all series Outstanding, such successor entity shall succeed to and be substituted for the Company with the same effect as if it had been named as the Company herein, and thereupon the predecessor corporation shall be relieved of all obligations and covenants under this Indenture and the Securities.

(b) In case of any such consolidation, merger, sale, conveyance, transfer or other disposition, such changes in phraseology and form (but not in substance) may be made in the Securities thereafter to be issued as may be appropriate.

(c) Nothing contained in this Article X shall require any action by the Company in the case of a consolidation or merger of any Person into the Company where the Company is the survivor of such transaction, or the acquisition by the Company, by purchase or otherwise, of all or any part of the property of any other Person (whether or not affiliated with the Company).

SECTION 10.3 EVIDENCE OF CONSOLIDATION, ETC. TO TRUSTEE.

The Trustee, subject to the provisions of Section 7.1, shall receive an Officer's Certificate and an Opinion of Counsel stating that and as conclusive evidence that any such consolidation, merger, sale, conveyance, transfer or other disposition, and any such assumption, comply with the provisions of this Article X.

ARTICLE XI
SATISFACTION AND DISCHARGE

SECTION 11.1 SATISFACTION AND DISCHARGE OF INDENTURE.

This Indenture shall upon Company Request cease to be of further effect with respect to any series of Securities (except as to any surviving rights of registration of transfer or exchange of Securities of such series herein expressly provided for or in the form of Security for such series and any right to receive additional amounts), and the Trustee, at the expense of the Company, shall execute proper instruments acknowledging satisfaction and discharge of this Indenture as to such series, when

(a) either

(i) all Securities of such series theretofore authenticated and delivered (other than (i) Securities which have been destroyed, lost or stolen and which have been replaced or paid as provided in Section 2.7 and (ii) Securities for whose payment cash, Governmental Obligations or a combination thereof has theretofore been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust, as provided in Sections 12.5 and 12.6) have been delivered to the Trustee for cancellation; or

(ii) all such Securities of such series not theretofore delivered to the Trustee for cancellation, or

(A) have become due and payable by reason of the mailing of a notice of redemption or otherwise, or

(B) will become due and payable within one year,

and the Company, in the case of (A) or (B) above, has deposited or caused to be deposited with the Trustee as trust funds in trust specifically pledged as security for, and dedicated solely to, the benefit of the Securityholders of the Securities of that series, cash in U.S. dollars, Governmental Obligations or a combination thereof in such amount as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on such Securities not theretofore delivered to the Trustee for cancellation, for principal (and premium, if any) and interest, if any, to the date of such deposit (in the case of Securities which have become due and payable), or to the Stated Maturity or the Redemption Date, as the case may be;

(b) in respect of clause (a)(ii), no Event of Default has occurred and is continuing on the date of deposit (other than an Event of Default resulting from the borrowing of funds to be applied to such deposit and any similar deposit relating to other indebtedness and, in each case, the granting of certain liens to secure such borrowing);

(c) the Company or any guarantor has paid or caused to be paid all other sums payable hereunder by the Company with respect to such series; and

(d) the Company has delivered irrevocable instructions to the Trustee under this Indenture to apply the deposited money towards the payment of the notes at maturity or on the redemption date, as the case may be.

Notwithstanding the satisfaction and discharge of this Indenture with respect to such series, the obligations of the Company to the Trustee with respect to such series under this Section 11.1 and Sections 7.6 and 7.10, the obligations of the Company to any Authenticating Agent under Section 2.10, and, if cash, Governmental Obligations or a combination thereof shall have been deposited with the Trustee pursuant to subclause (ii) of clause (a) of this Section, the obligations of the Trustee under Section 11.2, shall survive.

SECTION 11.2 APPLICATION OF TRUST MONEY.

Subject to the provisions of Section 12.6, all cash and Governmental Obligations deposited with the Trustee pursuant to Section 11.1 shall be held in trust and applied by the Trustee, in accordance with the provisions of the series of Securities and this Indenture, to the payment, either directly or through any Paying Agent (including the Company or any of its Subsidiaries acting as Paying Agent) as the Trustee may determine, to the Persons entitled thereto, of all sums due and to become due thereon in respect of the principal of (and premium, if any) and interest, if any, on the Securities for which payment of such cash and Governmental Obligations has been deposited with the Trustee.

