First Quarter 2008 Outlook

We have elected to discontinue the practice of providing specific quarterly revenue, SOI and earnings per share guidance. Going forward, Salem will provide a quarterly range for total revenue and operating expenses. Accordingly, for the first quarter of 2008, Salem is projecting total revenue to decrease in the low-single digit range over first quarter 2007 total revenue of \$55.2 million. Salem is also projecting operating expenses before gain or loss on disposal of assets to increase in the low-to-mid-single digit range over first quarter of 2007 operating expenses of \$46.7 million. This increase is primarily the result of increased investment in our non-broadcast business.

Regulation G

Station operating income, non-broadcast operating income, EBITDA and Adjusted EBITDA are financial measures not prepared in accordance with generally accepted accounting principles ("GAAP"). Station operating income is defined as net broadcasting revenues minus broadcasting operating expenses. Non-broadcast operating income is defined as non-broadcast revenue minus non-broadcast operating expenses. EBITDA is defined as net income before interest, taxes, depreciation and amortization. Adjusted EBITDA is defined as EBITDA before loss on early redemption of long-term debt, impairment of goodwill and intangible assets, discontinued operations (net of tax), gain or loss on the disposal of assets and non-cash compensation expense. In addition, Salem has provided supplemental information as an attachment to this press release, reconciling these non-GAAP financial measures to the most directly comparable financial measures prepared in accordance with GAAP. The company believes these non-GAAP financial measures, when considered in conjunction with the most directly comparable GAAP financial measures, provide useful measures of the company's operating performance.

Station operating income, non-broadcast operating income, EBITDA and Adjusted EBITDA are generally recognized by the broadcasting industry as important measures of performance and are used by investors as well as analysts who report

on the industry to provide meaningful comparisons between broadcasting. Station operating income, non-broadcast operating income, EBITDA and Adjusted EBITDA are not a measure of liquidity or of performance in accordance with GAAP, and should be viewed as a supplement to and not a substitute for, or superior to, the company's results of operations presented on a GAAP basis such as operating income and net income. In addition, Salem's definitions of station operating income, non-broadcast operating income, EBITDA and Adjusted EBITDA are not necessarily comparable to similarly titled measures reported by other companies.

SALEM COMMUNICATIONS ANNOUNCES RESULTS OF 2008 NATIONAL BLOCK PROGRAMMING RENEWALS

CAMARILLO, CA March 4, 2008 – Salem Communications Corporation (Nasdaq: SALM), a leading U.S. radio broadcaster, Internet content provider, and magazine and book publisher targeting audiences interested in Christian and family-themed content and conservative values, today announced the results of its national block programming rate negotiations, which are conducted annually at the start of each year. The average increase in rates for 2008 is approximately 4% with 90% of the block programming contracts successfully renewed.

Commenting on the company's results, Edward G. Atsinger III, CEO said, "Our Christian Teaching and Talk format is featured on nearly one-half of Salem's radio stations, and we have at least one station in this format in 30 separate markets. We also offer this format on the XM Radio Family Talk Channel. Christian Teaching and Talk has been and will continue to be our foundational format.

"The ongoing success of this format is directly related to the effort we and our 125 national block program customers put into making our relationship a true partnership. The programmers provide compelling content. We provide the broadcast platform. In addition, many of the personalities featured on these programs make themselves available to speak at local radio events. We sponsored over 50 of these events in 2007, connecting stations, programmers and the local church community at a personal level. Our commitment to this type of partnership results in consistent renewals and a reliable stream of revenue and cash flow."

In addition to its radio properties, Salem owns Salem Radio Network[®], which syndicates talk, news and music programming to approximately 2,000 affiliates; Salem Radio RepresentativesTM, a national radio advertising sales force; Salem Web NetworkTM, an Internet provider of Christian content and online streaming; and Salem PublishingTM, a publisher of Christian-themed magazines.