If the Trustee or Paying Agent is unable to apply any cash or Governmental Obligations in accordance with this Article XI by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, then the obligations of the Company under this Indenture and the Securities of such series shall be revived and reinstated as though no deposit had occurred pursuant to this Article XI until such time as the Trustee or Paying Agent is permitted to apply all such cash and Governmental Obligations in accordance with this Article XI; provided, however, that, if the Company has made any payment of principal, premium, if any, interest on or principal of any Securities because of the reinstatement of its obligations, the Company shall be subrogated to the rights of the holders of such Securities to receive such payment from the cash and Governmental Obligations held by the Trustee or Paying Agent.

ARTICLE XII LEGAL DEFEASANCE AND COVENANT DEFEASANCE

SECTION 12.1 OPTION TO EFFECT LEGAL DEFEASANCE OR COVENANT DEFEASANCE

The Company may at any time, at the option of its Board of Directors evidenced by a Board Resolution set forth in an Officer's Certificate, elect to have either Section 12.2 or 12.3 hereof be applied to all outstanding Securities of a series upon compliance with the conditions set forth below in this Article XII.

SECTION 12.2 LEGAL DEFEASANCE AND DISCHARGE

Upon the Company's exercise under Section 12.1 hereof of the option applicable to this Section 12.2 with respect to a series of Securities, the Company will, subject to the satisfaction of the conditions set forth in Section 12.4 hereof, be deemed to have been discharged from its obligations with respect to all outstanding Securities of such series on the date the conditions set forth below are satisfied (hereinafter, "**Legal Defeasance**"). For this purpose, Legal Defeasance means that the Company will be deemed to have paid and discharged the entire Indebtedness represented by the Outstanding Securities of such series, which will thereafter be deemed to be Outstanding only for the purposes of Section 12.5 hereof and the Articles and other Sections of this Indenture referred to in clauses (1) and (2) below, and to have satisfied all their other obligations under such Securities and this Indenture (and the Trustee, on demand of and at the expense of the Company, shall execute proper instruments acknowledging the same), except for the following provisions which will survive until otherwise terminated or discharged hereunder:

(1) the rights of holders of Outstanding Securities of such series to receive payments in respect of the principal of, premium on, if any, or interest on such Securities when such payments are due from the trust referred to in Section 12.4 hereof;

(2) the Issuers' obligations with respect to such Securities under Article 2 and Section 4.2 hereof;

(3) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Company's obligations in connection therewith; and

(4) this Article XII.

Subject to compliance with this Article XII, the Company may exercise its option under this Section 12.2 with respect to a series of Securities, notwithstanding the prior exercise of its option under Section 12.3 hereof with respect to such series of Securities.

SECTION 12.3 COVENANT DEFEASANCE

Upon the Company's exercise under Section 12.1 hereof of the option applicable to this Section 12.3 with respect to a series of Securities, the Company will, subject to the satisfaction of the conditions set forth in Section 12.4 hereof, be released from its obligations under Section 5.3 and Article X and any additional covenants specified in any Board Resolution or indenture supplemental hereto with respect to the Outstanding Securities of such series on and after the date the conditions set forth in Section 12.4 hereof are satisfied (hereinafter, "**Covenant Defeasance**"), and the Securities of such series will thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of holders (and the consequences of any thereof) in connection with such covenants, but will continue to be deemed Outstanding for all other purposes hereunder (it being understood that such Securities will not be deemed Outstanding for accounting purposes). For this purpose, Covenant Defeasance means that, with respect to the Outstanding Securities of such series, the Company may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in Section 5.3 or Article X and any additional covenants specified in any Board Resolution or indenture supplemental hereto, whether directly or indirectly, by reason of any reference elsewhere herein to any such Section or Article or by reason of any reference in any such Section or Article to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default under Section 6.1 hereof with respect to Outstanding Securities of such series, but, except as specified above, the remainder of this Indenture and such Securities shall be unaffected thereby.

SECTION 12.4 CONDITIONS TO LEGAL OR COVENANT DEFEASANCE

In order to exercise either Legal Defeasance or Covenant Defeasance under either Section 12.2 or 12.3 hereof with respect to the Outstanding Securities of a particular series:

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the Securityholders of the Securities of that series, cash in U.S. dollars, Governmental Obligations, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm, or firm of independent public accountants, to pay the principal of, premium on, if any, and interest on, the Outstanding Securities of such series on the stated date for payment thereof or on the applicable redemption date, as the case may be, and the Company must specify whether the Securities of such series are being defeased to such stated date for payment or to a particular redemption date;

(2) in the case of an election under Section 12.2 hereof, the Company must deliver to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that:

- (A) the Company has received from, or there has been published by, the Internal Revenue Service a ruling; or
- (B) since the date of this Indenture, there has been a change in the applicable federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, the holders of the Outstanding Securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of an election under Section 12.3 hereof, the Company must deliver to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that the holders of the Outstanding Securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default with respect to the Securities of such series shall have occurred and be continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit (and any similar concurrent deposit relating to other Indebtedness), and the granting of liens to secure such borrowings);

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than this Indenture and the agreements governing any other Indebtedness being defeased, discharged or replaced) to which the Company is a party or by which the Company is bound; and

(6) the Company must deliver to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

SECTION 12.5 DEPOSITED MONEY AND GOVERNMENT SECURITIES TO BE HELD IN TRUST; OTHER MISCELLANEOUS PROVISIONS.

Subject to Section 12.6 hereof, all cash and Governmental Obligations (including the proceeds thereof) deposited with the Trustee pursuant to Section 12.4 hereof in respect of the Outstanding Securities of a particular series shall be held in trust and applied by the Trustee, in accordance with the provisions of such Securities and this Indenture, to the payment, either directly or through any Paying Agent (including the Company acting as Paying Agent) as the Trustee may determine, to the holders of such Securities of all sums due and to become due thereon in respect of principal, premium, if any, and interest, but such money need not be segregated from other funds except to the extent required by law.

The Company will pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the cash or Governmental Obligations deposited pursuant to Section 12.4 hereof or the principal and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the holders of the Outstanding Securities of the applicable series.

Notwithstanding anything in this Article XII to the contrary, the Trustee shall deliver or pay to the Company from time to time upon Company Request any cash or Governmental Obligations held by it as provided in Section 12.4 hereof which, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee (which may be the opinion delivered under Section 12.4(1) hereof), are in excess of the amount thereof that would then be required to be deposited to effect an equivalent Legal Defeasance or Covenant Defeasance.

SECTION 12.6 REPAYMENT TO COMPANY.

Any money deposited with the Trustee or any Paying Agent, or then held by the Company, in trust for the payment of the principal of, premium on, if any, or interest on any Security and remaining unclaimed for two years after such principal, premium, if any, or interest, has become due and payable shall, unless otherwise required by mandatory provisions of applicable escheat or abandoned or unclaimed property law, be paid to the Company on its request or (if then held by the Company) will be discharged from such trust; and the holder of such Security will thereafter, as an unsecured general creditor, be permitted to look only to the Company for payment thereof, and all liability of the Trustee or such Paying Agent with respect to such trust money, and all liability of the Company as trustee thereof, will thereupon cease; *provided, however*, that the Trustee or such Paying Agent, before being required to make any such repayment, may give written notice to the holder of such Security, at such holder's address as it appears upon the Security Register, that such money remains unclaimed and that, after a date specified therein, which will not be less than 30 days from the date of such notification, any unclaimed balance of such money then remaining will, unless otherwise required by mandatory provisions of applicable escheat or abandoned or unclaimed property law, be repaid to the Company.

SECTION 12.7 REINSTATEMENT.

If the Trustee or Paying Agent is unable to apply any cash or Governmental Obligations in accordance with Section 12.2 or 12.3 hereof, as the case may be, by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, then the Company's obligations under this Indenture and the Securities of the particular series shall be revived and reinstated as though no deposit had occurred pursuant to Section 12.2 or 12.3 hereof until such time as the Trustee or Paying Agent is permitted to apply all such cash or Governmental Obligations in accordance with Section 12.2 or 12.3 hereof, as the case may be; *provided, however*, that, if the Company makes any payment of principal of, premium on, if any, or interest on, any Security of the particular series following the reinstatement of its obligations, the Company shall be subrogated to the rights of the holders of such Securities to receive such payment from the cash or Governmental Obligations held by the Trustee or Paying Agent.

**ARTICLE XIII
IMMUNITY OF INCORPORATORS, STOCKHOLDERS,
OFFICERS AND DIRECTORS**

SECTION 13.1 NO RECOURSE.

No recourse under or upon any obligation, covenant or agreement of this Indenture, or of any Security, or for any claim based thereon or otherwise in respect thereof, shall be had against any incorporator, stockholder, officer or director, past, present or future as such, of the Company or of any predecessor or successor corporation, either directly or through the Company or any such predecessor or successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise; it being expressly understood that this Indenture and the obligations issued hereunder are solely corporate obligations, and that no such personal liability whatever shall attach to, or is or shall be incurred by, the incorporators, stockholders, officers or directors as such, of the Company or of any predecessor or successor corporation, or any of them, because of the creation of the indebtedness hereby authorized, or under or by reason of the obligations, covenants or agreements contained in this Indenture or in any of the Securities or implied therefrom; and that any and all such personal liability of every name and nature, either at common law or in equity or by constitution or statute, of, and any and all such rights and claims against, every such incorporator, stockholder, officer or director as such, because of the creation of the indebtedness hereby authorized, or under or by reason of the obligations, covenants or agreements contained in this Indenture or in any of the Securities or implied therefrom, are hereby expressly waived and released as a condition of, and as a consideration for, the execution of this Indenture and the issuance of such Securities.

**ARTICLE XIV
MISCELLANEOUS PROVISIONS**

SECTION 14.1 EFFECT ON SUCCESSORS AND ASSIGNS.

All the covenants, stipulations, promises and agreements in this Indenture made by or on behalf of the Company shall bind its successors and assigns, whether so expressed or not. SECTION 14.2 ACTIONS BY SUCCESSOR.

Any act or proceeding by any provision of this Indenture authorized or required to be done or performed by any board, committee or officer of the Company shall and may be done and performed with like force and effect by the corresponding board, committee or officer of any corporation that shall at the time be the lawful successor of the Company.

SECTION 14.3 SURRENDER OF COMPANY POWERS.

The Company by instrument in writing executed by authority of its Board of Directors and delivered to the Trustee may surrender any of the powers reserved to the Company, and thereupon such power so surrendered shall terminate both as to the Company and as to any successor corporation.

SECTION 14.4 NOTICES.

Except as otherwise expressly provided herein, any notice, request or demand that by any provision of this Indenture is required or permitted to be given, made or served by the Trustee or by the holders of Securities or by any other Person pursuant to this Indenture to or on the Company may be given or served by being deposited in first class mail, postage prepaid, addressed, as follows: Salem Media Group, Inc., 4880 Santa Rosa Road, Camarillo, California 93012, Attention: Secretary. SECTION 14.5 GOVERNING LAW/WAIVER OF JURY TRIAL.

This Indenture and each Security shall be deemed to be a contract made under the internal laws of the State of New York, and for all purposes shall be construed in accordance with the laws of said State, except to the extent that the Trust Indenture Act is applicable. EACH PARTY HERETO HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT.

SECTION 14.6 TREATMENT OF SECURITIES AS DEBT.

It is intended that the Securities will be treated as indebtedness and not as equity for federal income tax purposes. The provisions of this Indenture shall be interpreted to further this intention.

SECTION 14.7 COMPLIANCE CERTIFICATES AND OPINIONS.

(a) Upon any application or demand by the Company to the Trustee to take any action under any of the provisions of this Indenture, the Company shall furnish to the Trustee an Officer's Certificate stating that all conditions precedent provided for in this Indenture relating to the proposed action have been complied with and an Opinion of Counsel stating that in the opinion of such counsel all such conditions precedent have been complied with, except that in the case of any such application or demand as to which the furnishing of such documents is specifically required by any provision of this Indenture relating to such particular application or demand, no additional certificate or opinion need be furnished.

Except as provided pursuant to Section 2.1 pursuant to a Board Resolution, and set forth in an Officer's Certificate, or established in one or more indentures supplemental to this Indenture, in any case where the date of maturity of interest or principal of any Security or the date of redemption of any Security shall not be a Business Day, then payment of interest or principal (and premium, if any) may be made on the next succeeding Business Day with the same force and effect as if made on the nominal date of maturity or redemption, and no interest shall accrue for the period after such nominal date.

SECTION 14.9 CONFLICT WITH TRUST INDENTURE ACT.

If and to the extent that any provision of this Indenture limits, qualifies or conflicts with any provision of the Trust Indenture Act, such Trust Indenture Act provision shall control.

SECTION 14.10 COUNTERPARTS.

This Indenture may be executed in any number of counterparts, each of which shall be deemed an original, but such counterparts shall together constitute but one and the same instrument.

SECTION 14.11 SEVERABILITY.

In case any one or more of the provisions contained in this Indenture or in the Securities of any series shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this Indenture or of such Securities, but this Indenture and such Securities shall be construed as if such invalid or illegal or unenforceable provision had never been contained herein or therein.

SECTION 14.12 COMPLIANCE CERTIFICATES.

The Company shall deliver to the Trustee, within 120 days after the end of each fiscal year during which any Securities of any series were outstanding, an Officer's Certificate stating whether or not the signers know of any Default or Event of Default that occurred during such fiscal year. L.107-56 (signed into law October 26, 2001)) (as amended, modified or supplemented from time to time, the "**USA Patriot Act**"), the Trustee, like all financial institutions, is required to obtain, verify, and record information that identifies each Person or legal entity that opens an account. The parties to this Indenture agree that they will provide the Trustee with such information as the Trustee may request in order for the Trustee to satisfy the requirements of the USA Patriot Act.

Each party irrevocably waives, to the fullest extent permitted by law, any objection which it may have to the laying of the venue of any such suit, action or proceeding brought in an inconvenient forum. Each party agrees that final judgment in any such suit, action or proceeding brought in such a court shall be conclusive and binding upon such party, and may be enforced in any courts to the jurisdiction of which such party is subject by a suit upon such judgment, provided, that service of process is effected upon such party in the manner specified herein or as otherwise permitted by law.

SECTION 14.15 FORCE MAJEURE

In no event shall the Trustee be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services; it being understood that the Trustee shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

Re: **Registration Statement on Form S-3 Filed by Salem Media Group, Inc.**

Dear Ladies and Gentlemen:

We have acted as counsel to Salem Media Group, Inc., a Delaware corporation (the "Company"), in connection with the preparation and filing of a Registration Statement on Form S-3 (the "Registration Statement") with the Securities and Exchange Commission (the "Commission") under the Securities Act of 1933, as amended (the "Securities Act"), relating to the following:

(a) The registration under the Securities Act and the proposed issuance and sale from time to time by the Company of up to an aggregate initial offering amount of \$40,000,000 of the following securities (each a "Company Security" and collectively, or in any combination, the "Company Securities"):

(i) shares of the Company's Class A common stock, \$0.01 par value per share (the "Class A Common Stock");

(ii) one or more classes or series of shares of the Company's preferred stock, \$0.01 par value per share (the "Preferred Stock");

(iii) depositary shares (the "Depositary Shares");

(iv) one or more series of debt securities, which may be issued in one or more series (the "Debt Securities"), and which may be fully and unconditionally guaranteed (the "Guarantees") by one or more of the Company's subsidiaries that are listed asco-registrants in the Registration Statement (each, a "Subsidiary Guarantor" and collectively, the "Subsidiary Guarantors");

(v) warrants representing the rights to purchase shares of Class A Common Stock, Preferred Stock, Debt Securities or other Company Securities, or units of two or more of such Company Securities (the "Warrants");

(vi) purchase contracts (the "Purchase Contracts"), which may be issued under one or more purchase contract agreements (each, a "Purchase Contract Agreement") to be entered into between the Company and the purchase contract agent to be named therein (the "Purchase Contract Agent"); and

(vii) units comprising one or more of the Company Securities in one or more series and in any combination (the "Units"); and

(b) The registration under the Securities Act and the proposed offer and sale from time to time by the selling stockholders described in the Registration Statement of up to 1,000,000 shares of Class A Common Stock (the "Resale Shares").

This opinion letter is being furnished to you in accordance with the requirements of Item 601(b)(5) of Regulation S-K.

The Company Securities may be issued and sold by the Company, and the Resale Shares may be sold by the selling stockholders, from time to time on a delayed or continuous basis pursuant to applicable provisions of Rule 415 under the Securities Act, in amounts, at prices and on terms to be determined in light of market conditions at the time of sale, and as set forth in the Registration Statement, any amendment thereto, the prospectus contained therein (the "Base Prospectus") and any supplements to the Base Prospectus (each, together with the Base Prospectus, a "Prospectus").

For purposes of rendering the opinions expressed below, we have examined the Registration Statement, the Indenture (as hereinafter defined), the Company's Amended and Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), and Second Amended and Restated Bylaws (the "Bylaws"), and we have made such investigation of law as we have deemed appropriate. We have examined and relied upon certificates of public officials and, as to certain matters of fact that are material to our opinions, we have also relied on a certificate of an officer of the Company and the Subsidiary Guarantors. For purposes of this opinion letter, we have assumed that (i) each document submitted to us is accurate and complete; (ii) each such document that is an original is authentic; (iii) each such document that is a copy conforms to an authentic original; and (iv) all signatures on each such document are genuine. We have further assumed the legal capacity of natural persons, and we have assumed that each party to the documents we have examined or relied on has the legal capacity or authority and has satisfied all legal requirements that are applicable to that party to the extent necessary to make such documents enforceable against that party. We have not verified any of these assumptions.

Unless otherwise provided in any Prospectus relating to a particular series of Debt Securities, the Debt Securities will be issued pursuant to an indenture (the "Indenture") between the Company and Wells Fargo Bank, National Association, as Trustee (the "Trustee"), substantially in the form that is included as an exhibit to the Registration Statement. Any Debt Securities may be convertible into shares of Class A Common Stock or other Company Securities. The Warrants will be issued under one or more warrant agreements (each, a "Warrant Agreement").

The opinions expressed in this opinion letter are limited to (i) the General Corporation Law of the State of Delaware (the "DGCL"), (ii) with respect to opinion paragraphs 5, 6, and 7, the laws of the State of California, and (iii) with respect to opinion paragraph 4, the laws of the State of New York. We are not opining on, and we assume no responsibility for, the applicability to or effect on any of the matters covered herein of (a) any other laws; (b) the laws of any other jurisdiction; or (c) the laws of any county, municipality or other political subdivision or local governmental agency or authority.

Based upon and subject to the foregoing and in reliance thereon, and subject to the assumptions, qualifications, limitations and exceptions set forth below, we are of the opinion that:

(1) With respect to shares of Class A Common Stock, when all necessary corporate action of the Company has been taken to approve an issuance of shares of Class A Common Stock, and certificates representing the shares of Class A Common Stock have been duly executed, countersigned, registered and delivered (or non-certificated shares of Common Stock shall have been properly issued), either (i) in accordance with the applicable definitive purchase, underwriting or similar agreement approved by the board of directors of the Company, upon payment of the consideration therefor (which consideration shall not be less than the par value of the Class A Common Stock) provided for in such definitive purchase,

underwriting or similar agreement, as applicable, or (ii) upon conversion, exchange or exercise of any other Company Security in accordance with the terms of such Company Security or the instrument governing such Company Security providing for the conversion, exchange or exercise as approved by the board of directors of the Company, for the consideration therefor set forth in the applicable agreement and approved by the board of directors of the Company, which consideration shall not be less than the par value of the Class A Common Stock, such shares of Class A Common Stock, including the shares of Class A Common Stock that form a part of any Units, will be validly issued, fully paid and non-assessable.

(2) With respect to shares of any series of Preferred Stock, when all necessary corporate action of the Company has been taken to approve an issuance of shares of Preferred Stock and the terms of the shares of such series, including the adoption of a certificate of designation or amendment to the Certificate of Incorporation fixing and determining the terms of such Preferred Stock conforming to the DGCL, the filing of a certificate or amendment, as applicable, with the Secretary of State of Delaware, the payment in full of any filing fees attendant thereto, and the due reservation of any Class A Common Stock and Preferred Stock for issuance, and certificates representing the shares of the series of Preferred Stock have been duly executed, countersigned, registered and delivered, either (i) in accordance with the applicable definitive purchase, underwriting or similar agreement approved by the board of directors of the Company, upon payment of the consideration therefor (which consideration shall not be less than the par value of the Preferred Stock) provided for in such definitive purchase, underwriting or similar agreement, as applicable, or (ii) upon conversion, exchange or exercise of any other Company Security in accordance with the terms of such Company Security or the instrument governing such Company Security providing for the conversion, exchange or exercise as approved by the board of directors of the Company, for the consideration approved by the board of directors of the Company, which consideration shall not be less than the par value of the Preferred Stock, the shares of such series of Preferred Stock, including the shares of Preferred Stock that form a part of any Units, will be validly issued, fully paid and non-assessable.

(3) With respect to any Depositary Shares, when all necessary corporate action of the Company has been taken to authorize, execute and deliver the applicable deposit agreement, and when the specific terms of a particular issuance of Depositary Shares have been duly established in accordance with the terms of the applicable deposit agreement and authorized by all necessary corporate action of the board of directors of the Company, and such Depositary Shares have been duly executed, authenticated, issued and delivered against payment therefor in accordance with the terms of the applicable deposit agreement, such Depositary Shares will be legally issued and will entitle their holders to the rights specified in the applicable deposit agreement and the related depositary receipts.
